Only One Small Matter to Be Arranged About Venezuela.

KING OSCAR'S POSITION.

An Agreement And a Treaty Part of the Affair.

COMMENTS IN ENGLAND.

Surprise Over the Great Power of the United States.

By Associated Press to The Tribune

WASHINGTON, Nov 12.—But one point—a matter of detail and not of merits, remains open between the United States and Great Britain in the settlement of the Venezuela question.

The cablegrams passing between London and Washington give every reason to believe that this point, which has delayed the formal affixing of signatures to the arrangement of the settlement, will be determined within a day or two.

It has been found no easy task to take the Lord Chief Justice, Solicitor General or other eminent British judicial functionary from his present important duties, and charge him with other duties which may take months or years in execution. For that reason it has been considered wise to settle the matter at the outset.

The point remaining to be settled relates wholly to the personnel arbitration by the tribunal and in any event will not effect the merits of the agreement already reached

The arrangement as to King Oscar II. of Sweden, is final as far as Mr. Olney and Sir Julian Pauncefote are concerned.

The agreement on the King as chief arbitrator was made under the same circumstances and conditions that always attach to the selection of a ruler of a nation.

Diplomatic usage implies that the King could name another nominal representative to relieve himself of the more laborious duties of the position

There is much amused comment among those intimately familiar with the facts at the efforts in some quarters to make nice distinctions, as to the terms of King Oscar's service and to the question of the service itself, when in fact this branch of the subject was removed from the field of discussion some days ago.

Now that the facts of the agreement are known, fuller information is obtainable as to the form of compact taken.

There are two distinct papers in the transaction First, and by far the most important, is in the nature of a solemn agreement between the United States and Great Britain on the terms on which the boundary question will be settled and the form of the court arbitration It is lacking in the technical characteristics of a treaty and in form is a final agreement duly signed by representatives of the two Governments.

Then, because the subject matter of the boundary itself lies between Great Britain and Venezuela, a second paper is made necessary

This is in the form of a treaty the contracting parties being Great Britain and Venezuela. This will explain some of the ambiguity in terms that have arisen as to the agreement and treaty.

Literally the United States and Great Britain have made an agreement by which the terms of the arbitrtion treaty between Great Britin and Venezuela are framed. Each instrument will relate to the other and will be part of the common understanding on the entire subject.

In this way Venezuela retains her attitude as a contracting party to the final traty. But as the treaty is shaped by agreemen, the United States is the instrumentality by which the full results are acomplished and names two of the judicial arbitrators.

ENGLAND'S STAND.

LONDON, Nov. 12.—An official of the Foreign Office said today it was not likely King Oscar II. of Norway and Sweden would sit with the four Venezuelan arbitration jurists, intimating he would be represented by a fifth jurist to be nominated by himself.

The report published here this morning that the Chief Justices of the United States and Great Britain would not select natives of the United States to act as arbitrators is denied.

It is added the Chief Justice will have nothing to do in the matter.

The St. James Gazette publishes a leading article headed "An Historic Moment" in which it says: 'Lord Salisbury's great admission of the principle that the United States has a right to intervene in frontier disputes of American powers and compel the disputants to arbitrate altogether transcends in importance the question of the Guiana boundary It is a formal recognition of the control of the United States on the American continent and gives the President a position in the New World which the most arrogant Popes and Emperors tried vainly to claim in Europe."

SPEECH BY BEN HARRISON.

Farmers Want Soon a Special Session of Congress.

By Associated Press to The Tribune.

INDIANAPOLIS, Nov 12.—The first business to come before the Farmers' Congress today was the memorial address to Congress prepared by the committee, of which William Lawrence of Ohio is chairman

The memorial as adopted says that the Farmers' National Congress is not a political party organization, that the recent election of President and Representatives in Congress has, for the time, settled the question that "most ample protection" shall be extended to agricultural products in common with those of other industries.

The memorial suggests changes in the Dingley tariff bill, among them being the striking out of the "shifting clause," which originated in the tariff bill of 1890.

It also asks for the passage of a bill proposed in the memorial and prepared by the National Wool Growers' Association at Washington in 1895, in aid of the sheep husbandry.

The memorial says further it is desired by the farmers of the Congress that, after March, 1897, the President shall call an extra session of Congress at the earliest practicable time to enact a protective tariff law.

The memorial also protests against delay.

Ex-President Harrison addressed the body at length. He said:

"Don't fight as one that beateth air. I have no patience whatever with those people who are always fighting air. If you have something to antagonize, out with it. Specify it. Make your attack directly. It must be so attacked if the attack is to be effective If there are abuses of any kind in the legislation or in the business of the country, let us fix the public eye upon them until we have exposed the evil and then we can trust the country to make it right. It is mischievous to denounce classes and this thing and that. If there are trusts, let us know it, and bring legislation to bear upon them and court decrees to bear upon them and then we have accomplished something."

MUM'S THE WORD.

The Proposed Russo-German Debate Not Favored.

By Associated Press to The Tribune.

BERLIN, Nov 12.—The Hamburger Nachrichten publishes today another article inspired from Friedsrichsruhe, in which the proposed debate in the Reichstag on the Russo-German treaty of 1894-'90 is deprecated.

The article, however, says:

"It would be of special interest to learn why Caprivi, in 1890, felt compelled to cut the wires which still held united Germany to Russia."

Continuing the Nachrichten says:

"The question now arises whether a powerful neighbor like Russia is in closer touch with us or with our opponents in Europa. This question is of paramount importance to all Germany, as is also the question whether the British policy is striving to exercise influence over our policy the result of which would not be altogether to the advantage of Germany. We think that the explanations would exercise a tranquilizing influence upon the public and strengthen the attachment of Germans to their institutions."

The Ferry Boat Burglars Brothers of Murderer Kelly.

HOW THEY WERE IDENTIFIED.

A Sheriff's Receipt Plays An Important Part.

A DETECTIVE DOES THE REST.

One of the Suspects Has Already Done "Time."

A Deputy Sheriff from Marin County this afternoon identified the two ferry boat burglars who gave the names of James Carlin and William Hawley

They are none other than William and Arthur Kelley, brothers of Robert Kelley, the notorious convict now serving thirty years in Folsom penitentiary for the murder of a fellow convict while serving time in San Quentin

The receipt for $44 35 signed by Sheriff Henry Harrison of Marin County and which was found in the pocket of Carlin is the first thing which led towards the discovery of the prisoners' identity. It was taken from the men upon their arrest and a letter was sent to the Marin official, asking for information regarding it An investigation of the sheriff's books showed that the money had been turned over to Wm. Kelley at Robert Kelley's request while the latter was in the Marin County jail awaiting trial for the murder committed in the penitentiary

Sheriff Harrison further writes in his reply, which was received today by Chief Lloyd, that the brothers frequently visited Robert Kelley while he was in jail and the description which he gives of them closely tallies with the men now in the city prison.

An investigation of the penitentiary records shows that William Kelley made his debut as a criminal some time ago for committing a robbery in the southern part of the State for which he served six years in Folsom

The suspects were in the Police Court this morning and were formally arraigned. Their preliminary examinations were set for Monday.

WANT INCOME TAX.

The Knights of Labor Handle Some Interesting Resolutions.

By Associated Press to The Tribune.

ROCHESTER, N Y, Nov. 12.—The General Assembly of the Knights of Labor today passed a resolution declaring for the enactment of a graduated income tax law

Failing to procure this at the hands of the next Congress it declares the intention of the Knights to use all their influence to have the demand for such a tax incorporated into the platforms of one of the great political parties, and if they fail in that there will in all probability be an effort made to set up a new political party

Resolutions have been offered in favor of the initiative and referendum, opposing the issue of National Bank notes and declaring that all money should be issued exclusively by the National Government

The present General Master Workman, James R. Sovereign, and T. B. McGuire, a member of the Executive Board, are leading candidates for the office of Grand Master Workman.

By Associated Press to The Tribune.

NAPA, Nov 12.—In the trial of William Roe, alias Moore, for the murder of Mrs Greenwood, Hugh Kelly, a neighbor of Greenwood, testified to finding Mr Greenwood bound and bleeding near the fence where he had crawled to seek aid.

Sheriff McKenzie identified the gags and cords with which Greenwood was bound.

Doctors Haun and Pond testified to holding an autopsy on the body of Mrs. Greenwood. They found that death was caused by administering poison, arsenic and chloroform, preceded by strangling. She was also shot through the head after death.

Mrs Hannah Moore, neighbor of Greenwood's, testified that Mrs Greenwood had visited her on February 9th.

She wore at that time a cloak which she had on when she was murdered.

George Knox testified that he met the defendant when he went to work for Peter Lynch Roe wore then a ring and watch chain similar to the one the murderer had on. The defendant also had a number of bottles of drugs and two pistols. Witness identified one pistol offered in evidence

Herman Meyer, railroad track-walker, testified to finding the pistol offered in evidence under the road.

Fred Stemmle, Solano County constable, testified to seeing Roe and Carl Schmidt at Vallejo Junction on February 8, 1894, and that Schmidt had sold him a watch for $4 The witness positively identified Schmidt.

MARRIED A DUCHESS.

A Swell Ceremony Takes Place This Afternoon in London.

By Associated Press to The Tribune.

LONDON, Nov 12.—Sir Albert K Rollit, M P for the South Division of Islington, and president of the Associated Chambers of Commerce for the United Kingdom, was married this afternoon at St George's Hanover Square to the Dowager Duchess of Sutherland, who as Mrs. Blair visited the United States with the third Duke, afterwards her husband, some years ago.

After the third Duke's death in 1892 she disputed his will with the present Duke and spent six weeks in Holloway jail for contempt of court.

Sir Albert K. Rollit is a wealthy ship owner, and is conservative in politics.

The Dowager Duchess was a daughter of the Rev Richard Michell, D D, principal of Hertford College, Oxford Her first husband was Captain Arthur K. Blair of the 71st Highlanders.

Only relatives of the parties and a few intimate friends were present at the ceremony.

A CORPORATION VICTORY.

A Notable Decision Given in Chicago's Federal Court.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—Judge Showalter, in the Federal Court today, returned an important decision in the rebate case of the whisky company.

The jurist decided the compact involved in rebate vouchers is legal, understanding it does not preclude buyers from purchasing elsewhere.

The terms merely stipulate that the buyer takes the goods from the American Spirits Company, and if he wishes to take advantage of the rebates, he must deal elsewhere.

The decision is of the highest importance, since it confirms the trade methods of the sugar trust and other corporations.

PERSONAL BRAVERY SHOWN.

The Captain-General Would Not Desert His Position.

By Associated Press to The Tribune.

HAVANA, Nov. 12.—The following details have been received from the front of the capture of the Insurgents' positions in the mountains of El Rubi, Province Pinar del Rio, by the forces under the command of Captain General Weyler, as exclusively announced in the Associated Press yesterday.

Operations began Monday.

The plan of the Captain General was to advance on the Insurgents' position with his forces divided into three columns.

General Munoz at the head of six battalions of all arms entered the mountains district by Manuelita.

General Echague with four battalions from Artemisa, entered the mountains by way of Cayajaba, while Bonet, Segot with his column advanced from Lorca on the Insurgent position.

Captain General Weyler with the Reina, Castilla, America, Barcellona and Puerto Rico battalions and six field pieces pushed forward from Mariel to attack the Insurgent front and cover the probable outlet from the mountains.

The Insurgents believed they held strong positions and they undoubtedly occupied points most favorable for defense.

General Echague, advancing from Artemisa toward Cayajaba and thence into the mountains had a better road and his troops were first to engage the enemy. After sustaining a sharp fire these troops captured the Insurgents' position in the pass at the south entrance of the mountains.

At daylight Tuesday, troops of General Echague were reinforced by the column commanded by General Aguilar.

The combined forces at the point of the bayonet captured in succession all the Insurgent positions.

The enemy defended their works with tenacity, but the Spanish troops succeeded in occupying the heights of El Rubi, the principal Insurgent defense in the vicinity of the military line.

It is believed the greater part of the Insurgents in the Province of Pinar del Rio took part in this engagement.

The Spanish troops lost six men killed. General Echague had six officers of minor rank and fifty-four soldiers wounded.

The Insurgents left seven men killed on the field. Their actual loss is not known.

General Echague was shot in the hip after the actual fighting was over.

During the engagement a shower of bullets fell over General Weyler and staff, whereupon somebody expressed anxiety as to the safety of the Captain General

To this he replied: "The bullet which will kill me is not yet cast"

General Echague and other wounded have arrived here.

General Lono, after embracing Echague, asked after his health. He replied: "I am doing tolerably well under the circumstances."

NEW YORK, Nov. 12.—A dispatch to the Herald from Panama says

Mr Mange, formerly director-general of the Panama Canal Company, arrived here on the steamer Midway. It is understood that he comes to occupy the position of director of the works in the Canal Company He rendered good services formerly and is an efficient engineer

The steamer Castle is shortly expected from Colon with about 800 African laborers from Sierra Leone for the canal Their pay will be 80 cents, Colombian currency, per day

El Correo Nacional of Bogota referring to the alleged offensive and defensive alliance between Ecuador and Venezuela, says 'We are authorized to state that there is no truth in the statement that a treaty offensive and defensive has been celebrated between Ecuador and Venezuela merely a treaty of friendship and commerce which was publicly discussed in recent sessions of the Venezuelan Congress."

It has been proposed to Congress to send the Colombian gunboat Bogaon to Guayaquil, Ecuador, to transport to this country Colombian citizens who were rendered destitute by the recent disastrous fire in that city

The Herald's correspondent in Guayaquil telegraphs that the government of Ecuador has ordered the Jesuit fathers settled in the eastern part of the Republic to leave the country. It is alleged that they have been fomenting revolutionary movements The reconstruction of the burned district in Guayaquil is being rapidly pressed

INDIAN SCHOOLS.

The Contract System Is to Be Gradually Stopped.

By Associated Press to The Tribune.

WASHINGTON Nov 12.—Estimates for the entire Indian service for the fiscal year ending June 30, 1898, to be submitted to Congress at the opening of the session, call for the appropriation of $7,250 000 in round numbers. This is $400,000 more than the appropriation of the current fiscal year

The increase is due to the policy of the government adopted at last session of Congress to abolish gradually the contract of Indian schools and place all Indian schools absolutely under government control.

Half the number of Indians are now attending contract schools, but all are required to be in the regular government schools within twelve months from the end of the present fiscal year.

A CHECK FOR CHILDREN.

New Yorkers Propose to Keep Them Off the Streets.

An Ordinance Successfully Tested in Other Leading Cities.

By Associated Press to The Tribune.

NEW YORK, Nov. 12.—It is possible that an ordinance will soon be passed by the Board of Aldermen of this city forbidding boys and girls to be in the streets at night Strong arguments in the affirmative will be laid before the Board, and the advocates of the measure, the chief of whom is Mrs John D Townsend, have hopes that they will prevail.

The ordinance under consideration provides that all children under 16 years old shall be indoors by 8 o'clock in winter and 9 o clock in summer. The police are instructed to enforce the rule, and penalties are being provided for its violation. With a long record of crimes committed by New York children, Mrs Townsend will present to the Board of Aldermen evidence of the successful operation of the ordinance in Western cities where it has been put in operation

It is now in force in Omaha, Lincoln, St. Joseph, Lawrence, Kansas City and about two hundred other cities and towns. The Mayors and police authorities of these places are unanimous in testifying to the good effect of the ordinance and the decrease in crime which it has effected.

Novel Effect of His Suit If He Should Meet With Success.

By Associated Press to The Tribune.

CHICAGO, Nov 12.—Failing to secure his release from the New York Baseball Club at the hands of the National League, Amos Rusie the Indianapolis player filed a bill for an injunction in the Federal court today, in order to secure his release by legal process

Incidentally, Rusie's application, if granted, would mean the right of reservation exercised by baseball clubs, has no legal standing and makes an open field at the close of each season for contracting players for the following season

The bill for the injunction declares that combination in the National League is unlawful and unreasonable and if enforced, will work irremedial hardships to the complainant

In addition, Rusie began suit for the recovery of $50,000 damages by reason of the conduct of the New York club in depriving him of the opportunity of following his profession

FOUGHT WITH BURGLARS.

An Exciting Midnight Fray in a New York Town.

By Associated Press to The Tribune

ROCHESTER, N Y, Nov 1.—A special to the Post Express from Bolivia says one burglar was shot to death and another wounded and captured at 2 o clock this morning in Elba, Genesee County, while resisting arrest after entering W. A. Hundermark's general store

The burglar alarm in the store awakened the proprietor in his dwelling

He summoned citizens who surrounded the store and called on the burglars to surrender.

The robbers showed fight.

Many shots were exchanged.

Afterwards one burglar was found dead behind the store.

His companion was wounded and surrendered.

He says his name is George Stevens, but refuses to say more.

STOCKS STIFFEN.

A Steady Feeling Now Evident in the New York Market.

By Associated Press to The Tribune.

NEW YORK, Nov. 12.—Trading in the stock market was light at the opening. Decided weakness prevailed Manhattan sold off 2 per cent to 98 on disappointment at the failure of the confirmation of recent favorable gossip and the poor statement published yesterday. Bay State gas, on a new application for receiver, sold off 1%. Changes in the railway list were mainly fractional.

The selling movement soon exhausted and under renewed buying for long account, values stiffened sharply with Manhattan and low-priced shares most prominent Continued offerings for foreign account tended to encourage the bears, but the losses were not material.

Trading lacked improvement feature up to noon and although prices moved irregularly, the range was narrow. A fairly steady tone prevailed at midday.

The War-Talk Regarding Spain and America Distorted.

Official Denial of the Rumors That Started All the Stories.

By Associated Press to The Tribune.

MADRID, Nov. 12.—With regard to the dispatches from Washington on the subject of a possibility of trouble between the United States and Spain, it is officially denied that the Spanish Premier, Senor Canovas del Castillo, has communicated with the powers with a view to seeking support against the United States.

It is explained that the story is probably a revival of the report circulated August last, when Spain prepared a memorandum on Cuban relations with the United States, suggesting that the powers assist Spain in bringing some cable pressure to bear on the United States.

On the occasion indicated, and by the advice of the Ambassadors of the powers, the Spanish Minister of Foreign Affairs consulted with the United States Minister at Madrid before sending the memorandum

It was the view of Minister Taylor that a dispatch of such note directly after President Cleveland's proclamation calling for the observance of neutrality laws would be calculated to seriously affect the relations between Spain and the United States, and in deference to that expression the Spanish Minister of Foreign Affairs assured Minister Taylor that the memorandum would be withheld, also stating that no offense was intended to President Cleveland or the Government of the United States, and that Spain only desired to sound the powers with a view to contingencies which might arise out of the Presidential election

It is now added that the possibility of war between the United States and Spain is regarded as most remote.

It is pointed out that Spain remained perfectly neutral during the Presidential election.

IN VERY POOR SHAPE.

Trouble in the American Wheelmen's Protective Association.

A Receiver Has Been Sought and Serious Charges Made.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—Receiver for the American Wheelmen's Protective Association was asked for in the Circuit Court today by P H. Barker, a stockholder The concern is widely known among wheelmen, as it was endorsed by the League of American Wheelmen.

The association was incorporated November 23, 1894, with a capital stock of $1 000 and notice was given that it would be increased to $25,000 but this never has been paid in The bill says that Edward D Sniffen, the secretary and treasurer, issued to himself 49 000 shares representing an increase and 5,000 shares of over-issue, at a par value of $2, or $59 000 altogether. Sniffen, it is alleged, expended on this personal account all the 30,000 collected except $6 500 used for expenses of the corporation It is claimed that assets do not exceed $5 000 and that the concern is liable for 23,000 wheels valued at $50 each. All officers are defendants

A BIG CONDUIT.

The Clay Street Sewer Will Soon Be Ready for Use.

The Clay street sewer is all but completed, and within the week work on the large conduit will be over The improvement when completed will have cost the property owners about $5 000 besides the expense to the city for extending the outlet 700 feet into the tide water.

AGAIN SEEKS FREEDOM.

Mrs. Thomas B. Freeman Tired of Married Life.

Serious Charges Made for the Purpose of Getting Relief.

A sensational divorce suit has been filed by Attorney Fred W Fry. It is that of Sarah Freemen against Thomas B Freeman, a blacksmith of this city

The Freemans were married at San Diego in September, 1887 and up to March, 1896, seem to have led a very happy married life A little over a year ago a woman, it is alleged, came between them, and since that time Mrs Freeman's lot It is said has been an unenviable one The woman Mrs Freeman charges in her petition is Eva Allen Brysen, who formerly lived at Haywards, but who is now a resident of this city.

It is also alleged that Freeman was at all times ugly and cross with the plaintiff, calling her vile names and heaping abuse upon her.

According to Mrs Freeman, Lafayette Park was the favorite place for Freeman and Brysen to hold clandestine meetings.

Mrs. Freeman also charges that her husband has failed to provide for her and that she has had to depend upon her friends for support She claims that he is a first class blacksmith, capable of earning $3 a day, and she asks for $50 a month alimony.

Judge Ogden this morning made an order restraining Freeman from disposing of his blacksmith's tools or other property.

THE OFFICIAL TOP NOTCH.

Wheat Rises to the Highest Point of the Year.

At the Close of the Market It Had Dropped Below.

By Associated Press to The Tribune.

NEW YORK, Nov 12.—Up to mid-day speculation in wheat was narrow and prices were lower, December breaking to 88½c The afternoon market, however, developed a jump of almost 3c per bushel.

Extensive local short interest was created in the early break and was driven in by an upturn In addition there was firmness of closing in the cables and reports of another cargo of California wheat for the Cape and liberal buying here.

December rose to 89¼c and the official top notch for the year, closed at 89¼ cents or 2⅞ cents over last night The sales for futures aggregated 7,400,000 bushels

RETIRING FROM BUSINESS.

OAKLAND OFFICE

Gas, Light and Heat Company,

N. W. Cor. of Thirteenth and Clay Sts.

OAKLAND, Cal., Sept. 30, 1896.

TO THE PUBLIC:

We want to interest you in the matter of Gas Stoves. We can sell you a stove which will do all your cooking, for a less sum than you can buy either a wood or a coal stove, and the price of gas will make it cost you less per month than any other fuel you can buy.

You must have heard of the stoves from your neighbors for more than 1000 are in use in this territory.

They boil, roast, broil and fry. They don't heat the kitchen. They are clean.

If you use 1000 feet a month you get gas at $1.75 per thousand—We sell a stove for $12 placed in your house, and you are instructed in its care and management. It don't cost you anything for all time to keep it in repair and condition, as we do that for you free of expense.

We have stoves with waterback attachments, and a variety of patterns of stoves ranging in price from $12 upwards.

We trust that you will find time to call and investigate the conveniences and advantages attending the use of gas for fuel. Heating stoves of all kinds from $1.50 upward. Yours very respectfully,

JOHN A. BRITTON, Secretary.

THE CHARMS OF CHARITY.

Great Good Has Been Done by the Organization Here.

Plans Advanced for Giving Steady Work to Poor Women.

The Employment and Executive Committees of the Associated Charities held a meeting yesterday and discussed the advisability of giving regular employment to women. The Employment Committee favored a plan establishing a laundry and sewing shop for poor women, where they could be properly trained in these branches of work. The laundry would to a certain extent be self supporting, and the promoter of the scheme, Rev. H. M. McKnight, felt sure that some one would donate a house which could be used as employment rooms for women. The plan was thoroughly discussed, and finally Rev. H. M. McKnight, Jas. P. Taylor and D. C. Brown were appointed a committee to further investigate the matter and report at a meeting of the General Committee to-night.

The superintendent, Mrs. H. M. Kelly, made the following report:

During the month of October there were sixty-one applications for relief. Of this number nine were family cases, twenty-two new single cases, eighteen re-current family cases and twenve re-current single cases.

Referred to and assisted by the Oakland Benevolent Society, twelve family cases and eighteen single cases.

Referred to the Episcopal Church, one family case; to private individuals, two families; to the Catholic Ladies' Aid Society, one family and one single case; to the M. E. Church, one family; to the Associated Charities of San Francisco, one person; to the Fabiola Hospital, and admitted, one person; to the Supervisors, one family and one single case; to the Health Officer, one person; to the Baptist Church, one family; to the Presbyterian Church, one family.

The Employment Bureau, independent of the wood yard, found work for fifteen persons, one man, one boy and two girls secured permanent places and four women and eight men worked twenty-two days. Out of the fifteen employment cards sent out from the office, those returned showed that the sum of $22 had been earned for days' work.

Ten meal tickets and two lodging tickets were returned by parties receiving the same from private houses. The superintendent during the month made ninety-three calls.

We have investigated two cases for the Associated Charities of Los Angeles, one of which gave a false address and the other was found to be decidedly unworthy of any relief.

Reduced rates in transportation have been secured for two families, one going to Troy, New York, and the other to New York City.

Three single persons and two families were found to be impostors, giving fictitious names and false addresses.

Six men were sent from the central office to the wood yard, none of whom reported.

Respectfully submitted,
HELEN L. KELLY,
Superintendent.

CONTINUING THE CAMPAIGN

Silver Men Form a Permanent Organization in Chicago.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—Silver men, under the leadership of I. N. Stevens, chairman of the Executive Committee of the Silver party, held a meeting at the Sherman House and decided to maintain a permanent organization.

It was planned by those present to continue independently the agitation for the free and unlimited coinage of silver at the ratio of 16 to 1. "Bimetallism" will be the new token.

A campaign of literature, called by silverites an "educational" crusade, is to be conducted for the next four years. It is to be pushed in every States east of the Mississippi river.

OTHERS IN LINE.

PARKERSBURG, W. Va., Nov. 12.—Dr. M. S. Holt of Weston has received from Hon. W. J. Bryan a letter approving the work which Dr. Holt began of organizing permanent silver clubs in this State preparatory to the campaign four years hence.

After Bryan's defeat Dr. Holt organized a silver club at Weston with 118 members, and the club sent a letter to the defeated candidate. The letter received by Dr. Holt, who is president of the club, is an acknowledgment of the club's greetings. Mr. Bryan advised in strong terms a continuation of the discussion of the silver question and says it is bound to win in the end.

FLASH LIGHT PHOTOS.

Huge Pictures Taken of the Chicago Board of Trade.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—Six flashlight pictures, each 25x20 inches in dimension, were taken of the Board of Trade while that body was in session. The exposures lasted but one-hundredth part of a second for each.

The pictures, which are the largest photographs ever taken, are for the French Government and will be exhibited at the Paris Exposition of 1900.

Seventy-nine magazines of powder were distributed about the room, and were touched off simultaneously by an electric battery.

Died in Jail.

By Associated Press to The Tribune.

MEDFORD, Wis., Nov. 12.—Mrs. John Deuts, confined in the County Jail the past three months, awaiting trial on the charge of murdering John Dahlen, died suddenly last evening. Her husband, John Deuts, is also awaiting trial on the same charge. Deuts, his wife and Arthur Wagner, their son-in-law, were arrested for Dahlen's murder December 28, 1895.

Had a Fatal Fall.

By Associated Press to The Tribune.

BURLINGTON, Iowa, Nov. 12.—County Treasurer Burns, who was injured in the reviewing stand accident, together with Vice President Stevenson and others, on Governor's Day of the Iowa semi-centennial celebration, died last night of his injuries. He was about fifty years old and was highly respected.

Oakland Iron Works Sued.

The Oakland Iron Works has been made defendant in a suit brought before the United States Circuit Court by Alphonso B. Bowers, inventor of the Bowers dredger and John B. Brown, an owner of one-tenth of the right to sell the machine, for the infringment of patent. The plaintiffs declare that the directors of the Oakland Iron Works have been and are manufacturing their dredgers without legal right or permission and they ask for an injunction restraining further work and also for damages and an accounting for dredgers already manufactured and sold.

THURSDAY ..NOVEMBER 12, 1896.

While the influential press of the country was on the side of the Republicans these papers devoted nearly as much space to publishing the speeches of Bryan as they did to those of McKinley. Never in any former canvass was such liberality ever shown to an opposition candidate. Bryan's speeches were heralded all over the country by Republican papers. The speeches were faithfully printed, and generally with little or no comment. He was treated handsomely in this respect. The country was fully informed as to Bryan's position. It is quite likely, however, that this greater publication contributed to his defeat.

According to the Philadelphia Times, Mr. Bryan traveled 18,331 miles and made 592 speeches in 447 towns and cities, covering twenty-seven States, to audiences aggregating 2,000,000 people. His campaign covered the whole country from Bath, Maine, in the far East, to Charlotte and Memphis in the South and West to Grand Island in the interior of Nebraska, going North as far as Fargo in Dakota, Duluth in Minnesota, Marquette in Wisconsin, while the whole central belt of the country between Maine and Nebraska would require hundreds of dots on the map to locate the places where he delivered addresses. McKinley did not travel at all. He literally won by staying at home and making short speeches in his front door yard.

The Washington Star cites the suggestion of Chief Justice Fuller for social retrenchment. Talking a few days ago to one of the Northern Senators, he gave his judicial opinion "that there is a great deal of unnecessary waste in the matter of visiting cards indulged in by the women of our families. I know," he continued, "that when we moved into our new house there was a bushel basket of cards from the women of your household, and I am sure that if you took the trouble to look them up you would find an equal amount from mine. Now, I propose that we collect these bits of pasteboard and send them back to their respective starting points and I am sure we shall be in pocket to a considerable extent."

About 200 carloads of Mexican oranges have been shipped to the United States this year, and there is a prospect that about as many more will be shipped during the season. The San Diego Union adds the following: "In the Guaymas and Hermosillo districts of Sonora many new groves have been set out during recent years, and more are being planted. The total product shipped last year was about 400 carloads. This season it will be much larger, and it is estimated that by the year 1900 Sonora will annually send 1,000 carloads to the United States. The groves are cultivated by labor that costs 50 cents per day in Mexican currency, or about 25 cents in United States money. The growers are well satisfied if they get $1 Mexican per box, a little over 50 cents in our money."

Reciprocity That Does Not Reciprocate.

A Canadian high in office, was reported a short time ago as saying that Canada would not only move for reciprocity with this country, but would move for more of it than had ever been conceded. The addition wanted was freedom for all Canadian vessels to enter the ports of this country as coasters. What is wanted is the right of Canadian vessels to enter all lake ports and the ports on the Pacific Coast. In short, to compete for the coasting trade in all the ports of the United States.

The former experiment of reciprocity with Canada worked a positive loss to this country. The bulk of the products which Canada has to sell come in direct competition with those produced here. They are fish, lumber, coal, oats, barley, wool, butter, cheese, beef, and pork.

Canada wants all the advantages that would result from an incorporation with the United States. Just now the plan of union is more remote than ever. A concession now of reciprocity in that direction would practically amount to free trade. The coasting business of the United States will never be shared with Canada as long as there is any recollection of the agency which brought about the loss of so much of the foreign commerce of this country.

The First of Better Days.

The list of 275 mills and factories giving employment to more than 155,000 persons is the result of the election which only occurred ten days ago. This is only the beginning of a new era. The Republicans promised better times if the country endorsed their ticket. It did endorse it with an emphasis that evidently meant business. Now there is no more money in the country than there was a week ago, and no more business men.

What has made the difference? It is simply that there has been a revival of public confidence. Without that there could be no revival of business. Money would not come out from its hiding place. Before McKinley has been in office three months there will be more than a million men who have been idle more or less for the past two years who will find employment. Does any one suppose this result would have been reached if Bryan had been elected? There would have been more idle men then ever before because there would have been no confidence among capitalists and manufacturers in his administration. The man who said as many outrageous things on the stump would naturally be expected to do outrageous things in office. He admitted that there would be a crisis. That could only have been disastrous to the working men of the country.

And yet many of these men were hoodooed with false promises until as blind as bats and moles they voted for their own undoing. It goes hard with a poor devil when he is taken in the political toils and has not sense enough to see that the party which has done more for labor than any other is his friend and the friend of all the productive interests of the country. There is many a one who has bawled for Fusionists who will have occasion to be ashamed that he was ever led astray in that way. The workingman who votes for idleness and a fifty-cent dollar has a great deal to learn and the sooner he sets about it the better.

Never since the days of the civil war has the triumph of any political party so quickly revived the business confidence of the country. Millions of capital let loose in a week. Nearly two hundred thousand men given employment by way of starting the ball, and all this just the beginning of a recovery from the long and disastrous depression!

Sixty-Four Thousand Tons.

The Los Angeles Times is authority for the statement that sixty-four thousand tons of sugar beets were grown this year in Southern California, with only one sugar factory in operation. The Times then pertinently enquires what will be the product two years hence with six or seven factories running on full time?

That is the case made prospectively, for Southern California. What will be the showing for Central and Northern California? There is now a good prospect that at least three new sugar mills will be in operation shortly. The bounty, or its equivalent, on beet sugar, will probably be restored early in the Republican Administration. The center of sugar beet production will probably be in a district within a hundred and fifty miles of Oakland, and within what is called the moist belt. Including the mills now in operation, there is a good prospect that within two years there will be not less than ten sugar factories in operation in California. About that time this State will become an exporter of sugar.

The report of the Tuskegee Normal and Industrial Institute of which Booker T. Washington is principal, has just been sent out. The Courant makes this synopsis of the most salient points. It appears that the cash income of the Institute for the last financial year has been in round figures $100,000, a gain over the year preceding of $25,000. Eight thousand dollars came in legacies. Like all other educational institutions, Tuskegee wants and needs more money. It needs, for example, $9,000 for a building in which to give training in the various lines of agriculture, for, says Principal Washington, "notwithstanding the fact that 85 per cent. of the colored people of the Gulf States depend for their living upon agriculture in some form, very little has been done thus far in giving first-class training" of this kind. The Principal draws attention to the fact that 1,000 students have been in attendance during the year and that, though the average salary of the teachers is but $330, the staff remains practically the same. He also shows legitimate pleasure in the industrial side of the school work, whereby over $45,000 has been "worked out" by the scholars while pursuing their studies. And as a practical result, "a building of any size can now be completed without going off the grounds for assistance in the matter of labor."

This point in the report emphasizes a fact of supreme importance. "The past history and present environment of the negro, lead them, too often, to imitate the white man at certain superficial points, without stopping to count the steps, the years, that it has taken the white man to reach his present position, or note the foundation upon which his position rests. The colored woman who married a short time since clad in a silk gown and white slippers, and with an expenditure of $50 for a wedding feast, and at the same time living in a small rented log cabin, with a mortgage on the crop, presents an example of what I mean. Right here comes in the value of industrial education, combined with first-class literary training; it has a modifying sobering influence, resulting in teaching the colored youth that the road to the highest permanent success and development is by slow gradations, and nature permits of no reversal of the process."

Now here is an awful example of woman suffrage. It is the house divided against itself. Elder Cannon of the Mormon Church has been beaten by one of his wives in the Sixth Senatorial District of Utah. Agnes M. Cannon is the name of the successful candidate. She ran on the Bryan silver ticket, while her lord and master was the nominee for the Republicans. Mrs. Agnes put up a strong campaign, and went upon several stumping tours, while her husband remained at home with the other Mrs. Cannons, of which there is understood to be quite a battery, and Agnes and silver won and Cannon was walked by a thousand majority.

Royal Baking Powder

ABSOLUTELY PURE

Senator Sherman's Outline.

There is no statesman in this country whose public utterances attract more attention than those of Senator John Sherman. He is opposed to an extra session of Congress. Only a great exigency can ever justify the calling of an extra session. It would be a fortunate circumstance if the Republican administration could avoid this expedient. This is the way Senator Sherman put the case in a speech at a banquet in New York last night:

"Pass the Dingley bill, improved if possible, so the McKinley Administration may come into power with sufficient money to meet expenses, call no extra session of Congress, appoint a Tariff Commission for a calm and deliberate consideration of the whole question, take care of the farmers from the point of view of protection, have no coinage of silver dollars until we can put into the silver dollars enough silver to make it equal in value to the gold dollar, welcome all conservative men to the Republican party."

The Dingley bill when introduced, was considered to be only a temporary measure of relief to the Treasury. It was premised that it would bring in enough additional revenue to meet the ordinary expenditures of the Government, and would incidentally obviate the necessity of selling any more bonds. That bill is now pending in the Senate. There was a strong probability that had it passed President Cleveland would have vetoed it. The most that could now be expected is that the bill, if passed, might take effect without President Cleveland's action.

Why the Delay?

Some weeks ago a committee practically representing the Merchants' Exchange, the Board of Trade and the Good Roads Association, of which Ex-Councilman Sohst was chairman, made a new movement to secure the improvement of certain thoroughfares of the city. This committee turned its attention first to Telegraph avenue, which needed immediate repairs to secure it from getting beyond all repairs. Measurements were made and estimates of the amount that it would cost to put the street in order. Finally, a responsible contractor agreed to do the work for $1 100. An ordinance was introduced and passed through all the stages in the Council up to the final passage, when suddenly there was a motion to postpone the whole business until the first of December, which may not, mean the defeat of the entire improvement.

There would have been a substantial gain in putting this main thoroughfare in order before the heavy rains came on. Good work in asphalt can be done with much better results when there is a dry foundation than when there is a wet one. Why should this improvement be postponed after all the preliminary work had been done? Director Sohst who had labored untiringly for repairs in which the greater part of the city is more or less interested, as it is in all main thoroughfares, is evidently at a loss to know what good end is to be secured by the present tactics of obstruction.

Marie Dorothea, the Archduchess of Austria who has married the grandson of Louis Phillippe declares on that occasion that she looks forward to the time when her husband shall be King of France. Not quite so fast, Dorothea. France is a Republic and if young Phillippe goes monkeying around for mischief he will be landed where he was landed once before. Whenever he gets there the second time, the young Bourbon will find that the royal road is a hard one to travel. France has a way of slicing off the heads of men who commit treason.

PERSONAL AND SOCIAL.

The engagement is announced of Miss Nellie Emagh and Conrad [illegible], well-known and popular people of this city. The marriage will occur in the early spring.

Passenger Conductor V. J. Martin has retired from the railroad service to form a partnership with special agent F. W. Forsting of the Equitable Life Insurance Company.

Miss Hattie Savage, assisted by a number of young people, will give an operetta at People's Hall, on Sixth street, near Market, Saturday evening.

A novel entertainment will be given in the parlors of the Church of the Advent Friday evening. It is entitled "Forty Old Maids From Alaska."

Rev. E. E. Hamand is in Riverside, called there by the very serious illness of his friend, Rev. C. A. Barst, pastor of the Riverside Universalist Church.

Mrs. Clay and family are expected to return to their Fruitvale home today after an extended trip through Europe and the East.

Mrs. Howard Bray of Fruitvale has returned from her Eastern trip.

Mrs. E. R. Painter has returned from a four months' Eastern trip.

The wedding of Charles Weld Spaulding of San Francisco and Miss Hilda Cornelia Collison of Alameda will occur this evening at the home of the bride-elect's parents.

John W. Phillips, the East Oakland capitalist, left for New York City last evening, where he will meet his fiancee, Mrs. Henry Martin. She will arrive from Europe the 23d inst., and the marriage will be celebrated at once.

PRAYER AND PROGRESS.

Evangelist John M. Dick Is Holding Meetings.

The largest attendance [illegible] the Y. M. C. A. auditorium last night to hear Evangelist John M. Dick. A larger number of non-church goers were present than at any other meeting, and all entered heartily into the singing and service. Miss Pearl Wolfe, cornetist, and Miss Winifred Morgan, violinist, are playing at each of these services. The Devil's [illegible] Dick's sermon was on "The Devil's Too Late." Those referred to as being most used to keep men from entering upon the Christian life are the excuses behind which men are used to hide when pressed to give reasons why they do not become followers of Jesus Christ. The sermon was eloquent and forceful. Several men started for conversation and further light. Mr. Dick will speak to men only tonight, on "Robber, Thief, Crook."

Over 100 boys over 11 years of age were present yesterday, and the watch talk was one of the best yet presented by Mr. Dick. The closing meeting of this series will be held in the Oakland Theater Sunday afternoon at 3 o'clock, when Mr. Dick will give his celebrated talk on "Fast Living, or Secret Sins." This meeting will be held in the theater, so as to reach a larger number of men, and a mass meeting for boys will be held at the association building the same afternoon. The Delta Upsilon Male Quartette of the University of California will sing.

The meetings for prayer at 12:30 for men and at 3 P. M. for mothers and sisters will be held as usual on Friday and Saturday.

LOIE IN TOWN.

The Celebrated Dancer Makes Her First Visit to Oakland.

La Loie Fuller passed through Oakland this morning on her way to San Francisco, where she will spend the day. The famous dancer was unfatigued by her trip across the continent and was in the best of spirits. She was accompanied by her mother, a delightful woman, who chaperones her clever daughter in all her travels. Miss Fuller has been everywhere and is a famous traveller. She thoroughly enjoys variety and change of scene and her experiences in different climes are wonderfully interesting and entertaining.

Miss Fuller was charmed with Oakland and declared that it was a delightful city and its climate was almost perfect. As she will make her first appearance before a California audience at the Macdonough Theater Saturday evening, Miss Fuller was much interested in the theater and its arrangements. She expressed herself as being very well pleased at having Remenyi the famous violinist, appear with her. Miss Fuller has a deep love for music and is delighted at the opportunity to hear so celebrated a man.

Miss Fuller will come to Oakland tomorrow in order to see that all the arrangements for her dances are perfect. She will give her five most famous dances, which have been the rage in all Europe and the electric light effects will be carried out in all their brilliancy and beauty.

The bill for Saturday night is an exceptionally fine one. Loie Fuller and Remenyi are both stars in themselves and Miss Fuller brings with her a company of vaudeville artists of world-wide reputation.

ASKS FOR DAMAGES.

Suit Commenced Against the Central Avenue Car Company.

Ernesting Delhorn has commenced suit against the Central avenue Railway Company of this city for $50,000 damages for injuries alleged to have been sustained by the starting of one of the company's cars while she was attempting to alight on August 31, 1896.

Mrs. Delhorn further alleges that while she was suffering from the injuries then received, and while she was being kept under the influence of opiates, one of the company's employes called upon her daughter, Mrs. Rosalie E. Thomas and induced Mrs. Thomas, by the payment to her of $60, to attach plaintiff's mark to a document purporting to be a settlement of Mrs. Delhorn's claims for damages against the company.

"The late Colonel William B. Mann," says the Philadelphia Record, "was fond of telling a good story at the expense of of Charles Brooke, the well known criminal lawyer of New York. Colonel Mann as District Attorney was prosecuting a murder case in which Mr. Brooke was counsel for the defense. Circumstantial evidence was strong against the prisoner. The District Attorney produced in evidence a pair of boots of Scotch make belonging to the prisoner which, it was proven, fitted exactly the footprints left in the snow by the murderer near the scene of the crime. In submitting the boots in evidence Mr. Mann called attention to the several odd features of their construction, and added that he had looked all over town for a pair like them, but without success. Mr. Brooke asked that he be allowed to keep one of the boots over night. He thought he could find a pair like them. The boot was turned over to him, and at the opening of court next day he produced another pair of boots identical in every way to those belonging to the prisoner. The man, however, was finally convicted. After it was all over Mann said to Brooke, 'See here Charlie, where did you find those boots? I called at all the big shops in town but couldn't find them.' 'Neither could I,' said Brooke. 'So I had them made over night.'"

Pioneers Assemble to Pay Respects to the Dead.

A Host of Mourners at the Requiem Services Over James Egan.

Slowly and solemnly, a funeral cortege moved from St. Francis de Sales Church this morning, bearing to God's acre, all that remained of James Egan, one of California's honored pioneers.

Sorowing friends filled the home of the son, Martin Egan, at a quarter to 10 o'clock and mourned with the living, while they paid their last sad respects to the dead.

The remains reposed in a dark cloth casket, with silver trimmings and the bier was covered with handsome floral offerings, the final tribute to one, whom in life, was loved for his many virtues and respected by all with whom he had dealings for his sterling honesty.

At 10 o'clock the bells of St. Frances de Sales Church tolled and the sad procession wound its way down the aisles. Within the sacred edifice were seated a large number of friends of the deceased, among them being several gray-haired pioneers, who had shared the same hardships in the early history of the State.

Father Butler celebrated a requiem mass and at its conclusion the remains were borne to St. Mary's Cemetery, where with the customary service, they were consigned to the lasting place.

The pall-bearers were C. H. Knowlburg, D. J. Sullivan, Robert Boyd, John Collins, George Manyon and H. Sterling.

James Egan was 75 years of age and since 1851 had spent his life in this State, the latter days, on his ranch in Monterey county. He leaves a widow, eight children and a host of friends, to mourn his sad demise.

A Small Fire.

A fire caused by an electric wire broke out on the roof of J. T. Moran's building at Thirteenth and Washington streets last night. It was extinguished by Foreman Foster of Company No. 1, who threw a bucket of water on the small blaze. In so doing, however, he received an electric shock by the water conducting the current from the wire.

A HOLIDAY OPPORTUNITY.

Sam Boukofsky, the popular jeweler, at Washington near Thirteenth, announces in tonight's Tribune a sweeping sale of his magnificent stock of jewelry, watches, chains, silver and silver plated ware, occasioned by his retirement from business. The sale is really a final one, and goods will actually be sold at cost. This offer is very emphatic, and should attract a big patronage, especially among people who know what large profits retail jewelers usually make. Getting jewelry at cost means a big saving to the purchaser. The sale opens Saturday night.

REVERSING INTELLIGENCE.

What Some Men Do They Should Not Do.

Some men pay big prices for outside clothes and little or nothing for underwear. Such men have no use for Linen-Mesh Underwear, which appeals for popularity to persons of intelligence. It costs money to talk long in a newspaper, but we will pay to say this much: Linen-Mesh is warmer, cleaner, prettier and more durable than wool, and costs only what a good wool suit costs. Linen-Mesh prevents cold, forestalls skin diseases, tones the skin, enables the body to breathe. It is made for men, women and children and sold only in this county by Flint's Pharmacy, 1171 Broadway. Tel. Main 188. (10)

NIMBLE-FOOTED LOIE.

The Great Danseuse Will Be Here Saturday Evening.

Remenyi, the Star Violinist, Will Appear With Her Company.

The sale of seats at the Macdonough for the Loie Fuller engagement opened this morning, and from indications Saturday night will see the house packed from orchestra to gallery.

With the clever danseuse comes a star of almost equal magnitude—Edward Remenyi, the famous violinist. Taken individually, either of the artists would furnish an exceptionally fine entertainment, but the double bill far excels anything of the character ever seen in this city.

Loie Fuller's famous fire dance, with its myriad of flashing, flaming lights, has been pronounced a miracle of art. The whole stage is enveloped in darkness except one spot where the tall striking figure of the dancer appears, seemingly enveloped in flames The effect is weird, beautiful, artistic and certainly novel. Another dance entitled "Night" is a picturesque and beautiful exhibition of the terpsichorean art. The "White Dance" is very similar to the old rainbow dances, only more elaborate. The dance called "The Lily of the Nile" is a marvel of prettily waving skirts and bright lights. The skirts finally are formed into lily-like shapes very pretty and novel.

THE OAKLAND.

"Uncle Tom's Cabin," though old in years, has lost none of its old-time favor. At the Oakland Theater this week an exceptionally clever production is given and all the details are carefully carried out L. R. Stockwell as "Marks" makes a decided hit in his old part, while "Busy Bee" as "Eva" acceptably interprets the difficult role. Frank Bacon makes an ideal "Uncle Tom" and the rest of the characters are well cast.

The Chinatown Crusade.

The conditions of Chinatown will come up for discussion before the Board of Health at the regular meeting which will be held tomorrow night. Health Officer Bradley's report is not yet completed but it will probably recommend the placarding of several houses in this quarter.

Scrofula is a word you don't quite understand, but if you talk with your doctor, he will tell you that it is generally believed to be due to the same cause which gives rise to Consumption. It appears mostly in those who are fat-starved and thin, usually in early life. A course of treatment of Scott's Emulsion with the Hypophosites wherever Scrofula manifests itself, will prevent the development of the disease. Let us send you a book. Free.

The cross-examination of Witness Tyson was resumed yesterday afternoon in the case of the Spring Valley Water Works vs. J. L. Beard, before Judge Ellsworth.

Witness' attention was directed to a well which was shown on the map and which Mr. Kellogg said was opened. Witness said, however, that he did not know that the well was open in 1868 Witness detailed the characteristic of the several crops on his mother's farm in the years since 1868. The depreciation of the crop each year, averaged about 50 per cent.

"You never waived any damages," said Mr. Kellogg, "simply because your property did not abut upon the creek?"

The question was objected to. In support of the question, Mr. Kellogg said it was competent for the jury to understand why, if the property had been damaged 50 per cent, the witness' mother did not bring suit for damages. If the land was injured, the water company was responsible for the injury.

Judge Ellsworth wanted to know if that was a sound proposition of law.

Mr. Kellogg said he wasn't the attorney for the witness and would not argue the question as to whether or not it was a question of law. He simply desired, he said, to test the good faith of the witness. It was natural, when a man was injured, to go to some person to ascertain how he might have his injuries remedied. He did not believe that the mother of the witness could have suffered a damage of 50 per cent and yet take no steps to have her injuries remedied.

The objection to the question was sustained.

Mr. Kellogg wanted to know if Tyson's mother had ever consulted an attorney with respect to the loss she had sustained because of the diversion of the creek water.

Witness replied that he did not know, although he heard his mother say that she thought she was entitled to damages because of the injuries she had sustained.

Juror Burnham wanted to know how many inches of water ran over the dam. Tyson replied that six inches of water formed the smallest amount he had ever seen rolling over there He did not know the amount of water the company is diverting from the creek.

HENRY CURTNER.

Henry Curtner of Warm Springs testified that he was a farmer and fruit raiser. Twenty-eight years had elapsed since he had examined the Beard estate. At that time the land was of the best. He had bored a well in April, and the surplus water was within a foot of the top of the ground. The bore first went through an alluvial soil, then a yellow and finaly a blue clay.

The examination touching the character of the clay was objected to on the ground that, as the well was not on Beard's ranch, the inquiry did not tend to settle any of the issues of the case

The objection was overruled, and the witness said his well was thirty-five yards away from Beard's ranch

On cross-examination he said he got his water from springs and by irrigation.

"Did the Alameda Creek overflow its banks the year you found water within a foot of the surface of the ground?" he was asked

"Yes."

"Did the water go over your place?"

"It did."

"When you found that moisture, at a depth of one foot, you kept on digging?"

"Yes, sir."

"Did the water then flow as a stream all the way along?"

"In some places it would run as a stream and in other places it would be dried up"

"How do you account for the fact that the water flows past Beard's place in a current and yet the creek is dry below Niles and above the Beal ranch bridge?"

"It is held by the clay"

"Is that clay as porous as a sponge?"

"No."

On re-direct examination, Mr Curtner said the market value of Beard's ranch on the 20th of August, 1886, was about $400 per acre.

W. H CHAMPION.

W. H. Champion then took the stand. He testified that he resided a few miles outside Niles. He had dwelt there about sixteen years. There was a well on the premises, which had lost its water after the diversion. The Spring Valley Company had bored another well for him to a depth of sixty-five feet.

Assuming as a fact that the water flows in summer past Beard's ranch the same as it did before with no appreciable diminution, do you think Beard was injured by the diversion?" asked Mr. Kellogg.

"I think he was"

"How do you explain it?"

"Well, if there was as much water there as there used to be, there would be no injury, of course.

"How long after the diversion did you notice that there was no water in your well?"

"About a year."

"Before the diversion, how far was it from the surface of the water to the top of the well?"

"About forty feet. In summer it would be from twenty-five to thirty feet."

"The surface of the water in the well would indicate the surface of the water in the earth, wouldn't it?"

"I think it would."

"How long are the roots of your trees?"

"I can't tell."

"Do the bottom of the roots go down to the water level?"

"I can't tell."

"You say you never irrigated till 1886. Don't you remember a year prior to 1886 when you irrigated?"

"No."

Witness then continued: "The lands along Alameda Creek did not need irrigation until after the water had been diverted."

Juror Burnham asked: "Did you have to pay anything for the water you used in irrigation?"

"Not now, I do not."

"But you did have to pay for the water?"

"Yes, I had to pay for it for one year."

"Whom did you have to pay?"

"The Spring Valley Water Works"

"When did you have to pay the Spring Valley Water Works for water?" asked Mr Kellogg.

"The first year after the diversion."

"Was it not included in your deed that you were to be given free water?"

"The payment I made was for land not included in the deed."

"Did you notice a pool at Niles bridge this morning?"

"There was a stream there this morning"

"Do you remember whether '86 '87 and '87-'88 were very dry seasons?"

"I don't know."

"If they were dry seasons that might affect old trees. They would not affect young trees."

"Did you sign any paper with the Spring Valley Company at that time?"

"I don't know There may have been and I think there was a paper of some kind that I signed"

F. J. SULLIVAN.

F. J. Sullivan, Roadmaster of Niles, testified that he has known Alameda Creek for about twenty years. He remembered when the Spring Valley Water Works turned the water of the creek into the pipe He thought as a consequence of the diversion he had to take up some of his fruit bearing trees. Since the diversion there was much smaller fruit in his orchard. He had to dig up all of his peach orchard He cut the trees off last year, and the year before Since the diversion the trees have borne no good crops. In the summer of '91 there was no water in the creek. Water had been in the creek every year except 1891 below the dam. In some places below Niles bridge the water is not running at all.

Cross-examined, Mr. Sullivan testified: "I have some wells on my property. It is fifteen feet to water I get water from the hills I am 1,500 feet from the creek. It is half a mile from the well to the creek I am located between Mr Shinn and Addison. The current of the creek was changed, turned away from mine, when Shinn and the railroad company went into a land deal The well was dug after the diversion. Formerly I got water from the creek"

"What makes you think you get water from the hills?" asked Mr. Kellogg.

"Because the Niles hills are full of water,"

"And the water seeps down and gets into your wells?"

"Yes"

"If that is so, why don't that water supply your fruit trees?"

"Because the bottom of my land is gravel and because one soil is a clay and the other is adobe"

"What depth of surface soil have you?"

"Forty-one feet"

"In planting your orchard, did you strike gravel?"

"Yes, near the creek";

"Where were your peach trees?"

"Near the creek The trees near the railroad don't need the moisture. Those near the creek need it most"

"How long is the root of a peach tree?"

"It depends on the land."

"Is a sandy loam?"

"About six feet"

"Did you notice any difference in your almonds after the diversion?"

"They are all right"

"Your prunes?"

"They are not so good"

"The pears—the crop is also good?"

"Yes"

"Is there any moisture on the surface of the hills?"

"There are some springs at the foot of the hills"

"How long is your place?"

"Sixteen hundred feet"

"In traveling from the hills to the creek in your place the water gets lost about half way, doesn't it?"

"I don't think the moisture is sufficient."

"How deep is the channel opposite your place?"

"It was four feet when I bought the place."

"Is there any water in the creek at your place?"

"Not a drop"

"Did you ever dig down into the creek to see if there was any water there?"

"I did in 1891."

"Do you believe the water in the creek would benefit your trees?"

"Yes"

"On what ground?"

"By seepage"

"Oh, you mean that the water goes through the earth and then goes up through the earth?"

"No, the trees drag it up."

"How do they do it?"

"I don't know, but they do it."

"Did you ever consult an attorney as to whether you had been damaged or had a suit for damages against the Spring Valley Water Company?"

"Yes, I consulted M. C Peters of Niles. He told me I did not have any case."

"Has the rain increased the water in the stream?"

"I believe it has. I was told there were 2.65 inches of rain."

M. NUNES.

M. Nunes testified through an interpreter that after the diversion of the water his well went dry and his fruit became poor.

On cross-examination, Nunes was asked if he did not know when he bought his land that his line was kept ten feet from the bank of the creek. He replied that his deed did not show such a line.

"Is your ground level with the bed of gravel in front of you?"

"I do not pay any attention to that."

"How far is it from your land to the channel of running water?"

"I can't tell."

"How deep is your well?"

"Twenty-six feet, more or less"

"How deep from the ground to the water?"

"I can't tell"

"How many feet of water in your well?"

"I do not know"

"Before the water was diverted, how deep was it from the surface of the ground to the water in the well?"

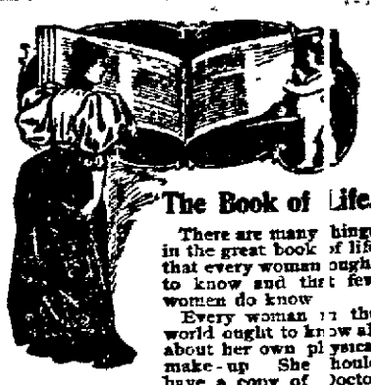
"I don't know."

"Who was elected President of the United States?"

"I do not know."

"You are excused," said Mr. Kellogg, satisfied that he was wasting time with the witness.

The case was then continued till Tuesday of next week.



The Book of Life.

There are many things in the great book of life that every woman ought to know and that few women do know

Every woman in the world ought to know all about her own physical make-up She should have a copy of Doctor Pierce's Common Sense Medical Adviser. It is a handsomely illustrated volume of a thousand pages, several chapters of which are devoted to the reproductive physiology of women. It is written in plain language, and contains over three hundred illustrations and colored plates. It is now offered, paper-bound, *absolutely free* to any woman who will send twenty-one cents in one-cent stamps to cover the cost of mailing *only* to Dr. R. V. Pierce, Buffalo, N. Y. If handsome, substantial, French cloth binding is desired, send ten cents extra, thirty-one cents in all. A woman ought to know the vital importance of health. She ought to know that nothing can make her so miserable, or so useless in the world, as disease and weakness of the organs distinctly feminine. She ought to know that this disease and weakness can be prevented and can be cured by the use of Dr. Pierce's Favorite Prescription. There are three times in a woman's life when this great remedy reaches its best usefulness—when the girl becomes a woman—when the woman becomes a mother—and when the capacity for motherhood ceases. At these times the importance of a perfectly healthy condition of her system is of the greatest importance. "The Favorite Prescription" is a purifying, curative, tonic, which works directly in one set of organs, and on no other. It cures when doctors fail, and it cures without the humiliating examinations and local treatment, so invariably insisted upon by physicians. It will cure any case of so-called "female complaint." It soothes the nerves, makes the appetite and digestion good, and brings restful, refreshing sleep.

A NAVAL VISITOR.

Surgeon Biddle and Wife on a Trip to the Coast.

Dr. Clement Biddle, U. S. Navy, accompanied by his wife, nee Pearl Morris, is at the Baldwin Hotel, San Francisco. Dr. Biddle has just returned from Madeira on the United States Cruiser Monongahela. He will be stationed here for some months and in all probability will be permanently quartered at Mare Island and be placed in charge of the medical department there. Dr. Biddle is one of the most efficient officers of the Naval service. He is a member of the well-known Biddle family of Philadelphia and is prominent in social as well as professional circles.

His wife is the daughter of the Hon. M Morris, one of the pioneers and leading citizens of Los Angeles. She is a beautiful woman and in her debutante days was considered the belle of Southern California.

SOPHS GIVING A DANCE.

It Is Feared That the Freshmen Will Cause Trouble.

DR. PAYNE IS BETTER.

Football Players Outline Some Interesting Contests.

BERKELEY, Nov. 12.—The woman fraternities have now completed their initiations for this term. The Gamma Phi Beta initiated Miss Maud Allen last evening and will not probably take in any more new members as it has been receiving members gradually for the past month. The other new members are Miss Haragzthy, '98, Miss Mabel Williams, '00, Miss Charlotte Hoffman, '00.

Omega Chapter of Kappa Alpha Theta has initiated six new members during the past week. They are Miss Gertrude La Motte, '99, Miss Elsk Guthrie, '99, Miss Minnie R. Wilson, '00, Miss Elizabeth Hoyt, '00, Miss May Bentley, '00, Miss Lena Macaulay, '00.

THE SOPHOMORE HOP.

The sophomore dance occurs tonight at Harmon gymnasium. Elaborate preparations have been made for the event. It is expected that the freshmen will play some practical joke on the sophomores in retaliation of the jokes played on them at the time of the freshmen glee. The sophomores stole the ice cream and other refreshments which had been prepared for the freshmen and the naughty nits" now vow they will have their revenge.

The decorations of the gymnasium will be under the supervision of the following committee: Messrs. Rutherford, Schilling, Monaghan, Dortinell, McLaren, Misses Armstrong, Ehninger, Hamlin and Lawrence.

PHOTOGRAPHING THE UNIVERSITY.

Instructor Mayback of the State University has taken a number of photographs of University buildings, grounds and surroundings and proposes to make these pictures into lantern slides to be used during his trip East and to Europe in order to show architects the present conditions and future possibilities of the University. This will give architects a clear idea of the needs of the University in drawing plans for the new college buildings.

DR. PAYNE RECOVERING.

Dr. F. H. Payne, who was seriously hurt by being thrown from his horse Tuesday afternoon is somewhat improved and has been removed from Dr. Eastman's home to his own home on University avenue. He is slowly regaining consciousness and his recovery is probable.

GENERAL GOSSIP.

The Young Woman's Christian Association is making arrangements for an entertainment in order to raise funds to liquidate the indebtedness to the Stiles Hall trustees. The entertainment will probably be in the form of a banquet.

Dr. Longbridge, Professor Woodworth, and Mr. Shinn delivered lectures before the Farmers' Institute at Paso Robles yesterday. Professor Hilgard was unable to speak on account of illness.

A. S. Case, editor of the Thanksgiving Football Souvenir has announced that all undergraduates competing for the $10 prize offered for the best football song must hand in their efforts before November 20th. The song must not exceed four stanzas and a chorus.

The second eleven of the University football players will go to Reno, Nevada, the Saturday after Thanksgiving Day and play the University of Nevada eleven. The Berkeley team will be the guests of the Nevada University men while at Reno.

A SENSIBLE STAND.

John Aubrey Jones Voices Some Patriotic Ideas.

Let All Citizens Now Unite to Restore National Confidence.

Editor Tribune—Sir: The earnest and exciting campaign which during the past few months occupied the minds of men to the exclusion of most all things else is ended. The election has been held, and the result heralded the world around. There was an honest difference of opinion between the adherents of Mr. McKinley and of Mr. Bryan as to the wisdom, expediency and desirableness of the policy or principles advocated respectively by each. Each side believed that its cause was right, and that it would be vindicated by the people at the polls. One side has won, the other has lost. Time alone will develop the wisdom or unwisdom of the decision that has been rendered by the people.

It is not a part of my purpose in this communication to in any sense renew the controversy, which for the time being has been settled by the arbitrament of the ballot. But, as one who was on the side that did not win, and who did what was possible in an humble way to support the candidacy of Mr. Bryan and the cause he valiantly championed, I desire through your widely read columns to say a few words in acceptation of the verdict as it has been rendered, by way of friendly counsel to all the loyal supporters in this city, of Mr. Bryan and the principles he so ably advocated.

It is the expressed desire of the American people that prosperity may come to us once again. As Mr. McKinley was proclaimed to be the "advance agent" of that great and devoutly to be wished visitation, let us not by any word or act interpose the slightest obstacle to the full sweep of the tide of promised prosperity he is to put in motion; so that it may come rolling over the Sierras to distribute itself over the fruitful and well peopled valleys of our glorious State.

According to the published dispatches, this tide has been caused to rise in the East by the opening and starting of the machinery of mills, foundries and factories, and by the rehabilitation of sundry enterprises that were made to languish under the blighting influence of destroyed confidence incident to the maladministration of the Cleveland regime. Let us accept these statements of restoration of confidence and revival of business as true, and let us recognise such a condition to be a hopeful augury of the good times coming. Let us look upon President-elect McKinley as the instrument chosen by an overruling Providence to bring great good to this people as a whole. That as a result of his induction to the Chief Executive office there will be inaugurated such a reign of peace, prosperity and plenty as we have not witnessed and enjoyed for lo! these many years. Let there be no croakers, no prophets of evil, no malcontents, no drones; but let us all bask in the good times coming and do what may lie in our power to open wide the gates to let the good come in. If it does come, then let us do what we can to prevent its receding, that we may be fully submerged 'neath its life-giving wave. If it does not come—well, at all events, don't let it be said of us that we checked its advance by our pessimistic misgivings as an obstructing dyke.

As one who labored to aid in the election of Mr. Bryan because I believed in him and the cause he espoused—and albeit my faith in him as an able, earnest, honest, conscientious American statesman is not one whit abated—yet, with all other loyal sons of Columbia, I will claim Mr. McKinley as President just as much so as if I had supported him by pen, voice and vote. And if under his administration the full orbed sun of commercial confidence shall again shed its gladdening rays upon us as one common people, and out of the golden horn of plenty there shall be poured rich bounty upon the honest, toiling husbandmen of our land, and the angel of peace shall keep his sleepless vigil above us as a nation, warding off the approach of grim visaged war from across the sea, then in truth would President McKinley find no more loyal friends and supporters than those who tried to defeat him. Let us all accept it as an inspired truth that "Vox populi, vox Dei," and interpret the election of Mr. McKinley in that spirit, awaiting the full confirmation as may be found in the beneficent results to accrue from his Administration.

MANY IMPROVEMENTS.

The Oakland Free Library Making a Steady Advance.

H. F. Peterson Presents an Elaborate Report to the Trustees.

The Public Library Trustees held a regular monthly meeting Tuesday in the Library rooms. Messrs. Arnold, Cushing, Gilson, Page, President Flint and Librarian Henry Peterson were present.

The usual bills, amounting to $1,192.75, ewer read, referred to the auditing committee and subsequently ordered paid.

The Curators reported the daily attendance in the reading rooms as follows:

Central Reading Room	790
East Oakland Reading Room	139
West Oakland Reading Room	242
Twenty-third avenue Reading Room	122
North Oakland Reading Room	138

On motion the Reading Room Committee was authorized to ask for bids and let the contract for supplying the periodicals for the ensuing year.

The following report of the Librarian was read and placed on file:

OAKLAND, Cal., Nov. 1, 1896.

To the Board of Trustees Free Library and Reading Rooms—Gentlemen: Following is the report of the Librarian for the month of October, 1896;

Number of borrowers on Library roll

October 1st	10,979
Number of borrowers registered	359
Number of borrowers withdrawn	19
Total number registered	3,986
Number volumes added by purchase	17
Number volumes added by donation	5
Number volumes cast aside	2,416
Number volumes repaired	83
Money received from fines	$29.50
Money received from lost books	1.25
	$30.75
Number of volumes circulated	14,283
Number visitors to Reference Room	2,257

It will be noticed in the foregoing statistical report that the number of volumes circulated for home use during the month was 14,283; this is an increase of 500 volumes over the circulation of last month. It is gratifying to note the increase which shows that the library continues to grow in popular favor. On the other hand we must lament the fact that during the past month 2,416 worn out volumes have been removed from the library shelves owing to their popularity and constant use. These works have been bound and used until they can be used no more, and have been marked "discarded." Many have been sent to the City Prison, Chabot Home, Boys' Club, Girls' Club, engine houses, and other institutions, where they are appreciated, and can yet serve their purpose. I am sorry to say that the number thrown away is far in excess of the number purchased during the last fiscal year. It is hoped that these may soon be replaced, and soon find their way to the library shelves again; they are books in constant demand, and should be upon our shelves.

"We have begun during the last month a system of mending books, such books as have been rebound, but cannot be bound again; they are repaired with needle and thread and paste, and put in condition for circulation, but it cannot be expected that they will long withstand the constant handling; nevertheless they last a little longer.

"We have also begun a work which will entail a great deal of time and labor, but which is a very necessary reference to the library, that is, a Guarantor's index. Spare time and extra time has been devoted to this and we hope soon to have it in condition for use. It will serve a need and have ready at a glance that which it has heretofore taken us days to find out—how many borrowers Guarantor has endorsed, and when he recommended them.

The clipping of newspapers is another innovation; we are clipping articles from our daily papers, that is, the Oakland and San Francisco dailies. Departments have been established such as "Board of Trade," "Merchants' Exchange," "City Council," "Board of Education," and others of local interest. The reports of meetings will be regularly clipped, and properly arranged ready for reference. This I believe will be a very interesting and valuable department of the library. Many of these articles may never be in book form, or accessible, consequently cannot help but be valuable reference.

"The preparation of special lists upon special subjects has been inaugurated. It is the intention to prepare lists of all books in the library upon topics of the day. In the event of the death of a prominent person, or any important matter of interest, all works in the library bearing upon any of the questions will be gathered together and listed for the benefit of our visitors; this will save much time and trouble, and give greater satisfaction to the inquirer. These lists are placed in a conspicuous place, both in the reference room and in the circulating department, so that a visitor may determine at a glance everything in the library upon the subject.

"Beginning with the date of the last meeting of the Board, and desiring to conform to the wishes of the trustees, the lunch and dinner hours of the library employees have been reduced. Respectfully,

"HENRY F. PETERSON,
"Librarian."

ELECTION NOTICE

—AND—

PROCLAMATION.

Notice of election to be held within the boundaries of the proposed municipal corporation hereinafter described, on the 2nd day of December, 1896, for the purpose of determining whether said proposed municipal corporation shall become incorporated, and for the purpose of electing a Board of Trustees for said municipal corporation, to consist of five members, a Clerk, who shall be ex-officio Assessor, a Treasurer and a Marshal, who shall be ex-officio Tax and License Collector for said municipal corporation.

Whereas, By a resolution duly adopted and passed, the Board of Supervisors of the County of Alameda, State of California, on the 2nd day of November, 1896, duly called an election within the boundaries of that certain proposed municipal corporation hereinafter described, to be held therein on the 2nd day of December, 1896, for the purpose of determining whether said proposed municipal corporation shall become incorporated as a municipal corporation of the sixth class to be known as the "Town of Emeryville" under and by virtue of the provisions of an act entitled "An Act to provide for the organization, incorporation and government of municipal corporations," approved March 13th, 1883, and the amendments thereto, the same to be known as the Town of Emeryville, and for the purpose of electing a Board of Trustees to consist of five members, a Clerk, who shall be ex-officio Assessor, a Treasurer and a Marshal, who shall be ex-officio Tax and License Collector in and for said municipal corporation,

And Whereas, The boundaries of said proposed municipal corporation were established by said Board of Supervisors by virtue of said resolution last hereinbefore referred to and as hereinafter set forth,

And Whereas, By said resolution the said Board of Supervisors duly ascertained and determined the number of inhabitants residing within the boundaries of said proposed municipal corporation as hereinafter set forth, and as so established by said Board, to be sixteen hundred and eighty-eight,

And Whereas, By said resolution said Board of Supervisors ordered and directed that a notice of the election hereinbefore referred to shall be given for the purpose of determining whether said proposed municipal corporation shall become incorporated, which said notice shall particularly describe the boundaries of said municipal corporation so established as aforesaid, and shall state the name of such proposed municipal corporation to be the Town of Emeryville, and shall state the number of inhabitants so ascertained to reside therein as sixteen hundred and eighty-eight,

And Whereas, Said Board of Supervisors by said resolution directed that said notice of election shall be posted for at least two weeks prior to the said election in at least four places within said boundaries of said proposed municipal corporation,

And Whereas, Said Board of Supervisors by said resolution ordered that said notice of election shall require the voters to cast their ballots, which shall contain the words "For Incorporation" or "Against Incorporation" or words equivalent thereto, and also the names of the persons voted for to fill the various elective offices prescribed by law for such proposed municipal corporation, and hereinbefore set forth,

Now therefore be it Resolved, By the Board of Supervisors of the County of Alameda, that an election will be held within the boundaries hereinafter described in accordance with the general election laws of the State of California appertaining thereto, on the 2nd day of December, 1896, for the purpose of determining whether the said proposed municipal corporation located in the County of Alameda, State of California, shall become incorporated as a municipal corporation of the sixth class, under and by virtue of the provisions of an Act entitled "An Act to provide for the organization, incorporation and government of municipal corporations," approved March 13th, 1883, and the amendments thereto, and for the purpose of electing:

First, a Board of five Trustees;
Second, a Clerk, who shall be ex-officio Assessor;
Third, a Treasurer; and
Fourth, a Marshal, who shall be ex-officio Tax and License Collector—for said proposed municipal corporation.

Be it further Resolved, By the Board of Supervisors of the said County of Alameda, that notice be and the same is hereby given that the boundaries of said proposed municipal corporation as finally established by the Board of Supervisors of the said County of Alameda, by a resolution duly adopted and passed by said Board on the 2nd day of November, 1896, are described as follows, to-wit:

Beginning at a point on the northern boundary of the City of Oakland, one hundred and fifty feet easterly from the easterly line of San Pablo avenue measured at a right angle from said line of San Pablo avenue and running thence northerly parallel with and one hundred and fifty feet distant from said line of San Pablo avenue to a point one hundred and fifty feet easterly from the easterly line of Adeline street measured at a right angle to said line of Adeline street, thence northerly parallel to and distant one hundred and fifty feet from said line of Adeline street to Temescal Creek, thence westerly along the bed of said creek to a point seven hundred and thirty (730) feet westerly from the westerly line of San Pablo avenue measured at a right angle from said westerly line of San Pablo avenue; thence northerly along a line seven hundred and thirty (730) feet westerly from the westerly line of San Pablo avenue measured at a right angle therewith to the southern boundary line of the Town of Berkeley, thence westerly following the said southerly line of the Town of Berkeley to its intersection with the said northern boundary of the City of Oakland, thence easterly along the said northerly boundary of said City of Oakland to the place of beginning.

Be it further Resolved, By the Board of Supervisors of the said County of Alameda, that notice be and the same is hereby given that the name of said proposed municipal corporation is and shall be the "Town of Emeryville," and that said proposed municipal corporation is located in the County of Alameda, State of California, and that the number of inhabitants ascertained to reside therein by said Board of Supervisors by virtue of said resolution passed by said Board on the 2nd day of November, 1896, is sixteen hundred and eighty-eight (1,688).

Be it further Resolved, By the Board of Supervisors of the said County of Alameda, that all electors of said proposed municipal corporation residing in that certain election precinct heretofore established by said Board of Supervisors and known and designated as "Bay Precinct" in said County of Alameda be and they are hereby required to vote at said election at the polling place hereinafter designated as the polling place of said Bay Precinct.

Be it further Resolved, By the Board of Supervisors of the said County of Alameda, that all electors of said proposed municipal corporation residing in that certain election precinct heretofore established by said Board of Supervisors, and known and designated as "Temescal Precinct No. 1" in said County of Alameda, be and they are required to vote at said election at the polling place hereinafter designated as the polling place of said Temescal Precinct Number 1.

Be it further Resolved, By the Board of Supervisors of the said County of Alameda, that all electors of said proposed municipal corporation residing in that certain election precinct heretofore established by said Board of Supervisors and known and designated as "Golden Gate Precinct," in said County of Alameda, be and they are required to vote at said election at the polling place hereinafter designated as the polling place of "Golden Gate Precinct."

Be it further Resolved, By the Board of Supervisors of the said County of Alameda, that the following polling places within the boundaries of said proposed municipal corporation be and they are hereby designated as the polling places for said election, to-wit: The polling place of Bay Precinct in said proposed municipal corporation will be located at the one-story real estate office, west side of San Pablo avenue about eighty feet south of Park avenue.

The polling place of Golden Gate Precinct in said proposed municipal corporation will be located at Sherry Hotel at corner of Dalton avenue and Northern railway.

The polling place of Temescal Precinct Number 1 in said proposed municipal corporation will be located at that certain building formerly used as a barber shop near corner of Thirty-sixth street and San Pablo avenue.

Be it further Resolved, By the Board of Supervisors of said County of Alameda, that the following named persons be and they are hereby appointed Inspectors of said election in Bay Precinct in said proposed municipal corporation, to-wit: H. A. Randlett and D. H. Thompson, and that the following named persons be and they are hereby appointed Judges of said election in said Bay Precinct in said proposed municipal corporation, to-wit: Peter Thiesen and J. B. Baxter, and that the following named persons be and they are hereby appointed clerks of said election in Bay Precinct in said proposed municipal corporation, to-wit: Thomas H. Murray and Fred H. Parr, and that the following named persons be and they are hereby appointed Ballot Clerks of said election in Bay Precinct in said proposed municipal corporation, to-wit: W. Andrus and C. H. Akins, the said Inspectors, Judges, Clerks and Ballot Clerks so named to conduct said election in said Bay Precinct in said proposed municipal corporation.

Be it further Resolved, By the Board of Supervisors of said County of Alameda, that the following named persons be and they are hereby appointed Inspectors of said election in Golden Gate Precinct in said proposed municipal corporation, to-wit: J. F. Bohrer and James Sutter, and that the following named persons be and they are hereby appointed Judges of said election in said Golden Gate Precinct in said proposed municipal corporation, to-wit: John Francis O'Connor and S. W. Alden, and that the following named persons be and they are hereby appointed Clerks of said election in Golden Gate Precinct in said proposed municipal corporation, to-wit: John J. Brennan and M. E. Lawrence, and that the following named persons be and they are hereby appointed Ballot Clerks of said election in Golden Gate Precinct in said proposed municipal corporation, to-wit: G. S. Henry and John O. Nieldt, the Inspectors, Judges, Clerks and Ballot Clerks so named to conduct said election in said Golden Gate Precinct in said proposed municipal corporation.

Be it further Resolved, By the Board of Supervisors of the said County of Alameda that the following named persons be and they are hereby appointed Inspectors of said election in Temescal Precinct Number 1, in said proposed municipal corporation, to-wit: Eugene J. Belrose, Jr., and Michael Casey, and that the following named persons be and they are hereby appointed Judges of said election in said Temescal Precinct Number 1 in said proposed municipal corporation, to-wit: H. Remillard and Thos. J. Berthxen, and that the following named persons be and they are hereby appointed Clerks of said election in Temescal Precinct Number 1 in said proposed municipal corporation, to-wit: Thos. Dreenan and Bernard Moran, and that the following named persons be and they are hereby appointed Ballot Clerks of said election in Temescal Precinct Number 1 in said proposed municipal corporation, to-wit: Eugene J. Belrose, Sr., and John P. Rogers, the said Inspectors, Judges, Clerks and Ballot Clerks so named to conduct said election in said Temescal Precinct Number 1 in said proposed municipal corporation.

Be it further Resolved, By the Board of Supervisors of the County of Alameda, that the polls at said election must be opened at sunrise on the day of election, and are to be kept open until five o'clock in the afternoon of said day.

Be it further Resolved, By the Board of Supervisors of the said County of Alameda, that the voters voting at said election be and they are hereby required to cast ballots which shall contain the words "For Incorporation" or "Against Incorporation," or words equivalent thereto, and also the names of the persons voted for to fill the various elective offices prescribed by law for such proposed municipal corporation, to-wit:

First—Five members of a Board of Trustees.
Second—One Clerk, who shall be ex-officio Assessor.
Third—One Treasurer.
Fourth—One Marshal, who shall be ex-officio Tax and License Collector.

Be it further Resolved, By the Board of Supervisors of the said County of Alameda that this resolution and notice of election be and the same is hereby ordered to be posted for at least two weeks prior to the said election in at least four public places within said boundaries of said proposed municipal corporation hereinbefore set forth, and to be published in the "Oakland Tribune," a newspaper of general circulation, generally circulated within said proposed municipal corporation and within said County of Alameda, (there being no newspaper published in said proposed municipal corporation) for at least fifteen days prior to said election.

Adopted by the following called vote, to-wit:

Ayes—Supervisors Church, Johnston, Talcott, Pelouze, Chairman Bailey—5.

(Seal.) HIRAM BAILEY,
Chairman of the Board of Supervisors of Alameda County.

Attest: FRANK C. JORDAN,

Notice of Executor's Sale of Real Estate at Private Sale.

Notice is hereby given that in pursuance of an order of the Superior Court of the County of Alameda, State of California, made on the 14th day of September, 1896, in the matter of the estate of F. H. Meyers, deceased, the undersigned, the executor of the last will and testament of said deceased, will sell at private sale to the highest bidder, for cash, gold coin of the United States, and subject to confirmation by said Superior Court, on and after Thursday, the 5th day of November, 1896, all the right, title, interest and estate of the said F. H. Meyers at the time of his death, and all the right, title and interest that the said estate has by operation of law, or otherwise, acquired other than or in addition to that of the said F. H. Meyers at the time of his death, in and to those certain lots, pieces and parcels of land situate in the County of Alameda, State of California, described as follows, to-wit:

Lots Nos. 16, 57, 58 and 60 in the Rock Island Tract.

Bids or offers for said real estate will be received by the undersigned at the office of Chickering, Thomas & Gregory, No. 306 Sansome St., in the City and County of San Francisco, State of California, or may be delivered to the undersigned personally, or may be filed in the office of the Clerk of the Superior Court of the County of Alameda.

Dated October 20th, 1896.

W. H. CHICKERING,
Executor of the last will and testament of F. H. Meyers, deceased.

PROPOSALS for dredging slips at the city wharf and in front of the city wharf between the pierhead line and the Government Channel.

Department of Public Works, City Hall, Oakland, Cal., Oct. 23rd, 1896.

In accordance with Resolution No. — of the Board of Public Works, sealed proposals will be received in open session of the Board of Public Works, at their office in the City Hall, on Tuesday, the 17th day of November, 1896, from 7:30 to 8:30 o'clock P. M., for dredging slips at the city wharf and in front of the city wharf between the pierhead line and the Government Channel, in and for the City of Oakland.

All work done and materials and apparatus furnished to be in accordance with the plans and specifications now on file in the office of the Board of Public Works, to which reference is hereby made for full particulars and description of the said work.

The said work to be commenced within five days and be completed within sixty days from the date of contract for the same.

Bidders will state in proposals prices for the said work according to the following schedule, to-wit:

1st. A price per cubic yard for the excavation of mud, measured in the cut.

2nd. A price per cubic yard for the excavation of hardpan, measured in the cut.

(Note.—By measuring in cut is meant that the actual space from which the mud or hardpan is excavated to be the basis upon which the rate per cubic yard applies.)

The estimated amount of dredging to be done is 12,822 yards hardpan and 4,200 cubic yards mud.

All work done and material furnished to be subject to the approval of the City Engineer and to the satisfaction of the Board of Public Works.

All bids must be made upon the blank forms of the Board, which will be furnished upon application, by the Secretary.

All bids must be accompanied by a check certified by some responsible bank, made payable to the order of J. W. Tompkins, Clerk of the Council, for not less than ten per cent of the proposal, which check shall be forfeited to the City of Oakland should the bidder receiving the award fail within 10 days to enter into a contract and furnish a good and sufficient bond in the sum of $3,000.00 for the faithful performance of the same.

The Board reserves the right to reject any or all bids.

By order of the Board of Public Works.

ORDINANCE NO.—An Ordinance ordering the opening and widening of Fourteenth street, between Market street and Myrtle street, and appointing three Commissioners to assess benefits and damages and to have general supervision of the proposed work.

Be it ordained by the Council of the City of Oakland as follows:

SECTION I.

Whereas, Said Council did on March 16th, 1896, adopt its Resolution of Intention No. 22,011, declaring its intention to order the following work and improvement to be made, to-wit: That Fourteenth street, sometimes called West Fourteenth street, in the City of Oakland, be opened and widened to a uniform width of eighty feet between Market street and Myrtle street, describing the work to be done and the land and premises deemed necessary to be taken therefor, and specifying the exterior boundaries of the lands to be affected or benefited by said work and improvement and to be assessed to pay the damages, costs and expenses thereof, and

Whereas, The Street Superintendent of the City of Oakland did thereupon cause notice of the passage of said Resolution to be posted, also to be published, for ten days in the manner and as required by law; and

Whereas, Objections against said proposed work were filed by E. A. Kingel and A. Bruenn, et als., on March 23th, 1896, and Council fixed Monday, May 4th, 1896, at 8 o'clock P. M., in Council Chamber, City Hall, Oakland, Cal., as time and place for hearing said objections; and

Whereas, The City Clerk did thereupon, in accordance with law, notify the persons making objections of the time and place of said hearing; and

Whereas, The said Council, after hearing objections, did, on May 18th, 1896, overrule the objections and sustain Resolution of Intention No. 22,011, and

Whereas, The Council has acquired jurisdiction to order said work to be done.

Now therefore it is hereby ordered, that said work and improvement be done as aforesaid referred to, and as in said Resolution of Intention specially described.

SECTION II.

R. A. Jackson, D. McLeod and J. H. Macdonald are hereby appointed Commissioners to assess benefits and damages and have general supervision of said proposed work and improvement until the completion thereof in compliance with law.

SECTION III.

This Ordinance shall take effect immediately.

SECTION IV.

All Ordinances heretofore ordering the said work done are hereby repealed.

In Council, Oakland, Cal., Nov. 5th, 1896.

ORDINANCE NO.—An Ordinance changing and establishing the grades on East 21st street between 21st avenue and 23d avenue.

Be it ordained by the Council of the City of Oakland as follows:

SECTION I.

Whereas, The Council of the City of Oakland did, on the 8th day of September, 1896, by Resolution of Intention No. 22,434, declare its intention to change and establish the grades on East 21st street between 21st avenue and 23rd avenue, and directed the Clerk of the Council to publish for 10 days in the Oakland Tribune said Resolution of Intention, and

Whereas, Said Resolution was published for 10 days, describing the proposed changes and designating the limits within which the lots of land to be benefited should be assessed to pay any damages that might be awarded by reason of said changes, and

Whereas, No person has in any manner objected to the said changes or filed a petition asking for the appointment of Commissioners to assess the damages, if any, resulting from such changes,

Now therefore it is hereby ordered, that the grades on said street are hereby established at the points hereinafter named and at the elevations above base as hereinafter stated, in accordance with the petition filed on July 20th, 1896, of the owners of a majority of the property affected by the proposed changes of grades.

DAVIE'S VETO IS FILED.

He Gives His Reasons for Objecting to the $1.10 Tax.

Another Special Session of the Council Called for Tonight.

The tax rate is still in abeyance, for a legal technicality was raised last night and the special meeting of the Council which assembled to act on the Mayor's veto, adjourned without taking action. The Mayor had his veto ready but had not filed it with the City Clerk when the call for the special meeting was issued and City Attorney Pelrsol pronounced the call illegal, holding that it could not be issued until there was something to be acted upon. A measure in one one of the member's pockets, he said, was not before the body.

Heitmann moved to adjourn and Kaufman took the floor to debate the question. He stated that he considered the business the biggest lot of buncombe ever seen by him, but Heitmann raised the question of order, which the chair sustained and the roll was called on adjournment.

The motion carried. Bassett and Kaufman voting no, and then a call for a meeting tonight was read.

The veto was filed with the clerk. It is as follows:

To the Honorable, The Council of the City of Oakland—Gentlemen: I herewith return without my approval an ordinance entitled "An ordinance levying a tax on all real estate and personal property in the City of Oakland for the fiscal year 1896-7 and appropriating the same among the several funds."

My reasons for vetoing this $1.10 ordinance were fully set forth in my message vetoing the $1.14 tax-levy ordinance. I therein demonstrated that the municipal expenses for the current fiscal year including the revenue required for the carrying forward of stipulated permanent improvements, could be derived from a levy of 100 cents on each $100 assessed valuation. No one having that regard for the prosperity of the city and the best interests of the tax payers that should characterize the efficient and trustworthy official has attempted to refute the premises upon which the facts presented in that message was predicted.

When municipal prosperity is to be sacrificed to individual ambition my appeals on behalf of the people fall upon deaf ears. To those determined to impose a gratuitous burden upon the tax payers, the fact that in the face of hostility everywhere and extravagance in nearly every department, the municipal expenses of last year even met with the revenue from a dollar limit, has not the slightest significance.

Last year a sufficient vote in your honorable body to sustain my veto of a $1.18 levy saved the taxpayers nearly $190,000. If the interests of those upon whom the burden of taxation falls are not protected this year, the people may easily determine upon whom rest the responsibility.

Under the law the tax levy could have been made on or before the first of August—three months ago. It has suited the purposes of the majority of your honorable body to defer the discharge of the plain duty until within less than one month of delinquency of the first installment of taxes, giving your private purposes precedence to the service you owe the people has worked serious inconvenience and probably much loss to the taxpayers.

To avert as far as possible this inconvenience and loss, I at the earliest moment return the ordinance to your honorable body. Respectfully,

J. L. DAVIE,
Mayor of the City of Oakland.

The matter will probably be disposed of tonight but until the rate is fixed the tax bills cannot be distributed although they are all made out on a $1.10 basis.

CITY FINANCES.

The Committee of the Council Handles a Few Matters.

The Eighth street bridge will probably be repaired on the lines originally laid down and the bulkheads, which were to be started towards filling the northern arm of the estuary will be abandoned. At a meeting of the finance committee of the Council held last evening the City Engineer reported that the bulkhead idea could not be carried out on the money available for repairing the bridge, and he therefore advised that the plan first suggested be adopted. Nothing was done in the matter last night, but the advice will probably be acted upon as soon as the tax rate is fixed.

Other minor matters handled were:

Purchasing fifty ballot boxes. Tabled.

Purchasing three horses for the Police Department and a steam roller for the Street Department. Recommended.

Securing an opinion from an Eastern bond attorney on the recent bond issue. Tabled.

IRISH IS BANQUETTED.

Sound Money Men Entertain Him at Masonic Hall.

Masonic Hall was filled last night with business men and some of the leading sound money advocates, all of whom assembled to welcome home John P. Irish. An elaborate banquet was served and addresses were made by E. J. Pringle, Professor Bowman of the State University, Attorney Warren Olney, ex-Mayor William R. Davis, Rev. C. W. Wendte and R. D. Tolland, and also Mr. Irish.

The reception was in charge of the executive committee of the Sound Money League.

GOSSIP OF THE ORDERS.

Social and Business Meetings All Along the Line.

The close of the vacation season at the seaside and in the mountains, the conclusion of the Presidential campaign and the approach of winter will have a beneficial effect upon the fraternal orders in this city and vicinity.

Until recently, members of the several beneficial organizations in this county have, in greater or less degree, been engrossed by one or other of these distractions, and as a consequence have not devoted themselves with the same enthusiasm to the work of the lodge room, which generally characterizes them during other periods.

Hereafter, as a consequence, a larger attendance may be expected at lodge meetings, and more attention will be paid to projects which, at times, have been discussed in the several fraternal organizations.

One of these is that of an order building, which nearly every fraternal society aims to possess. Such a structure is now owned in this city by the York and Scottish Rite Masons, respectively, and the Odd Fellows, and it is expected, before long, that the Pythian order will be added to the list. This latter organization is now making arrangements for the erection of a castle hall at Twelfth and Alice streets.

The subject of a building, which was formerly considered with a great deal of interest by the A. O. U. W. lodges, and which was temporarily set aside by the selection of a union hall at Fourteenth street and Broadway, has been revived, and it is likely that before long steps will be taken to carry the cherished idea of the order into effect.

It is also understood that the Foresters, having no desire to remain in the background, are considering the feasibility of erecting a permanent structure in which all the lodges of the order in Oakland may meet and in which also all their entertainments may be held and their banquets spread.

Another gratifying evidence of the lively character of the times in the fraternal world is the revival which is about to be inaugurated in the Order of Red Men. This society has made considerable progress during the past year in this county, and hopes soon to establish another tribe in this city at Twenty-third avenue.

United Workmen.

The executive committee of the Supreme Lodge Press Committee, A. O. U. W., has issued an address to the members of the order in this State congratulating them upon the adoption of the new classified plan of assessments and expressing confidence that the success of the order in this jurisdiction for the future is secured.

OAK LEAF LODGE.

Oak Leaf Lodge, No. 35, A. O. U. W., at its last meeting, was presided over by Past Master Macdonald in the absence of Master Workman Dunton.

Two new members were initiated. Three applications for membership were received.

Past Master Marston of Pacific Lodge delivered the lecture during the screen work with his customary ability and eloquence.

Past Master McAlister performed the initiatory ceremonies, ably assisted by Past Masters Cogan, Preston, Havens, Hall and McCracken.

The nomination of officers was begun and will be continued next Monday evening.

Some very important amendments to the by-laws were introduced and will be acted on after next reading.

The master workman requested that as many members as possible be present at the next reading of the amendments proposed, as they were of the greatest importance to the lodge.

Past Master Workman Preston stated that at the next meeting his last visit to the lodge will be made for some months, as he intends to reside in Montana until the middle of next year. This announcement was received with much regret, as Brother Preston is one of the most zealous workers in the interests of the A. O. U. W.

Remarks were made by Past Master Workmen Marston, Tucker, Harris, Havens, Hall, Colquohoun, Isaacs and Leimert.

Grand Recorder D. S. Hirshberg was absent, as he had gone to Port Costa to help inaugurate a new lodge of the A. O. U. W.

KEYSTONE LODGE.

Keystone Lodge's meeting was largely attended on Tuesday evening.

Two applications for the first degree were received, making twelve since July 1, 1896.

Many visiting members were in attendance, among them being Dr. Tucker, Dr. Phipps and Brother Dade.

Interesting remarks were made by Brothers A. T. Dewey, A. Jacobs and Eugene Lynch.

Nominations of officers for the ensuing term were in order. A spirited contest for some of these offices is already manifested.

Members who are interested in the election of officers should make it a point to be in attendance for the next two weeks.

PACIFIC LODGE.

The regular meeting of Pacific Lodge, No. 7, takes place this evening at A. O. U. W. Hall, 1168 Broadway.

The drill team of this lodge has been invited to go out to Temple Lodge, No. 11, at Temescal, next Monday evening, to give both degrees.

TEMPLE LODGE.

Temple Lodge members have been working hard and having a number of candidates to initiate on Monday evening, and several applications in prospect, most of them being under 30 years of age.

The members of the team deserve great credit for the work they are doing in assisting the lodges in the initiatory work.

They have several engagements ahead, as follows: Temple Lodge, No. 11, on the 16th; Hercules Lodge of San Francisco on the 20th inst.; California Lodge, No. 1, on the 24th, and on the 12th of December they go to San Jose by invitation of Mt. Hamilton and Enterprise Lodge.

These two lodges have promised a number of candidates for the occasion, and the team will give the amplified rank in full.

The grand master is anxious to organize a team in San Jose, and has hopes of doing so after the visit of Pacific team.

CENTRAL LODGE.

Central Lodge, No. 251, will be visited by the grand medical examiner and other grand officers next Monday evening.

Red Men.

That Redmanship is a gaining proportions in this vicinity is evidenced by the unusual activity of the local tribes and the fact that a new tribe is to be instituted at Twenty-third avenue on Saturday evening next. All Red Men of this reservation are cordially invited to be present. The name and number of the new tribe have not been announced.

Tecumseh Tribe No. 62 on Monday evening last adopted three pale faces and conferred the Warrior's degree on one applicant. Degrees will be conferred by this tribe on Monday evening next.

Gray Eagle Tribe No. 65 will on next Wednesday evening confer the Chief's degree at its wigwam in California Hall, Clay street.

Pottowattomie Tribe No. 84 of Haywards will confer the Chief's degree on several applicants tomorrow evening.

Pawnee Tribe No. 67 will raise up a Sagamore this evening and have a degree drill.

Comanche Tribe No. 79 of Elmhurst was last evening visited by Great Junior Sagamore Collins. An adoption of pale faces took place and corn and venison was partaken of.

Masonic.

There is an organization in San Francisco known as the Masonic Cemetery Association. Under the auspices of this society many deceased Masons, former residents of this city have been interred in the cemetery under the management of the concern.

This society has recently received considerable attention at the hands of members of the Masonic order across the bay. Its finances and the manner in which they have been managed have provoked some criticism. On this subject the recent grand lodge was memorialized. The preamble of the memorial, after referring to the fact that the association in question uses the word "Masonic" in the title, proceeds as follows:

"Such corporation has in its treasury such a sum of money $(39,02.07, also stocks bonds and notes of the value of $45,000, the same being surplus or net income; also various tracts of land) that it could without injury to itself, donate a part of such surplus or net income to the Masonic Widows' and Orphans' Home, and to the board of relief of this Grand Lodge, and thereby comply with the laws of this State under which it is incorporated. We believe that no corporation in this State, private or otherwise, should be allowed to use the word 'Masonic,' thereby appearing before the world as a Masonic institution, without being under the jurisdiction of this Grand Lodge.'

A resolution was then suggested in effect that "no person, association or corporation be permitted or allowed to use in his or its business or commercial affairs any name or symbol indicative of Masonry or Masonic jurisdiction unless such person, association or corporation be under the control and jurisdiction of this Grand Lodge, and that the most worshipful grand master do take such proper steps, legal and otherwise, to carry out the purpose and object of this resolution."

A great deal of interest was displayed in the move, but the Grand Lodge decided, for this year at least, to not interfere in the affairs of the Cemetery Association.

The matter, however, will not rest here and it is expected before long will be brought into the courts for settlement.

Order of Eastern Star.

The worthy grand matron of the order of Eastern Star has appointed the grand officers whose selection depends upon her and among them is the Grand Electa Mrs. Mary Litler of Unity Chapter, O. E. S. No. 55, of this city.

Odd Fellows.

Last Monday night Sycamore lodge No. 129, I. O. O. F., of Haywards, celebrated the thirtieth anniversary of its organization at its lodge rooms and the event will be long remembered by all the members of the order who were in attendance.

The lodge is one of the oldest in the State and has always had a fine roll of members and is unfortunately successful career.

Sycamore lodge was organized in 1866. It had a fair-sized list of charter members, among them being William Roberts, William Meek, William Blackwood, William Knox and A. L. Fuller. Of these only two, Messrs. Roberts and Fuller, survive. The list of members now comprises about 120 zealous Odd Fellows.

Sycamore lodge owns its hall and a fine display of paraphernalia.

The features of the programme were as follows:

A piano solo by Mrs. Vera Meininger, address by Charles N. Fox, vocal solo by Miss E. Lynch, address by William Roberts, vocal duet by Miss O. Allen and Miss A. Obermuller, address by W. H. L. Barnes, piano solo by Miss F. P. Cooper, vocal solo by J. W. Kersey, vocal solo by J. Dean.

The present officers of the lodge are as follows: S. Madsen, Past District Grand Patriarch; William M. Greenwell, Noble Grand; J. D. Smalley, Vice-Grand; H. E. Brunner, Secretary; C. Christensen, Recording Secretary; F. W. Trathen, Warden; H. P. Jessen, Conductor.

Woodmen of the World.

Tomorrow evening there will be a reunion in Centerville of members of the order of Woodmen of the World of this county, at which it is expected several hundred Woodmen will be in attendance. Oakland Camp of this city which is the largest and strongest camp of the order in this county, will send seventy-five members to the gathering in a body. Maple Camp of Centerville will act as host and is now making elaborate preparations for the occasion.

On the 23d of this month Oakland Camp will hold its annual election of officers and on the 30th it will have its annual entertainment, which is known as "Autumn Leaves."

Knights of Pythias.

Oakland lodge No. 102, at its convention last Friday night, received the report of the two committees of investigation on the application of Strangers Cotten and Bell. The applicants were balloted for and elected. Aided by the excellent team, the lodge then conferred the Knight rank in amplified form on Esquire M. A. Carlson. The new and unique drill designed by Captain B. D. Capps, was executed for the first time in a manner which was commendable to both the team and its captain. Special credit was accorded to the armored guards and attendants, led by Standard-bearers Preuss and Robert, for the precise manner in which they performed their many evolutions.

The music for the occasion which was furnished by Professors Bonham, Bernstein and Sanders, was up to date. It was announced that Stranger Cotten was in waiting to receive the Page rank, and the lodge opened in that rank and the applicant was introduced and initiated into the mysteries of that impressive work. As usual, many visitors were present, and under the head of "Good of the Order" considerable oratory was displayed by Brothers Rouse of San Jose lodge; Wakefield of Pride of Butte lodge; Langreidge of Riverside, and Shriner of Bay City lodge.

Tomorrow night the Page rank will be conferred on Stranger Bell. Sojourning members of the order are cordially invited to be present.

Rathbone Sisters.

Calanthe Temple, order Rathbone Sisters, at its last meeting, initiated three applicants.

Degree of Honor.

Ivy Lodge, No. 4, Degree of Honor, A. O. U. W., had a very large attendance at its meeting Wednesday evening.

One new member was balloted for and elected. Several new members will be initiated at the next meeting.

The Dramatic Committee reported progress.

The engrossed resolutions to be presented to Grand Lady of Honor Mrs. Mayon were accepted, and the Committee on Resolutions of Condolence was appointed to call on and present them to the bereaved sister.

Recorder Sister Bradley stated that she had sent invitations to Silver Star, Dawn of Hope and Minerva Lodges, Degree of Honor to be present next Wednesday evening at the reception to be given by Ivy Lodge to the Grand Chief of Honor, Mrs. Masters.

Past Chief of Honor Mrs. Ingler, chairman of the Special Committee on Entertainment, requested all those who so desired to bring their contributions of cakes, delicacies and flowers Wednesday afternoon to the hall, as some of the committee will then be present to receive them.

Grand Usher Sister Lewis was present and made a few pleasant remarks.

Brother A. A. Wood, who is down from Placerville, at the miners' meeting called to see his old friends of Ivy Lodge, and in his usual happy manner told how he and Past Chief of Honor Sister Wood are enjoying themselves in that far away, but pretty little town.

The lodge adjourned early, in order to give the military sisters a chance to go through their intricate evolutions, with which they soon intend to surprise the lodge.

Nomination of officers will take place next Wednesday evening. The election will occur the first Wednesday in December.

In all probability Ivy Lodge drill team will assist in the exemplification of the initiatory work before the grand chief of honor next Wednesday evening.

Young Men's Institute.

Oakland Council, No. 6, will hold its next regular meeting next Tuesday evening, on which occasion the "Rights" will have the floor. Brother George Brown, who is captain of the "Rights," promises a good programme for the evening, and it is hoped all members will be present.

Catholic Ladies' Aid Society.

The Catholic Ladies' Aid Society will hold its regular meeting Monday evening, November 16th, at Y. M. I. Hall, 1058 Broadway.

Sons of St. George.

Albion Lodge, Sons of St. George, gave one of its well known stag parties on the 11th inst.

About 400 guests enjoyed the bounteous refreshments provided in this lodge's usual custom.

The following programme was rendered: Overture, piano, violin and cornet; Albion Quartette, song; H. Baker, song; G. A. Hall, song; three round boxing match between C. Tye and N. Smith of the Acme Club; club swinging, C. Slamberg; wrestling match, Messrs. Collier and Turner, Acme Club; boxing, three rounds, Kirchener and Macnamara, Acme Club; violin solo, M. M. Sercheter; Mr. Howden, song; orchestra, overture; C. L. Trow, song; Parker, song; Mr. Gray, recitation; J. Healy, recitation; Hugh Cress, song.

DENIES EVERY POINT.

Aleck Rosborough Replies on the Whidden Matter.

A New Point Raised as Regards Expert R. K. Snow's Report.

Ex-County Tax Collector Rosborough has made the following reply to the specific demand on him in the proceedings now in progress to decide formalities in connection with the dispute over the funds of the Tax Collector's office. As far as Mr. Rosborough is concerned the matter is simply to decide whether or not County Auditor Whidden was his agent:

OAKLAND, Cal., Nov. 9, 1896.

To M. A. Whidden, Auditor of the County of Alameda, State of California, and to Chas. E. Snook, District Attorney of the County of Alameda, State of California—Gentlemen: I have had served upon me a demand for moneys which were not collected or receipted for by me, by my deputy or by my or his authority, and I herewith make answer.

I deny that any amount or amounts of $691.10 was collected by me or by my deputy or by my or his authority, between the first Monday of October, 1894, and the first Monday of January, 1895, as and for State and county taxes which was not accounted for by me according to law.

With regard to tax statement marked Exhibit "A" I deny that same is a statement showing the amount or any amount of State and county taxes collected by me not properly accounted for.

I deny that I have in any way failed, neglected or refused to pay to the Treasurer and into the Treasury of Alameda County, State of California, any and all amounts collected by me or by my deputy or those authorized by him or me to collect, between aforesaid dates.

Specifically, I deny that tax bill No. 307, George Schmidt, in Berkeley assessment roll, first or second installment, was collected by me or by my deputy, F. B. English, or by any one authorized by me or by him to do so.

I deny that I signed said bill or that my deputy signed said bill or that I or he authorized the signing of said bill.

I deny that said bill is properly signed.

I deny that the money, the amount of said bill, was paid to me or to my deputy or to any one authorized by me or him to receipt for same.

I deny that the amount of said bill or said bill was paid at the cash windows, and I deny that any money was paid and receipted for in any place other than the cash department, and then only to certain clerks authorized by me or my deputy to receipt for same.

I deny that said money was so paid.

I deny that said bill was properly receipted.

I deny that any other than a specially designated stamp was used for the receipting of tax bills, except in exceptional cases, and I deny that the case here referred to was an exceptional case.

I deny that there was any necessity for any delay in receipting and delivering said bill if properly and regularly paid.

I deny that the county tax rolls of Alameda County showed this bill to be paid when the rolls were turned over by me to my successor.

I deny that said rolls were stamped "paid" by me or by my deputy for the aforesaid bill or by my or his authority.

I deny that the stamp used in marking said assessment "paid" is the stamp specially designated by me for that purpose.

I deny that any other than said specially designated stamp was authorized by me or my deputy.

I deny that whoever made or placed any stamp other than that designated by me on said assessment of said assessment roll was authorized by me or by my deputy to do so.

I make the same general and specific denial regarding each of the following assessments as per exhibit "A."

In Berkeley roll No. 1 of the assessment rolls of Alameda County aforesaid, assessments Nos. 401, 432, 427, 624, 631, 892, 1310.

In Berkeley roll No. 2, assessment Nos. 2210, 22 5, 2241, 2246, 2466, 2631, 2638, 2932.

In Haywards, No. 2, assessment Nos. 8, 12, 31, 72.

In San Leandro, assessment No. 405.

In Washington Township, assessment Nos. 194, 612, 1329.

In Eden Township, assessment 205.

In Oakland City, Vol. 2, assessment 2036, Vol. 5, assessment 7700, Vol. 6, assessment 11,540.

In Oakland Township, assessment 2878.

I make the further and general and specific denial with regard to assessment 1482, 1483 of Oakland City, and assessment 194 of Washington Township.

I deny that any aggregate amount of $453.27 was collected or receipted for by me or my deputy, or by any one authorized by me or him to do so, between aforesaid dates which was not properly accounted for according to law.

Regarding the attached general statement following exhibit "A," and deducting from same the $453.37, already referred to, I deny that this balance of $107.83 is owing from me.

No specific demand was made for same but I hereby deny that the same was collected by me or my deputy, or any one authorized by him or me to do so.

If, however, it can be shown in any reasonable manner that said, or any other amount is due from me, which has been properly received and receipted for and which through any clerical error on my part or on the part of my deputy, or any one authorized by him or me, has not been properly accounted for, I am ready as I always have been to account for same, but allow me to call your attention to the following facts:

Mr. R. K. Snow, expert, made a list of all unpaid taxes at the time the rolls were turned over by me to my successor, and deducted the total amount of said list from the total amount of the assessment as furnished by the Auditor, and compared this balance with the total amount of money turned over by me.

It apparently did not balance by some ninety odd dollars.

Suppose Mr. Snow to have taken off a list of everything marked paid, or the total amount collected by me and that by deducting this amount from the total assessment as furnished by the Auditor, the same difference appeared, as apparently due from my successor, then most certainly such amount of ninety odd dollars would not be due from me, would not be due from my successor, but is a clerical error in the extension of the tax rolls themselves.

Now, I am prepared to show that clerical errors do exist in the extension of the assessment rolls, to what extent I do not know.

I believe the expert and clerks in my office were as competent and accurate as it is possible for man to be, and I offer the refiguring of the tax stubs of Nov. 20th to prove this fact.

I further beg to call your attention to the fact that although the expert finds a difference of ninety odd dollars by figuring one way and presumes this to be either due from me or a mistake in the rolls, nevertheless, in his last report on my stubs, he makes the county owe me (after correcting his additions for Nov. 20th my footings for that date proving correct) the sum of $377.40. Will this be refunded I ask?

I do not ask for it. It has been my endeavor to employ only competent men, and I believe they were exceptionally so. I believe my footings correct. I will stand on them.

Requesting a speedy determination of this matter, I remain respectfully,

ALEX J. ROSBOROUGH.

THE GREATEST SCIENCE.

Do you know how LITTLE you really KNOW about the science of life insurance? If you do you are a wise man. If you are an attorney and have an intelligent conception of the science of life insurance, I shall be pleased to make your acquaintance. You will be the first lawyer I have ever met who has more than a smattering of knowledge on this subject, and "a little learning is a dangerous thing" for your clients. If you are a physician, you may understand the law that governs "mortality." This would be expected. But you must understand more than that to have even a faint glimpse of insurance. It is one of the "pillars." If you are a banker, you may understand something of the law of finance. You may understand this thoroughly, and yet be entirely ignorant of the just value of a given contract. If you are a banker and have a good understanding of insurance, I shall be glad to meet you. I have not met a banker who had an intelligent conception of a life insurance contract.

Why is this? Because the science of life insurance is greater than the science of law. It is greater than the science of medicine. (Sir Astley Cooper declares the science of surgery to be the science of butchery.) It is greater than the science of banking. And just as long as it remains true "that the sum of the whole is equal to the sum of all its parts" just so long will scientific insurance form a study that is deeper and wider than any of the parts of which it is composed. The Mutual Life of New York is the largest financial institution on the globe, placing the Bank of England with its multi-millions in the shade. The Oakland office is at 962 Broadway.

Only One Small Matter to Be Arranged About Venezuela.

KING OSCAR'S POSITION.

An Agreement And a Treaty Part of the Affair.

COMMENTS IN ENGLAND.

Surprise Over the Great Power of the United States.

By Associated Press to The Tribune.

WASHINGTON, Nov. 12.—But one point—a matter of detail and not of merits, remains open between the United States and Great Britain in the settlement of the Venezuela question.

The cablegrams passing between London and Washington give every reason to believe that this point, which has delayed the formal affixing of signatures to the arrangement of the settlement, will be determined within a day or two.

It has been found no easy task to take the Lord Chief Justice, Solicitor General or other eminent British judicial functionary from his present important duties, and charge him with other duties which may take months or years in execution. For that reason it has been considered wise to settle the matter at the outset.

The point remaining to be settled relates wholly to the personnel arbitration by the tribunal and in any event will not effect the merits of the agreement already reached.

The arrangement as to King Oscar II. of Sweden, is final as far as Mr. Olney and Sir Julian Pauncefote are concerned.

The agreement on the King as chief arbitrator was made under the same circumstances and conditions that always attach to the selection of a ruler of a nation.

Diplomatic usage implies that the King could name another nominal representative to relieve himself of the more laborious duties of the position.

There is much amused comment among those intimately familiar with the facts at the efforts in some quarters to make nice distinctions, as to the terms of King Oscar's service and to the question of the service itself, when in fact this branch of the subject was removed from the field of discussion some days ago.

Now that the facts of the agreement are known, fuller information is obtainable as to the form of compact taken.

There are two distinct papers in the transaction. First, and by far the most important, is in the nature of a solemn agreement between the United States and Great Britain on the terms on which the boundary question will be settled and the form of the court arbitration. It is lacking in the technical characteristics of a treaty and in form is a final agreement duly signed by representatives of the two Governments.

Then, because the subject matter of the boundary itself lies between Great Britain and Venezuela, a second paper is made necessary.

This is in the form of a treaty, the contracting parties being Great Britain and Venezuela. This will explain some of the ambiguity in terms that have arisen as to the agreement and teraty.

Literally the United States and Great Britain have made an agreement by which the terms of the arbitrtion treaty between Great Britin and Venezuela are framed. Each instrument will relate to the other and will be part of the common understanding on the entire subject.

In this way Venezuela retains her attitude as a contracting party to the final traty. But as the treaty is shaped by agreemen, the United States is the instrumentality by which the full results are accomplished and names two of the judicial arbitrators.

ENGLAND'S STAND.

LONDON, Nov. 12.—An official of the Foreign Office said today it was not likely King Oscar II. of Norway and Sweden would sit with the four Venezuelan arbitration jurists, intimating he would be represented by a fifth jurist to be nominated by himself.

The report published here this morning that the Chief Justices of the United States and Great Britain would not select natives of the United States to act as arbitrators is denied.

It is added the Chief Justice will have nothing to do in the matter.

The St. James Gazette publishes a leading article headed: "An Historic Moment" in which it says: "Lord Salisbury's great admission of the principle that the United States has a right to intervene in frontier disputes of American powers and compel the disputants to arbitrate altogether transcends in importance the question of the Guiana boundary. It is a formal recognition of the control of the United States on the American continent and gives the President a position in the New World which the mediaeval Popes and Emperors tried vainly to claim in Europe."

SPEECH BY BEN HARRISON.

Farmers Want Soon a Special Session of Congress.

By Associated Press to The Tribune.

INDIANAPOLIS, Nov. 12.—The first business to come before the Farmers' Congress today was the memorial address to Congress prepared by the committee, of which William Lawrence of Ohio is chairman.

The memorial as adopted says that the Farmers' National Congress is not a political party organization; that the recent election of President and Representatives in Congress has, for the time, settled the question that "most ample protection" shall be extended to agricultural products in common with those of other industries.

The memorial suggests changes in the Dingley tariff bill, among them being the striking out of the "skirting clause," which originated in the tariff bill of 1890.

It also asks for the passage of a bill proposed in the memorial and prepared by the National Wool Growers' Association at Washington in 1885, in aid of the sheep husbandry.

The memorial says further it is desired by the farmers of the Congress that, after March, 1897, the President shall call an extra session of Congress at the earliest practicable time to enact a protective tariff law.

The memorial also protests against delay.

Ex-President Harrison addressed the body at length. He said:

"Don't fight as one that beateth air. I have no patience whatever with those people who are always fighting air. If you have something to antagonize, out with it. Specify it. Make your attack directly. It must be so attacked if the attack is to be effective. If there are abuses of any kind in the legislation or in the business of the country, let us fix the public eye upon them until we have exposed the evil and then we can trust the country to make it right. It is mischievous to denounce classes and this thing and that. If there are trusts, let us know it, and bring legislation to bear upon them and court decrees to bear upon them, and then we have accomplished something."

MUM'S THE WORD.

The Proposed Russo-German Debate Not Favored.

By Associated Press to The Tribune.

BERLIN, Nov. 12.—The Hamburger Nachrichten publishes today another article inspired from Friedsrichsruhe, in which the proposed debate in the Reichstag on the Russo-German treaty of 1884-'90 is deprecated.

The article, however, says:

"It would be of special interest to learn why Caprivi, in 1890, felt compelled to cut the wires which still held united Germany to Russia."

Continuing the Nachrichten says:

"The question now arises whether a powerful neighbor like Russia is in closer touch with us or with our opponents in Europe. This question is of paramount importance to all Germany, as is also the question whether the British policy is striving to exercise influence over our policy the result of which would not be altogether to the advantage of Germany. We think that the explanations would exercise a tranquillizing influence upon the public and strengthen the attachment of Germans to their institutions."

The Ferry Boat Burglars Brothers of Murderer Kelly.

HOW THEY WERE IDENTIFIED.

A Sheriff's Receipt Plays An Important Part.

A DETECTIVE DOES THE REST.

One of the Suspects Has Already Done "Time."

A Deputy Sheriff from Marin County this afternoon identified the two ferry boat burglars who gave the names of James Carlin and William Hawley.

They are none other than William and Arthur Kelley, brothers of Robert Kelley, the notorious convict now serving thirty years in Folsom penitentiary for the murder of a fellow convict while serving time in San Quentin.

The receipt for $44.35 signed by Sheriff Henry Harrison of Marin County and which was found in the pocket of Carlin is the first thing which led towards the discovery of the prisoners' identity. It was taken from the men upon their arrest and a letter was sent to the Marin official, asking for information regarding it. An investigation of the sheriff's books showed that the money had been turned over to Wm. Kelley at Robert Kelley's request while the latter was in the Marin County jail awaiting trial for the murder committed in the penitentiary.

Sheriff Harrison further writes in his reply, which was received today by Chief Lloyd, that the brothers frequently visited Robert Kelley while he was in jail and the description which he gives of them closely tallies with the men now in the city prison.

An investigation of the penitentiary records shows that William Kelley made his debut as a criminal some time ago for committing a robbery in the southern part of the State for which he served six years in Folsom.

The suspects were in the Police Court this morning and were formally arraigned. Their preliminary examinations were set for Monday.

The Knights of Labor Handle Some Interesting Resolutions.

By Associated Press to The Tribune.

ROCHESTER, N. Y., Nov. 12. — The General Assembly of the Knights of Labor today passed a resolution declaring for the enactment of a graduated income tax law.

Failing to procure this at the hands of the next Congress, it is declared the intention of the Knights to use all their influence to have the demand for such a tax incorporated into the platform of one of the great political parties, and if they fail in that there will in all probability be an effort made to set up a new political party.

Resolutions have been offered in favor of the initiative and referendum, opposing the issue of National Bank notes and declaring that all money should be issued exclusively by the National Government.

The present General Master Workman, James R. Sovereign, and T. B. McGuire, a member of the Executive Board, are leading candidates for the office of Grand Master Workman.

TOO ILL TO TRAVEL.

Mrs. Castle's Journey Home Is Delayed for the Present.

By Associated Press to The Tribune.

LONDON, Nov. 12.—Since the release of Mrs. Walter M. Castle of San Francisco from Wormwood Scrubbs Prison, her condition of health has been so serious that the doctors now refuse her permission to sail for the United States at present.

AMOUNTS TO AN ACQUITTAL.

LONDON, Nov. 12.—Bernard Abrahams of counsel for the Castles said to the representative of the Associated Press today, referring to the surprise expressed in the United States that Mrs. Castle had been advised to plead guilty, that it was generally felt in English legal circles, in view of the change brought about by the law of 1888, that the course adopted was right, and that the Home Secretary's order to release Mrs. Castle is a complete vindication of the soundness of this advice and is a virtual acquittal.

Burglars Loot a Catholic Church at Red Bluff.

By Associated Press to The Tribune.

SAN FRANCISCO, Nov. 12.—The testimony closed today in the case of Mrs. Susie B. Martin, charged with the murder of her husband, John T. Martin, the politician. The evidence all told the story of brutality and neglect on the part of the husband, who flaunted his infidelity to his wife, and when the latter was starving and applied for assistance, greeted her with curses and obscenity.

The closing arguments are being made this afternoon and the case will go to the jury this evening.

DEADLY PISTOL IDENTIFIED.

Proof of the Adage That "Murder Will Out."

By Associated Press to The Tribune.

NAPA, Nov. 12.—In the trial of William Roe, alias Moore, for the murder of Mrs. Greenwood, Hugh Kelly, a neighbor of Greenwood, testified to finding Mr. Greenwood bound and bleeding near the fence where he had crawled to seek aid.

Sheriff McKenzie identified the gags and cords with which Greenwood was bound.

Doctors Haun and Pond testified to holding an autopsy on the body of Mrs. Greenwood. They found that death was caused by administering poison, arsenic and chloroform, preceded by strangling. She was also shot through the head after death.

Mrs. Hannah Moore, neighbor of Greenwood's, testified that Mrs. Greenwood had visited her on February 9th.

She wore at that time a cloak which she had on when she was murdered.

George Knox testified that he met the defendant when he went to work for Peter Lynch. Roe wore then a ring and watch chain similar to the one the murderer had on. The defendant also had a number of bottles of drugs and two pistols. Witness identified one pistol offered in evidence.

Herman Meyer, railroad track-walker, testified to finding the pistol offered in evidence under the road.

Fred Stemmle, Solano County constable, testified to seeing Roe and Carl Schmidt at Vallejo Junction on February 5, 1891, and that Schmidt had sold him a watch for $4. The witness positively identified Schmidt.

MARRIED A DUCHESS.

A Swell Ceremony Takes Place This Afternoon in London.

By Associated Press to The Tribune.

LONDON, Nov. 12.—Sir Albert K. Rollit, M. P. for the South Division of Islington, and president of the Associated Chambers of Commerce for the United Kingdom, was married this afternoon at St. George's Hanover Square to the Dowager Duchess of Sutherland, who as Mrs. Blair visited the United States with the third Duke, afterwards her husband, some years ago.

After the third Duke's death in 1892 she disputed his will with the present Duke and spent six weeks in Holloway jail for contempt of court.

Sir Albert K. Rollit is a wealthy ship owner, and is conservative in politics.

The Dowager Duchess was a daughter of the Rev. Richard Mitchell, D. D., principal of Hertford College, Oxford. Her first husband was Captain Arthur K. Blair of the 71st Highlanders.

Only relatives of the parties and a few intimate friends were present at the ceremony.

Mrs. Dr. Mary Wood-Allen, National Superintendent of purity work for the W. C. T. U., presided at the opening session of the purity conference, in the Second Presbyterian Church.

This session was a series of object lessons taught by songs and pictures, following the address by Mrs. Allen, who made an able argument for one code of morals for both sexes.

A CORPORATION VICTORY.

A Notable Decision Given in Chicago's Federal Court.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—Judge Showalter, in the Federal Court today, returned an important decision in the rebate case of the whisky company.

The jurist decided the compact involved in rebate vouchers is legal, understanding it does not preclude buyers from purchasing elsewhere.

The terms merely stipulate that the buyer takes the goods from the American Spirits Company, and if he wishes to take advantage of the rebates, he must deal elsewhere.

The decision is of the highest importance, since it confirms the trade methods of the sugar trust and other corporations.

PERSONAL BRAVERY SHOWN.

The Captain-General Would Not Desert His Position.

By Associated Press to The Tribune.

HAVANA, Nov. 12.—The following details have been received from the front of the capture of the Insurgents' positions in the mountains of El Rubi, Province Pinar del Rio, by the forces under the command of Captain General Weyler was exclusively announced in the Associated Press yesterday.

Operations began Monday.

The plan of the Captain General was to advance on the Insurgents' position with his forces divided into three columns.

General M. Munoz at the head of six battalions of all arms entered the mountains district by Manuelita.

General Echague with four battalions from Artemisa, entered the mountains by way of Cayajaba while Honot, Seget with his column advanced from Lerma on the Insurgent position.

Captain General Weyler with the Reina, Castilla America, Barcellona and Puerto Rico battalions and six field pieces pushed forward from Mariel to attack the Insurgent front and cover the probable outlet from the mountains.

The Insurgents believed they held strong positions and they undoubtedly occupied points most favorable for defense.

General Echague, advancing from Artemisa toward Cayajaba and thence into the mountains had a better road and his troops were first to engage the enemy. After sustaining a sharp fire these troops captured the Insurgents' position in the pass at the south entrance of the mountains.

At daylight Tuesday, troops of General Echague were reinforced by the column commanded by General Aguilar.

The combined forces at the point of the bayonet captured in succession all the Insurgent positions.

The enemy defended their works with tenacity, but the Spanish troops succeeded in occupying the heights of El Rubi, the principal Insurrent defense in the vicinity of the military line.

It is believed the greater part of the Insurgents in the Province of Pinar del Rio took part in this engagement.

The Spanish troops lost six men killed. General Echague had six officers of minor rank and fifty-four soldiers wounded.

The Insurgents left seven men killed on the field. Their actual loss is not known.

General Echague was shot in the hip after the actual fighting was over.

During the engagement a shower of bullets fell over General Weyler and staff, whereupon somebody expressed anxiety as to the safety of the Captain General.

To this he replied: "The bullet which will kill me is not yet cast."

General Echague and other wounded have arrived here.

General Lono, after embracing Echague, asked after his health. He replied: "I am doing tolerably well under the circumstances."

Eight Hundred Laborers to Be Imported to Panama.

They Come From Africa and Will Get Eighty Cents a Day.

By Associated Press to The Tribune.

NEW YORK, Nov. 12.—A dispatch to the Herald from Panama says:

Mr Mange, formerly director-general of the Panama Canal Company, arrived here on the steamer Midway. It is understood that he comes to occupy the position of director of the works in the Canal Company. He rendered good services formerly and is an efficient engineer.

The steamer Castle is shortly expected from Colon with about 800 African laborers from Sierra Leone for the canal. Their pay will be 80 cents, Colombian currency, per day

El Correo Nacional of Bogota, referring to the alleged offensive and defensive alliance between Ecuador and Venezuela, says: "We are authorized to state that there is no truth in the statement that a treaty offensive and defensive has been celebrated between Ecuador and Venezuela, merely a treaty of friendship and commerce which was publicly discussed in recent sessions of the Venezuelan Congress."

It has been proposed to Congress to send the Colombian gunboat Bogaca to Guayaquil, Ecuador, to transport to this country Colombian citizens who were rendered destitute by the recent disastrous fire in that city.

The Herald's correspondent in Guayaquil telegraphs that the government of Ecuador has ordered the Jesuit fathers settled in the eastern part of the Republic to leave the country. It is alleged that they have been fomenting revolutionary movements. The reconstruction of the burned district in Guayaquil is being rapidly pressed

The Chilean cruiser Presidente Pinto is now in the harbor at Guayaquil.

THE DOG DIED.

But the Man Who Killed It Was Not Guilty of Cruelty.

Carl Johnson was this morning found not guilty of cruelty to animals by Judge Lawrence, sitting as Police Magistrate.

The defendant was the coachman employed by the late Dr Pardee, and on the day of the Republican primaries, while driving on Telegraph avenue near Twenty-sixth street, ran over and killed a dog belonging to W. E. Elliot

Mrs Sanford of the Humane Society took up the case, but the evidence was contradictory, and Johnson was given the benefit of the doubt

BUTCHERED AT LEADVILLE.

Five Smelter Men Brutally Assaulted by Angry Miners.

The Injured Ones Mistaken for a Gang of Foreign "Scabs."

By Associated Press to The Tribune.

DENVER, Colo., Nov. 12.—A special to the Times from Leadville, Colorado, says: "A fight occurred in a saloon this morning in which five men were stabbed. One whom, at least, will die. The injured are: Stephen Frankowitz, wound fatal, Jerry Dormandy, wound serious, Joseph Austerman, badly cut, John Jackson badly cut; an unknown man, wound serious.

Fifteen of twenty were engaged in the affray. A party of Austrians was followed into a saloon by some striking miners who called them scabs

The Austrians resented this. A fight began in which knives were the only weapons. When the police arrived, all the fighters escaped except those too badly wounded to flee

Frankowitz, Dormandy, Austerman and the unkown man were captured. Jackson escaped.

The Austrians are union smelter men but were mistaken by the miners for men who had taken their places in the mines

INDIAN SCHOOLS.

The Contract System Is to Be Gradually Stopped.

By Associated Press to The Tribune.

WASHINGTON, Nov. 12.—Estimates for the entire Indian service for the fiscal year ending June 30, 1898, to be submitted to Congress at the opening of the session, call for the appropriation of $7,250,000 in round numbers. This is $100,000 more than the appropriation of the current fiscal year

The increase is due to the policy of the government adopted at last session of Congress to abolish gradually the contract of Indian schools and place all Indian schools absolutely under government control.

Half the number of Indians are now attending contract schools, but all are required to be in the regular government schools within twelve months from the end of the present fiscal year.

A CHECK FOR CHILDREN.

New Yorkers Propose to Keep Them Off the Streets.

An Ordinance Successfully Tested in Other Leading Cities.

By Associated Press to The Tribune.

NEW YORK, Nov. 12.—It is possible that an ordinance will soon be passed by the Board of Aldermen of this city forbidding boys and girls to be in the streets at night. Strong arguments in the affirmative will be laid before the Board and the advocates of the measure, the chief of whom is Mrs John D Townsend, have hopes that they will prevail.

The ordinance under consideration provides that all children under 16 years old shall be indoors by 8 o'clock in winter and 9 o'clock in summer. The police are instructed to enforce the rule, and penalties are being provided for its violation. With a long record of crimes committed by New York children, Mrs. Townsend will present to the Board of Aldermen evidence of the successful operation of the ordinance in Western cities where it has been put in operation.

It is now in force in Omaha, Lincoln, St Joseph, Lawrence, Kansas City and about two hundred other cities and towns. The Mayors and police authorities of these places are unanimous in testifying to the good effect of the ordinance and the decrease in crime which it has effected.

WANTS THE STRING CUT.

Rusie of the New York Club Tries to Force a Release.

Novel Effect of His Suit If He Should Meet With Success.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—Failing to secure his release from the New York Baseball Club at the hands of the National League, Amos Rusie, the Indianapolis player, filed a bill for an injunction in the Federal court today, in order to secure his release by legal process.

Incidentally, Rusie's application, if granted, would mean the right of reservation, exercised by baseball clubs, has no legal standing and makes an open field at the close of each season for contracting players for the following season.

The bill for the injunction declares that combination in the National League is unlawful and unreasonable and, if enforced, will work irremedial hardships to the complainant.

In addition, Rusie began suit for the recovery of $50,000 damages by reason of the conduct of the New York club in depriving him of the opportunity of following his profession.

FOUGHT WITH BURGLARS.

An Exciting Midnight Fray in a New York Town.

By Associated Press to The Tribune.

ROCHESTER, N. Y., Nov. 12.—A special to the Post Express from Bolivia says one burglar was shot to death and another wounded and captured at 2 o'clock this morning in Ellis, Genesee County, while resisting arrest after entering W. A. Hundermark's general store

The burglar alarm in the store awakened the proprietor in his dwelling.

He summoned citizens who surrounded the store and called on the burglars to surrender.

The robbers showed fight.

Many shots were exchanged.

Afterwards one burglar was found dead behind the store.

His companion was wounded and surrendered.

He says his name is George Stevens, but refuses to say more.

STOCKS STIFFEN.

A Steady Feeling Now Evident in the New York Market.

By Associated Press to The Tribune.

NEW YORK, Nov. 12.—Trading in the stock market was light at the opening. Decided weakness prevailed. Manhattan sold off 2 per cent to 90 on disappointment at the failure of the confirmation of recent favorable gossip and the poor statement published yesterday. Bay State gas, on a new application for receiver, sold off 3%. Changes in the railway list were mainly fractional.

The selling movement soon exhausted and under renewed buying for long account, values stiffened sharply with Manhattan and low-priced shares most prominent. Continued offerings for foreign account tended to encourage the bears, but the losses were not material.

Trading lacked improvement feature up to noon and although prices moved irregularly, the range was narrow. A fairly steady tone prevailed at midday.

The War-Talk Regarding Spain and America Distorted.

Official Denial of the Rumors That Started All the Stories.

By Associated Press to The Tribune.

MADRID, Nov. 12.—With regard to the dispatches from Washington on the subject of a possibility of trouble between the United States and Spain, it is officially denied that the Spanish Premier, Senor Canovas del Castillo, has communicated with the powers with a view to seeking support against the United States.

It is explained that the story is probably a revival of the report circulated August last, when Spain prepared a memorandum on Cuban relations with the United States, suggesting that the powers assist Spain in bringing amicable pressure to bear on the United States.

On the occasion indicated, and by the advice of the Ambassadors of the powers, the Spanish Minister of Foreign Affairs consulted with the United States Minister at Madrid before sending the memorandum

It was the view of Minister Taylor that a dispatch of such note directly after President Cleveland's proclamation calling for the observance of neutrality laws would be calculated to seriously affect the relations between Spain and the United States, and in deference to that expression the Spanish Minister of Foreign Affairs assured Minister Taylor that the memorandum would be withheld, also stating that no offense was intended to President Cleveland or the Government of the United States, and that Spain only desired to sound the powers with a view to contingencies which might arise out of the Presidential election.

It is now added that the possibility of war between the United States and Spain is regarded as most remote.

It is pointed out that Spain remained perfectly neutral during the Presidential election.

IN VERY POOR SHAPE.

Trouble in the American Wheelmen's Protective Association.

A Receiver Has Been Sought and Serious Charges Made.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—Receiver for the American Wheelmen's Protective Association was asked for in the Circuit Court today by P. H. Barker, a stockholder The concern is widely known among wheelmen, as it was endorsed by the League of American Wheelmen.

The association was incorporated November 23, 1891, with a capital stock of $1,000 and notice was given that it would be increased to $25,000, but this never has been paid in The bill says that Edward D Sniffen, the secretary and treasurer, issued to himself 49,000 shares representing an increase and 5,000 shares of over-issue, at a par value of $2, or $99,000 altogether. Sniffen, it is alleged, expended on this personal account all the $30,000 collected except $6,500 used for expenses of the corporation It is claimed that assets do not exceed $5,000 and that the concern is liable for 23,000 wheels valued at $50 each. All officers are defendants.

AGAIN SEEKS FREEDOM.

Mrs. Thomas B. Freeman Tired of Married Life.

Serious Charges Made for the Purpose of Getting Relief.

A sensational divorce suit has been filed by Attorney Fred W Fry. It is that of Sarah Freemen against Thomas B Freeman, a blacksmith of this city.

The Freemans were married at San Diego in September, 1887, and up to March, 1895, seem to have led a very happy married life A little over a year ago a woman, it is alleged, came between them, and since that time Mrs. Freeman's lot it is said has been an unenviable one. The woman Mrs Freeman charges in her petition is Eva Allen Bryson, who formerly lived at Haywards, but who is now a resident of this city.

It is also alleged that Freeman was at all times ugly and cross with the plaintiff, calling her vile names and heaping abuse upon her.

According to Mrs. Freeman, Lafayette Park was the favorite place for Freeman and Bryson to hold clandestine meetings.

Mrs. Freeman also charges that her husband has failed to provide for her and that she has had to depend upon her friends for support. She claims that he is a first class blacksmith, capable of earning $3 a day, and she asks for $50 a month alimony

Judge Ogden this morning made an order restraining Freeman from disposing of his blacksmith's tools or other property.

THE OFFICIAL TOP NOTCH.

Wheat Rises to the Highest Point of the Year.

At the Close of the Market It Had Dropped Below.

By Associated Press to The Tribune.

NEW YORK, Nov. 12.—Up to mid-day speculation in wheat was narrow and prices were lower, December breaking to 86½c. The afternoon market, however, developed a jump of almost 3c per bushel.

Extensive local short interest was created in the early break and was driven in by an upturn. In addition there was firmness of closing in the cables and reports of another cargo of California wheat for the Cape and liberal buying here.

December rose to 89¼c and the official top notch for the year, closed at 89⅛ cents or 2⅞ cents over last night The sales for futures aggregated 7,400,000 bushels.

RETIRING FROM BUSINESS.

OAKLAND OFFICE

Gas, Light and Heat Company,

N. W. Cor. of Thirteenth and Clay Sts.

OAKLAND, Cal., Sept. 30, 1896.

TO THE PUBLIC:

We want to interest you in the matter of Gas Stoves. We can sell you a stove which will do all your cooking, for a less sum than you can buy either a wood or a coal stove, and the price of gas will make it cost you less per month than any other fuel you can buy.

You must have heard of the stoves from your neighbors for more than 1000 are in use in this territory.

They boil, roast, broil and fry. They don't heat the kitchen. They are clean.

If you use 1000 feet a month you get gas at $1.75 per thousand—We sell a stove for $12 placed in your house, and you are instructed in its care and management. It don't cost you anything for all time to keep it in repair and condition, as we do that for you free of expense.

We have stoves with waterback attachments, and a variety of patterns of stoves ranging in price from $12 upwards.

We trust that you will find time to call and investigate the conveniences and advantages attending the use of gas for fuel. Heating stoves of all kinds from $1.50 upward. Yours very respectfully,

JOHN A. BRITTON, Secretary.

THE CHARMS OF CHARITY.

Great Good Has Been Done by the Organization Here.

Plans Advanced for Giving Steady Work to Poor Women.

The Employment and Executive Committees of the Associated Charities held a meeting yesterday and discussed the advisability of giving regular employment to women. The Employment Committee favored a plan establishing a laundry and sewing shop for poor women, where they could be properly trained in these branches of work. The laundry would to a certain extent be self supporting, and the promoter of the scheme, Rev. H. M. McKnight, felt sure that some one would donate a house which could be used as employment rooms for women. The plan was thoroughly discussed, and finally Rev. H. M. McKnight, Jas. P. Taylor and D. C. Brown were appointed a committee to further investigate the matter and report at a meeting of the General Committee tonight.

The superintendent, Mrs. H. M. Kelly, made the following report:

During the month of October there were sixty-one applications for relief. Of this number nine were family cases, twenty-two new single cases, eighteen re-current family cases and twenve re-current single cases.

Referred to and assisted by the Oakland Benevolent Society, twelve family cases and eighteen single cases.

Referred to the Episcopal Church, one family case; to private individuals, two families, to the Catholic Ladies' Aid Society, one family and one single case, to the M. E. Church, one family, to the Associated Charities of San Francisco, one person; to the Fabiola Hospital, and admitted, one person, to the Supervisors, one family and one single case, to the Health Officer, one person, to the Baptist Church, one family; to the Presbyterian Church, one family.

The Employment Bureau, independent of the wood yard, found work for fifteen persons, one man, one boy and two girls secured permanent places and four women and eight men worked twenty-two days. Out of the fifteen employment cards sent out from the office those returned showed that the sum of $22 had been earned for days' work.

Ten meal tickets and two lodging tickets were returned by parties receiving the same from private houses. The superintendent during the month made ninety-three calls.

We have investigated two cases for the Associated Charities of Los Angeles, one of which gave a false address and the other was found to be decidedly unworthy of any relief.

Reduced rates in transportation have been secured for two families, one going to Troy, New York, and the other to New York City.

Three single persons and two families were found to be impostors, giving fictitious names and false addresses.

Six men were sent from the central office to the wood yard, none of whom reported.

Respectfully submitted,
HELLEN L. KELLY,
Superintendent.

CONTINUING THE CAMPAIGN

Silver Men Form a Permanent Organization in Chicago.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—Silver men, under the leadership of I. N. Stevens, chairman of the Executive Committee of the Silver party, held a meeting at the Sherman House and decided to maintain a permanent organization.

It was planned by those present to continue independently the agitation for the free and unlimited coinage of silver at the ratio of 16 to 1. "Bimetallism" will be the new tocsin.

A campaign of literature, called by silverites an "educational" crusade, is to be conducted for the next four years. It is to be pushed in every States east of the Mississippi river.

OTHERS IN LINE.

PARKERSBURG, W. Va., Nov. 12.—Dr. M. S. Holt of Weston has received from Hon. W. J. Bryan a letter approving the work which Dr. Holt began of organizing permanent silver clubs in this State preparatory to the campaign four years hence.

After Bryan's defeat Dr. Holt organized a silver club at Weston with 118 members, and the club sent a letter to the defeated candidate. The letter received by Dr. Holt, who is president of the club, is in acknowledgment of the club's greetings. Mr. Bryan advised in strong terms a continuation of the discussion of the silver question and says it is bound to win in the end.

FLASH LIGHT PHOTOS.

Huge Pictures Taken of the Chicago Board of Trade.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—Six flashlight pictures, each 25x30 inches in dimension, were taken of the Board of Trade while that body was in session. The exposures lasted but one-hundredth part of a second for each.

The pictures, which are the largest photographs ever taken, are for the French Government and will be exhibited at the Paris Exposition of 1900.

Seventy-nine magazines of powder were distributed about the room, and were touched off simultaneously by an electric battery.

Died in Jail.

By Associated Press to The Tribune.

MEDFORD, Wis., Nov. 12.—Mrs. John Deuts, confined in the County Jail the past three months, awaiting trial on the charge of murdering John Dahlen, died suddenly last evening. Her husband, John Deuts, is also awaiting trial on the same charge. Deuts, his wife and Arthur Wadiger, their son-in-law, were arrested for Dahlen's murder December 28, 1895.

Had a Fatal Fall.

By Associated Press to The Tribune.

BURLINGTON, Iowa, Nov. 12.—County Treasurer Burrus, who was injured in the reviewing stand accident, together with Vice President Stevenson and others, on Governor's Day of the Iowa semi-centennial celebration, died last night of his injuries. He was about fifty years old and was highly respected.

Oakland Iron Works Sued.

The Oakland Iron Works has been made defendant in a suit brought before the United States Circuit Court by Alphonso B. Bowers, inventor of the Bowers dredger and John B. Brown, an owner of one-tenth of the right to sell the machine, for the infringment of patent. The plaintiffs declare that the directors of the Oakland Iron Works have been and are manufacturing their dredgers without legal right or permission and they ask for an injunction restraining further work and also for damages and an accounting for dredgers already manufactured and sold.

UNION LABEL

THURSDAY....NOVEMBER 12, 1896.

While the influential press of the country was on the side of the Republicans, these papers devoted nearly as much space to publishing the speeches of Bryan as they did to those of McKinley. Never in any former canvass was such liberality ever shown to an opposition candidate. Bryan's speeches were heralded all over the country by Republican papers. The speeches were faithfully printed, and generally with little or no comment. He was treated handsomely in this respect. The country was fully informed as to Bryan's position. It is quite likely, however, that this greater publication contributed to his defeat.

According to the Philadelphia Times, Mr. Bryan traveled 18,331 miles and made 592 speeches in 447 towns and cities, covering twenty-seven States, to audiences aggregating 2,000,000 people. His campaign covered the whole country from Bath, Maine, in the far East, to Charlotte and Memphis in the South and West to Grand Island in the interior of Nebraska, going North as far as Fargo in Dakota, Duluth in Minnesota, Marquette in Wisconsin, while the whole central belt of the country between Maine and Nebraska would require hundreds of dots on the map to locate the places where he delivered addresses. McKinley did not travel at all. He literally won by staying at home and making short speeches in his front door yard.

The Washington Star cites the suggestion of Chief Justice Fuller for social retrenchment. Talking a few days ago to one of the Northern Senators, he gave his judicial opinion "that there is a great deal of unnecessary waste in the matter of visiting cards indulged in by the women of our families. I know," he continued, "that when we moved into our new house there was a bushel basket of cards from the women of your household, and I am sure that if you took the trouble to look them up you would find an equal amount from mine. Now, I propose that we collect these bits of pasteboard and send them back to their respective starting points and I am sure we shall be in pocket to a considerable extent."

About 200 carloads of Mexican oranges have been shipped to the United States this year, and there is a prospect that about as many more will be shipped during the season. The San Diego Union adds the following: "In the Guaymas and Hermosillo districts of Sonora many new groves have been set out during recent years, and more are being planted. The total product shipped last year was about 400 carloads. This season it will be much larger, and it is estimated that by the year 1900 Sonora will annually send 1,000 carloads to the United States. The groves are cultivated by labor that costs 50 cents per day in Mexican currency, or about 25 cents in United States money. The growers are well satisfied if they get $1 Mexican per box, a little over 50 cents in our money.

Reciprocity That Does Not Reciprocate.

A Canadian high in office was reported a short time ago as saying that Canada would not only move for reciprocity with this country, but would move for more of it than had ever been conceded. The addition wanted was freedom for all Canadian vessels to enter the ports of this country as coasters. What is wanted is the right of Canadian vessels to enter all lake ports and the ports on the Pacific Coast. In short, to compete for the coasting trade in all the ports of the United States.

The former experiment of reciprocity with Canada worked a positive loss to this country. The bulk of the products which Canada has to sell come in direct competition with those produced here. They are fish, lumber, coal, oats, barley, wool, butter, cheese, beef, and pork.

Canada wants all the advantages that would result from an incorporation with the United States. Just now the plan of union is more remote than ever. A concession now of reciprocity in that direction would practically amount to free trade. The coasting business of the United States will never be shared with Canada as long as there is any recollection of the agency which brought about the loss of so much of the foreign commerce of this country.

The First of Better Days.

The list of 275 mills and factories giving employment to more than 155,000 persons is the result of the election which only occurred ten days ago. This is only the beginning of a new era. The Republicans promised better times if the country endorsed their ticket. It did endorse it with an emphasis that evidently meant business. Now there is no more money in the country than there was a week ago, and no more business men.

What has made the difference? It is simply that there has been a revival of public confidence. Without that there could be no revival of business. Money would not come out from its hiding place. Before McKinley has been in office three months there will be more than a million men who have been idle more or less for the past two years who will find employment. Does any one suppose this result would have been reached if Bryan had been elected? There would have been more idle men then ever before because there would have been no confidence among capitalists and manufacturers in his administration. The man who said as many outrageous things on the stump would naturally be expected to do outrageous things in office. He admitted that there would be a crisis. That could only have been disastrous to the working men of the country.

And yet many of these men were hoodooed with false promises until as blind as bats and moles they voted for their own undoing. It goes hard with a poor devil when he is taken in the political toils and has not sense enough to see that the party which has done more for labor than any other is his friend and the friend of all the productive interests of the country. There is many a one who has bawled for Fusionists who will have occasion to be ashamed that he was ever led astray in that way. The workingman who votes for idleness and a fifty-cent dollar has a great deal to learn and the sooner he sets about it the better.

Never since the days of the civil war has the triumph of any political party so quickly revived the business confidence of the country. Millions of capital let loose in a week. Nearly two hundred thousand men given employment by way of starting the ball, and all this just the beginning of a recovery from the long and disastrous depression!

Sixty-Four Thousand Tons.

The Los Angeles Times is authority for the statement that sixty-four thousand tons of sugar beets were grown this year in Southern California, with only one sugar factory in operation. The Times then pertinently enquires what will be the product two years hence with six or seven factories running on full time?

That is the case made prospectively for Southern California. What will be the showing for Central and Northern California? There is now a good prospect that at least three new sugar mills will be in operation shortly. The bounty, or its equivalent, on beet sugar, will probably be restored early in the Republican Administration. The center of sugar beet production will probably be in a district within a hundred and fifty miles of Oakland, and within what is called the moist belt. Including the mills now in operation, there is a good prospect that within two years there will be not less than ten sugar factories in operation in California. About that time this State will become an exporter of sugar.

The report of the Tuskegee Normal and Industrial Institute of which Booker T. Washington is principal, has just been sent out. The Courant makes this synopsis of the most salient points. It appears that the cash income of the Institute for the last financial year has been in round figures $100,000, a gain over the year preceding of $25,000. Eight thousand dollars came in legacies. Like all other educational institutions, Tuskegee wants and needs more money. It needs, for example, $9,000 for a building in which to give training in the various lines of agriculture; for, says Principal Washington, "notwithstanding the fact that 85 per cent. of the colored people of the Gulf States depend for their living upon agriculture in some form, very little has been done thus far in giving first-class training" of this kind. The Principal draws attention to the fact that 1,000 students have been in attendance during the year and that, though the average salary of the teachers is but $330, the staff remains practically the same. He also shows legitimate pleasure in the industrial side of the school work, whereby over $45,000 has been "worked out" by the scholars while pursuing their studies. And as a practical result, "a building of any size can now be completed without going off the grounds for assistance in the matter of labor.

This point in the report emphasizes a fact of supreme importance: "The past history and present environment of the negro, lead them, too often, to imitate the white man at certain superficial points, without stopping to count the steps, the years, that it has taken the white man to reach his present position, or note the foundation upon which his position rests. The colored woman who married a short time since clad in a silk gown and white slippers, and with an expenditure of $50 for a wedding feast, and at the same time living in a small rented log cabin, with a mortgage on the crop, presents an example of what I mean. Right here comes in the value of industrial education, combined with first-class literary training; it has a modifying sobering influence, resulting in teaching the colored youth that the road to the highest permanent success and development is by slow gradations, and nature permits of no reversal of the process.

Now here is an awful example of woman suffrage. It is the house divided against itself. Elder Cannon of the Mormon Church has been beaten by one of his wives in the Sixth Senatorial District of Utah. Agnes M. Cannon is the name of the successful candidate. She ran on the Bryan Silver ticket, while her lord and master was the nominee for the Republicans. Mrs. Agnes put up a strong campaign, and went upon several stumping tours, while her husband remained at home with the other Mrs. Cannons, of which there is understood to be quite a battery, and Agnes and silver won and Cannon was spiked by a thousand majority.

Royal Baking Powder

ABSOLUTELY PURE

Senator Sherman's Outline.

There is no statesman in this country whose public utterances attract more attention than those of Senator John Sherman. He is opposed to an extra session of Congress. Only a great exigency can ever justify the calling of an extra session. It would be a fortunate circumstance if the Republican administration could avoid this expedient. This is the way Senator Sherman put the case in a speech at a banquet in New York last night:

"Pass the Dingley bill, improved if possible, so the McKinley Administration may come into power with sufficient money to meet expenses; call no extra session of Congress; appoint a Tariff Commission for a calm and deliberate consideration of the whole question; take care of the farmers from the point of view of protection; have no coinage of silver dollars until we can put into the silver dollars enough silver to make it equal in value to the gold dollar; welcome all conservative men to the Republican party."

The Dingley bill when introduced, was considered to be only a temporary measure of relief to the Treasury. It was premised that it would bring in enough additional revenue to meet the ordinary expenditures of the Government, and would incidentally obviate the necessity of selling any more bonds. That bill is now pending in the Senate. There was a strong probability that had it passed President Cleveland would have vetoed it. The most that could now be expected is that the bill, if passed, might take effect without President Cleveland's action.

Why the Delay?

Some weeks ago a committee practically representing the Merchants' Exchange, the Board of Trade and the Good Roads Association, of which Ex-Councilman Sohst was chairman, made a new movement to secure the improvement of certain thoroughfares of the city. This committee turned its attention first to Telegraph avenue, which needed immediate repairs to secure it from getting beyond all repairs. Measurements were made and estimates of the amount that it would cost to put the street in order. Finally, a responsible contractor agreed to do the work for $1,100. An ordinance was introduced and passed through all the stages in the Council up to the final passage, when suddenly there was a motion to postpone the whole business until the first of December, which may not, mean the defeat of the entire improvement.

There would have been a substantial gain in putting this main thoroughfare in order before the heavy rains came on. Good work in asphalt can be done with much better results when there is a dry foundation than when there is a wet one. Why should this improvement be postponed after all the preliminary work had been done? Director Sohst who had labored untiringly for repairs in which the greater part of the city is more or less interested, as it is in all main thoroughfares, is evidently at a loss to know what good end is to be secured by the present tactics of obstruction.

Marie Dorothea, the Arch Duchess of Austria who has married the grandson of Louis Phillippe declared on that occasion that she looks forward to the time when her husband shall be King of France. Not quite so fast, Dorothea. France is a Republic and if young Phillippe goes monkeying around for mischief he will be landed where he was landed once before. Whenever he gets there the second time, the young Bourbon will find that the royal road is a hard one to travel. France has a way of slicing off the heads of men who commit treason.

PERSONAL AND SOCIAL.

The engagement is announced of Miss Nellie Emigh and Conrad D. Keith, both well-known and popular people of this city. The marriage will occur in the early spring.

Passenger Conductor W. J. Martin has retired from the railroad service to form a partnership with special agent F. W. Forsting of the Equitable Life Insurance Company.

Miss Hattie Savage, assisted by a number of young people, will give an operetta at People's Hall, on Sixth street, near Market, Saturday evening.

A novel entertainment will be given in the parlors of the Church of the Advent Friday evening. It is entitled "Forty Old Maids From Alaska."

Rev. E. E. Hamand is in Riverside, called there by the very serious illness of his friend, Rev. C. A. Garst, pastor of the Riverside Universalist Church.

Mrs. Clay and family are expected to return to their Fruitvale home today after an extended trip through Europe and the East.

Mrs. Howard Bray of Fruitvale has returned from her Eastern trip.

Mrs. E. R. Painter has returned from a four months' Eastern trip.

The wedding of Charles Weld Spaulding of San Francisco and Miss Hilda Cornelia Collison of Alameda will occur this evening at the home of the bride-elect's parents.

John W. Phillips, the East Oakland capitalist, left for New York City last evening, where he will meet his fiancee, Mrs. Henry Martin. She will arrive from Europe the 25th inst., and the marriage will be celebrated at once.

PRAYER AND PROGRESS.

Evangelist John M. Dick Is Doing Excellent Work.

The largest attendance of the week at the Y. M. C. A. meetings was present last night to hear evangelist John M. Dick. A larger number of non-Christian men were present than at any other meeting, and all entered heartily into the hymning song service. Miss Pearl Noble, cornetist, and Miss Winifred Morgan, violinist, are playing at each of these services.

Mr. Dick's sermon was on "The Devil's Tools." Those referred to as being most used to keep men from entering upon the Christian life are the excuses behind which men are led to hide when pressed to give reasons why they do not become followers of Jesus Christ. The sermon was eloquent and forceful. Several men tarried for conversation and further light. Mr. Dick will speak to men only tonight, on "Robber, Thief, Crook."

Over 100 boys over 11 years of age were present yesterday, and the watch talk was one of the best yet presented by Mr. Dick. The closing meeting of this series will be held in the Oakland Theater Sunday afternoon at 3 o'clock, when Mr. Dick will give his celebrated talk on "Fast Living, or Secret Sins." This meeting will be held in the theater, so as to reach a larger number of men, and a mass meeting for boys will be held at the association building the same afternoon. The Delta Upsilon Dixie Quartette of the University of California will sing.

The meetings for prayer at 12:30 for men and at 3 P. M. for mothers and sisters will be held as usual on Friday and Saturday.

LOIE IN TOWN.

The Celebrated Dancer Makes Her First Visit to Oakland.

La Loie Fuller passed through Oakland this morning on her way to San Francisco, where she will spend the day. The famous dancer was unfatigued by her trip across the continent and was in the best of spirits. She was accompanied by her mother, a delightful woman, who chaperones her clever daughter in all her travels. Miss Fuller has been everywhere and is a famous traveller. She thoroughly enjoys variety and change of scene and her experiences in different climes are wonderfully interesting and entertaining.

Miss Fuller was charmed with Oakland and declared that it was a delightful city and its climate was almost perfect. As she will make her first appearance before a California audience at the Macdonough Theater Saturday evening, Miss Fuller was much interested in the theater and its arrangements. She expressed herself as being very well pleased at having Remenyi the famous violinist, appear with her. Miss Fuller has a deep love for music and is delighted at the opportunity to hear so celebrated a man.

Miss Fuller will come to Oakland tomorrow in order to see that all the arrangements for her dances are perfect. She will give her five most famous dances, which have been the rage in all Europe and the electric light effects will be carried out in all their brilliancy and beauty.

The bill for Saturday night is an exceptionally fine one. Loie Fuller and Remenyi are both stars in themselves and Miss Fuller brings with her a company of vaudeville artists of world-wide reputation.

ASKS FOR DAMAGES.

Suit Commenced Against the Central Avenue Car Company.

Ernestine Delhorn has commenced suit against the Central Avenue Railway Company of this city for $50,000 damages for injuries alleged to have been sustained by the starting of one of the company's cars while she was attempting to alight on August 31, 1896.

Mrs. Delhorn further alleges that while she was suffering from the injuries then received, and while she was being kept under the influence of opiates, one of the company's employes called upon her daughter, Mrs. Rosalie E. Thomas and induced Mrs. Thomas, by the payment to her of $30, to attach plaintiff's mark to a document purporting to be a settlement of Mrs. Delhorn's claims for damages against the company.

"The late Colonel William B. Mann," says the Philadelphia Record, "was fond of telling a good story at the expense of of Charles Brooke, the well known criminal lawyer of New York. Colonel Mann as District Attorney was prosecuting a murder case in which Mr. Brooke was counsel for the defense. Circumstantial evidence was strong against the prisoner. The District Attorney produced in evidence a pair of boots of Scotch make belonging to the prisoner which it was proven fitted exactly the footprints left in the snow by the murderer near the scene of the crime. In submitting the boots in evidence Mr. Mann called attention to the several odd features of their construction and added that he had looked all over town for a pair like them, but without success. Mr. Brooke asked that he be allowed to keep one of the boots over night. He thought he could find a pair like them. The boot was turned over to him and at the opening of court next day he produced another pair of boots identical in every way to those belonging to the prisoner. The man, however, was finally convicted. After it was all over Mann said to Brooke, 'See here, Charlie, where did you find those boots?' 'I called at all the big shops in town but couldn't find them.' 'Neither could I,' said Brooke. 'So I had them made over night.'

TAKEN TO THE GRAVE.

Pioneers Assemble to Pay Respects to the Dead.

A Host of Mourners at the Requiem Services Over James Egan.

Slowly and solemly, a funeral cortege moved from St. Francis de Sales Church this morning, bearing to God's acre, all that remained of James Egan, one of California's honored pioneers.

Sorowing friends filled the home of the son, Martin Egan, at a quarter to 10 o'clock and mourned with the living, while they paid their last sad respects to the dead.

The remains reposed in a dark cloth casket, with silver trimmings and the bier was covered with handsome floral offerings, the final tribute to one, whom in life, was loved for his many virtues and respected by all with whom he had dealings for his sterling honesty.

At 10 o'clock the bells of St. Frances de Sales Church tolled and the sad procession wound its way down the aisles. Within the sacred edifice were seated a large number of friends of the deceased, among them being several gray-haired pioneers, who had shared the same hardships in the early history of the State.

Father Butler celebrated a requiem mass and at its conclusion the remains were borne to St. Mary's Cemetery, where with the customary service, they were consigned to the lasting place.

The pall-bearers were: C. H. Knowlburg, D. J. Sullivan, Robert Boyd, John Collins, George Manyon and H. Sterling.

James Egan was 75 years of age and since 1851 had spent his life in this State, the latter days, on his ranch in Monterey county. He leaves a widow, eight children and a host of friends, to mourn his sad demise.

A Small Fire.

A fire caused by an electric wire broke out on the roof of J. T. Moran's building at Thirteenth and Washington streets last night. It was extinguished by Foreman Foster of Company No. 1, who threw a bucket of water on the small blaze. In so doing, however, he received an electric shock by the water conducting the current from the wire.

A HOLIDAY OPPORTUNITY.

Sam Boukofsky, the popular jeweler, at Washington near Thirteenth, announces in tonight's Tribune a sweeping sale of his magnificent stock of jewelry, watches, chains, silver and silver plated ware, occasioned by his retirement from business. The sale is really a final one, and goods will actually be sold at cost. This offer is very emphatic, and should attract a big patronage, especially among people who know what large profits retail jewelers usually make. Getting jewelry at cost means a big saving to the purchaser. The sale opens Saturday night.

REVERSING INTELLIGENCE.

What Some Men Do They Should Not Do.

Some men pay big prices for outside clothes and little or nothing for underwear. Such men have no use for Linen-Mesh Underwear, which appeals for popularity to persons of intelligence. It costs money to talk long in a newspaper, but we will pay to say this much: Linen-Mesh is warmer, cleaner, prettier and more durable than wool, and costs only what a good wool suit costs. Linen-Mesh prevents cold, forestalls skin diseases, tones the skin, enables the body to breathe. It is made for men, women and children and sold only in this county by Flint's Pharmacy, 1171 Broadway. Tel. Main 155. (10.)

NIMBLE-FOOTED LOIE.

The Great Danseuse Will Be Here Saturday Evening.

Remenyi, the Star Violinist, Will Appear With Her Company.

The sale of seats at the Macdonough for the Loie Fuller engagement opened this morning, and from indications Saturday night will see the house packed from orchestra to gallery.

With the clever danseuse comes a star of almost equal magnitude—Edward Remenyi, the famous violinist Taken individually, either of the artists would furnish an exceptionally fine entertainment, but the double bill far excels anything of the character ever seen in this city.

Loie Fuller's famous fire dance, with its myriad of flashing, flaming lights, has been pronounced a miracle of art The whole stage is enveloped in darkness except one spot where the tall striking figure of the dancer appears seemingly enveloped in flames The effect is weird, beautiful, artistic and certainly novel. Another dance entitled "Night" is a picturesque and beautiful exhibition of the terpsichorean art. The "White Dance" is very similar to the old ra mbow dances, only more elaborate. The dance called "The Lily of the Nile" is a marvel of prettily waving skirts and bright lights. The skirts finally are formed into lily-like shapes very pretty and novel.

THE OAKLAND.

"Uncle Tom's Cabin," though old in years, has lost none of its old-time favor. At the Oakland Theater this week an exceptionally clever production is given and all the details are carefully carried out L R Stockwell as "Marks" makes a decided hit in his old part, while "Busy Bee" as "Eva" acceptably interprets the difficult role. Frank Bacon makes an ideal "Uncle Tom" and the rest of the characters are well cast.

The Chinatown Crusade.

The conditions of Chinatown will come up for discussion before the Board of Health at the regular meeting which will be held tomorrow night. Health Officer Bradley's report is not yet completed but it will probably recommend the placarding of several houses in this quarter.

Scrofula is a word you don't quite understand, but if you talk with your doctor, he will tell you that it is generally believed to be due to the same cause which gives rise to Consumption. It appears mostly in those who are fat-starved and thin, usually in early life. A course of treatment of Scott's Emulsion with the Hypophosites wherever Scrofula manifests itself, will prevent the development of the disease. Let us send you a book. Free.

CONTEST OVER A CREEK.

The Spring Valley Case Is Interesting Every Farmer.

MORE TESTIMONY TAKEN.

Neighbors Tell of the Effect Noticed on Their Lands.

The cross-examination of Witness Tyson was resumed yesterday afternoon in the case of the Spring Valley Water Works vs J L Beard, before Judge Ellsworth

Witness' attention was directed to a well which was shown on the map and which Mr Kellogg said was opened. Witness said, however, that he did not know that the well was open in 1888 Witness detailed the characteristics of the several crops on his mother's farm in the years since 1888. The depreciation of the crop, each year, averaged about 50 per cent.

"You never waived any damages," said Mr Kellogg, "simply because your property did not abut upon the creek?"

The question was objected to In support of the question, Mr Kellogg said it was competent for the jury to understand why, if the property had been damaged 50 per cent, the witness' mother did not bring suit for damages. If the land was injured, the water company was responsible for the injury.

Judge Ellsworth wanted to know if that was a sound proposition of law.

Mr. Kellogg said he wasn't the attorney for the witness and would not argue the question as to whether or not it was a question of law. He simply desired, he said, to test the good faith of the witness. It was natural, when a man was injured, to go to some person to ascertain how he might have his injuries remedied. He did not believe that the mother of the witness could have suffered a damage of 50 per cent and yet take no steps to have her injuries remedied.

The objection to the question was sustained.

Mr Kellogg wanted to know if Tyson's mother had ever consulted an attorney with respect to the loss she had sustained because of the diversion of the creek water.

Witness replied that he did not know, although he heard his mother say that she thought she was entitled to damages because of the injuries she had sustained.

Juror Burnham wanted to know how many inches of water ran over the dam. Tyson replied that six inches of water formed the smallest amount he had ever seen rolling over there He did not know the amount of water the company is diverting from the creek

HENRY CURTNER

Henry Curtner of Warm Springs testified that he was a farmer and fruit raisor. Twenty-eight years had elapsed since he had examined the Beard estate. At that time the land was of the best He had bored a well in April and the surplus water was within a foot of the top of the ground The bore first went through an alluvial soil, then a yellow and finally a blue clay.

The examination touching the character of the clay was objected to on the ground that as the well was not on Beard's ranch, the inquiry did not tend to settle any of the issues of the case

The objection was overruled, and the witness said his well was thirty-five yards away from Beard's ranch

On cross-examination he said he got his water from springs and by irrigation.

"Did the Alameda Creek overflow its banks the year you found water within a foot of the surface of the ground?" he was asked

"Yes."

"Did the water go over your place?"

"It did."

"When you found that moisture at a depth of one foot, you kept on digging?"

"Yes, sir."

"Did the water then flow as a stream all the way along?"

"In some places it would run as a stream and in other places it would be dried up."

"How do you account for the fact that the water flows past Beard's place in a current and yet the creek is dry below Niles and above the Bell ranch bridge?

"It is held by the clay?"

"Is that clay as porous as a sponge?"

"No."

On re-direct examination Mr Curtner said the market value of Beard's ranch on the 20th of August, 1888, was about $400 per acre.

W H CHAMPION.

W H Champion then took the stand. He testified that he resided a few miles outside Niles He had dwelt there about sixteen years. There was a well on the premises, which had lost its water after the diversion The Spring Valley Company had bored another well for him to a depth of sixty-five feet.

Assuming as a fact that the water flows in summer past Beard's ranch the same as it did before with no appreciable diminution do you think Beard was injured by the diversion?" asked Mr Kellogg.

"I think he was."

"How do you explain it?"

"Well, if there was as much water there as there used to be, there would be no injury, of course.

"How long after the diversion did you notice that there was no water in your well?"

"About a year."

"Before the diversion, how far was it from the surface of the water to the top of the well?"

"About forty feet In summer it would be from twenty-five to thirty feet."

"The surface of the water in the well would indicate the surface of the water in the earth, wouldn't it?"

"I think it would."

"How long are the roots of your trees?"

"I can't tell."

"Do the bottom of the roots go down to the water level?"

"I can't tell."

"You say you never irrigated till 1888 Don't you remember a year prior to 1888 when you irrigated?"

"No."

Witness then continued "The lands along Alameda Creek did not need irrigation until after the water had been diverted."

Juror Burnham asked: "Did you have to pay anything for the water you used in irrigation?"

"Not now, I do not."

"But you did have to pay for the water?"

"Yes, I had to pay for it for one year."

"Whom did you have to pay?"

"The Spring Valley Water Works."

"When did you have to pay the Spring Valley Water Works for water?" asked Mr Kellogg

"The first year after the diversion."

"Was it not included in your deed that you were to be given free water?"

"The payment I made was for land not included in the deed."

"Did you notice a pool at Niles bridge this morning?"

"There was a stream there this morning."

"Do you remember whether '86-'87 and '87-'88 were very dry seasons?"

"I don't know."

"If they were dry seasons they might affect old trees. They would not affect young trees."

"Did you sign any paper with the Spring Valley Company at that time?"

"I don't know There may have been and I think there was a paper of some kind that I signed."

F. J. SULLIVAN.

F J Sullivan, Roadmaster of Niles testified that he has known Alameda Creek for about twenty years. He remembered when the Spring Valley Water Works turned the water of the creek into the pipe He thought as a consequence of the diversion he had to take up some of his fruit bearing trees. Since the diversion there was much smaller fruit in his orchard He had to dig up all of his peach orchard He cut the trees off last year, and the year before. Since the diversion the trees have borne no good crops In the summer of 91 there was no water in the creek. Water had been in the creek every year except 1891 below the dam In some places below Niles bridge the water is not running at all

Cross-examined, Mr. Sullivan testified "I have some wells on my property. It is fifteen feet to water I get water from the hills I am 1 500 feet from the creek It is half a mile from the well to the creek I am located between Mr Shinn and Addison. The current of the creek was changed, turned away from me, when Shinn and the railroad company went into a land deal The well was dug after the divers on Formerly I got water from the creek."

"What makes you think you get water from the hills?" asked Mr. Kellogg.

"Because the Niles hills are full of water."

"And the water seeps down and gets into your wells?"

"Yes."

"If that is so, why don't that water supply your fruit trees?"

"Because the bottom of my land is gravel and because one soil is a loam and the other is adobe."

"What depth of surface soil have you?"

"Forty-one feet."

"In planting your orchard, did you strike gravel?"

"Yes, near the creek."

"Where were your peach trees?"

"Near the creek The trees near the railroad don't need the moisture. Those near the creek need it most."

"How long is the root of a peach tree?"

"It depends on the land."

"In a sandy loam?"

"About six feet."

"Did you notice any difference in your grounds after the diversion?"

"They are all right."

"Your prunes?"

"They are not so good."

"The pears—the crop is also good?"

"Yes."

"Is there any moisture on the surface of the hills?"

"There are some springs at the foot of the hills."

"How long is your place?"

"Seventeen hundred feet."

"In traveling from the hills to the creek in your place the water gets lost about half way, doesn't it?"

"I don't think the moisture is sufficient."

"How deep is the channel opposite your place?"

"It was four feet when I bought the place."

"Is there any water in the creek at your place?"

"Not a drop."

"Did you ever dig down into the creek to see if there was any water there?"

"I did in 1891."

"Do you believe the water in the creek would benefit your trees?"

"Yes."

"On what ground?"

"By seepage."

"Oh, you mean that the water goes through the earth and then goes up through the earth?"

"No, the trees drag it up."

"How do they do it?"

"I don't know, but they do it."

"Did you ever consult an attorney as to whether you had been damaged or had a suit for damages against the Spring Valley Water Company?"

"Yes, I consulted Mr C Peters of Niles. He told me I did not have any case."

"Has the rain increased the water in the stream?"

"I believe it has. I was told there were 2 65 inches of rain."

M NUNES

M. Nunes testified through an interpreter that after the diversion of the water his well went dry and his fruit became poor.

On cross-examination, Nunes was asked if he did not know when he bought his land that his line was kept back ten feet from the bank of the creek. He replied that his deed did not show such a line.

"Is your ground level with the bed of gravel in front of you?"

"I do not pay any attention to that."

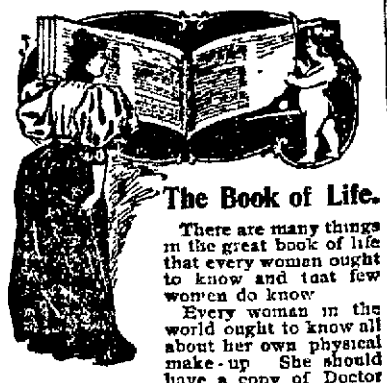
"How far is it from your bank to the channel of running water?"

"I can't tell."

"How deep is your well?"

"Twenty-six feet, more or less."

"How deep from the ground to the water?"



The Book of Life.

There are many things in the great book of life that every woman ought to know and that few women do know

Every woman in the world ought to know all about her own physical make-up She should have a copy of Doctor Pierce's Common Sense Medical Adviser. It is a handsomely illustrated volume of a thousand pages several chapters of which are devoted to the reproductive physiology of women It is written in plain language, and contains over three hundred illustrations and colored plates. It is now offered, paper bound, *absolutely free* to any woman who will send twenty one cents in one cent stamps to cover the cost of mailing *only* to Dr R V Pierce, Buffalo, N Y If handsome, substantial, French cloth binding is desired, send ten cents extra, thirty-one cents in all A woman ought to know the vital importance of health She ought to know that nothing can make her so miserable, or so useless in the world, as disease and weakness of the organs distinctly feminine. She ought to know that this disease and weakness can be prevented and can be cured by the use of Dr. Pierce's Favorite Prescription There are three times in a woman's life when this great remedy reaches its best usefulness—when the girl becomes a woman—when the woman becomes a mother—and when the capacity for motherhood ceases At these times the importance of a perfectly healthy condition of her system is of the greatest importance "The Favorite Prescription" is a purifying, curative, tonic, which works directly on one set of organs, and on no other. It cures when doctors fail, and it cures without the humiliating examinations and local treatment, so invariably insisted upon by physicians It will cure any case of so-called "female complaint" It soothes the nerves, makes the appetite and digestion good, and brings restful, refreshing sleep.

"I can't tell."

"How many feet of water in your well?"

"I do not know."

"Before the water was diverted, how deep was it from the surface of the ground to the water in the well?"

"I don't know."

"Who was elected President of the United States?"

"I do not know."

"You are excused," said Mr. Kellogg, satisfied that he was wasting time with the witness

The case was then continued till Tuesday of next week

A NAVAL VISITOR.

Surgeon Biddle and Wife on a Trip to the Coast.

Dr Clement Biddle, U S Navy accompanied by his wife, nee Pearl Morris is at the Baldwin Hotel, San Francisco. Dr Biddle has just returned from Madeira on the United States Cruiser Monongahela. He will be stationed here for some months and in all probability will be permanently quartered at Mare Island and will be placed in charge of the medical department there. Dr Biddle is one of the most efficient officers of the Naval service He is a member of the well-known Biddle family of Philadelphia and is prominent in social as well as professional circles

His wife is the daughter of the Hon. M Morris, one of the pioneers and leading citizens of Los Angeles. She is a beautiful woman and in her debutante days was considered the belle of Southern California.

John Aubrey Jones Voices Some Patriotic Ideas.

Let All Citizens Now Unite to Restore National Confidence.

Editor Tribune—Sir The earnest and exciting campaign which during the past few months occupied the minds of men to the exclusion of most all things else is ended The election has been held and the result heralded the world around There was an honest difference of opinion between the adherents of Mr McKinley and of Mr Bryan as to the wisdom, expediency and desirableness of the policy or principles advocated respectively by each Each side believed that its cause was right and that it would be vindicated by the people at the polls One side has won the other has lost Time alone will develop the wisdom or unwisdom of the decision that has been rendered by the people

It is not a part of my purpose in this communication to in any sense renew the controversy which for the time being has been settled by the arbitrament of the ballot But, as one who was on the side that did not win, and who did what was possible in an humble way to support the candidacy of Mr Bryan and the cause he valiantly championed, I desire through your widely read columns to say a few words in acceptation of the verdict as it has been rendered, by way of friendly counsel to all the loyal supporters in this county of Mr Bryan and the principles he so ably advocated.

It is the expressed desire of the American people that prosperity may come to us once again As Mr McKinley was proclaimed to be the "advance agent" of that great and devoutly to be wished consummation, let us not by any word or act interpose the slightest obstacle to the full sweep of the tide of promised prosperity he is to put in motion so that it may come rolling over the Sierras to distribute itself over the fruitful and well peopled valleys of our glorious State.

According to the published dispatches this tide has been caused to rise in the East by the opening and startling of the machinery of mills, foundries and factories, and by the rehabilitation of sundry enterprises that were made to languish under the blighting influence of destroyed confidence incident to the maladministration of the Cleveland regime Let us accept these statements of restoration of confidence and revival of business as true and let us recognize such a condition to be a hopeful augury of the good times coming Let us look upon President-elect McKinley as the instrument chosen by an overruling Providence to bring great good to this people as a whole That as a result of his induction to the Chief Executive office there will be inaugurated such a reign of peace, prosperity and plenty as we have not witnessed and enjoyed for lo! these many years Let there be no croakers, no prophets of evil, no malcontents no drones; but let us talk of the good times coming and do what may lie in our power to open wide the gates to let the flood come in If it does come, then let us do what we can to prevent its receding that we may be fully submerged neath its life-giving wave If it does not come—well at all events don't let it be said of us that we checked its advance by our pessimistic outgivings as an obstructing dyke

As one who labored to aid in the election of Mr Bryan because I believed in him and the cause he espoused—and albeit my faith in him as an able earnest honest conscientious American statesman is not one whit abated—yet with all other loyal sons of Columbia I will claim Mr McKinley as President just as much so as if I had supported him by pen, voice and vote And if under his administration the full orbed sun of commerce confidence shall again shed its gladdening rays upon us as one common people and out of the golden horn of plenty there shall be poured rich bounty upon the honest toiling husbandmen of our land and the angel of peace shall keep his sceptre over all about us as a nation warding off the approach of grim visaged war from across the sea then in truth would President McKinley find no more loyal friends and supporters than those who tried to defeat him Let us all accept it as an inspired truth that "Vox populi, vox Dei" and interpret the election of Mr McKinley in that spirit awaiting the full confirmation as may be found in the beneficent results to accrue from his Administration

The Public Library Trustees held a regular monthly meeting Tuesday in the Library rooms. Messrs. Arnold, Cushing, Gilson, Page, President Flint and Librarian Henry Peterson were present.

The usual bills, amounting to $1,192.55, ewer read, referred to the auditing committee and subsequently ordered paid.

The Curators reported the daily attendance in the reading rooms as follows:

Central Reading Room	760
East Oakland Reading Room	180
West Oakland Reading Room	232
Twenty-third avenue Reading Room	122
North Oakland Reading Room	138

On motion the Reading Room Committee was authorized to ask for bids and let the contract for supplying the periodicals for the ensuing year.

The following report of the Librarian was read and placed on file:

OAKLAND, Cal., Nov. 1, 1896.

To the Board of Trustees Free Library and Reading Rooms—Gentlemen: Following is the report of the Librarian for the month of October, 1896:

Number of borrowers on Library roll October 1st	10,979
Number of borrowers registered	359
Number of borrowers withdrawn	19
Total number registered	3,866
Number volumes added by purchase	17
Number volumes added by donation	5
Number volumes cast aside	2,416
Number volumes repaired	83
Money received from fines	$29.50
Money received from lost books	1.25
	$30.75
Number of volumes circulated	14,283
Number visitors to Reference Room	2,257

It will be noticed in the foregoing statistical report that the number of volumes circulated for home use during the month was 14,283; this is an increase of 500 volumes over the circulation of last month. It is gratifying to note the increase which shows that the library continues to grow in popular favor. On the other hand we must lament the fact that during the past month 2,416 worn out volumes have been removed from the library shelves owing to their popularity and constant use. These works have been bound and used until they can be used no more, and have been marked "discarded." Many have been sent to the City Prison, Chabot Home, Boys' Club, Girls' Club, engine houses, and other institutions, where they are appreciated, and can yet serve their purpose. I am sorry to say that the number thrown away is far in excess of the number purchased during the last fiscal year. It is hoped that these may soon be replaced, and soon find their way to the library shelves again; they are books in constant demand, and should be upon our shelves.

"We have begun during the last month a system of mending books, such books as have been rebound, but cannot be bound again; they are repaired with needle and thread and paste, and put in condition for circulation, but it cannot be expected that they will long withstand the constant handling; nevertheless they last a little longer.

"We have also begun a work which will entail a great deal of time and labor, but which is a very necessary reference to the library, that is, a Guarantor's index. Spare time and extra time has been devoted to this and we hope soon to have it in condition for use. It will serve a need and have ready at a glance that which it has heretofore taken us days to find out—how many borrowers Guarantor has endorsed, and when he recommended them.

The clipping of newspapers is another innovation; we are clipping articles from our daily papers, that is, the Oakland and San Francisco dailies. Departments have been established such as "Board of Trade," "Merchants' Exchange," "City Council," "Board of Education," and others of local interest. The reports of meetings will be regularly clipped, and properly arranged ready for reference. This I believe will be a very interesting and valuable department of the library. Many of these articles may never be in book form, or accessible, consequently cannot help but be valuable reference.

"The preparation of special lists, upon special subjects has been inaugurated. It is the intention to prepare lists of all books in the library upon topics of the day. In the event of the death of a prominent person, or any important matter of interest, all works in the library bearing upon any of the questions will be gathered together and listed for the benefit of our visitors; this will save much time and trouble, and give greater satisfaction to the inquirer. These lists are placed in a conspicuous place, both in the reference room and in the circulating department, so that a visitor may determine at a glance everything in the library upon the subject.

"Beginning with the date of the last meeting of the Board, and desiring to conform to the wishes of the trustees, the lunch and dinner hours of the library employees have been reduced. Respectfully,

"HENRY F. PETERSON,
"Librarian."

ELECTION NOTICE

—AND—

PROCLAMATION.

Notice of election to be held within the boundaries of the proposed municipal corporation hereinafter described, on the 2nd day of December, 1896, for the purpose of determining whether said proposed municipal corporation shall become incorporated, and for the purpose of electing a Board of Trustees for said municipal corporation, to consist of five members, a Clerk, who shall be ex-officio Assessor, a Treasurer and a Marshal, who shall be ex-officio Tax and License Collector for said municipal corporation.

Whereas, By a resolution duly adopted and passed, the Board of Supervisors of the County of Alameda, State of California, on the 2nd day of November, 1896, duly called an election within the boundaries of that certain proposed municipal corporation hereinafter described, to be held therein on the 2nd day of December, 1896, for the purpose of determining whether said proposed municipal corporation shall become incorporated as a municipal corporation of the sixth class to be known as the "Town of Emeryville" under and by virtue of the provisions of an act entitled "An Act to provide for the organization, incorporation and government of municipal corporations," approved March 13th, 1883, and the amendments thereto, the same to be known as the Town of Emeryville, and for the purpose of electing a Board of Trustees to consist of five members, a Clerk, who shall be ex-officio Assessor, a Treasurer and a Marshal, who shall be ex-officio Tax and License Collector in and for said municipal corporation,

And Whereas, The boundaries of said proposed municipal corporation were established by said Board of Supervisors by virtue of said resolution last hereinbefore referred to and as hereinafter set forth,

And Whereas, By said resolution the said Board of Supervisors duly ascertained and determined the number of inhabitants residing within the boundaries of said proposed municipal corporation as hereinafter set forth, and as being established by said Board, to be sixteen hundred and eighty-eight,

And Whereas, By said resolution said Board of Supervisors ordered and directed that a notice of the election hereinbefore referred to shall be given for the purpose of determining whether said proposed municipal corporation shall become incorporated, which said notice shall particularly describe the boundaries of said municipal corporation so established as aforesaid, and shall state the name of such proposed municipal corporation to be the Town of Emeryville, and shall state the number of inhabitants so ascertained to reside therein as sixteen hundred and eighty-eight,

And Whereas, Said Board of Supervisors by said resolution directed that said notice of election shall be posted for at least two weeks prior to the said election in at least four places within said boundaries of said proposed municipal corporation,

And Whereas, Said Board of Supervisors by said resolution ordered that said notice of election shall require the voters to cast their ballots, which shall contain the words "For Incorporation" or "Against Incorporation" or words equivalent thereto, and also the names of the persons voted for to fill the various elective offices prescribed by law for such proposed municipal corporation, and hereinbefore set forth,

Now therefore be it Resolved, By the Board of Supervisors of the County of Alameda, that an election will be held within the boundaries hereinafter described in accordance with the general election laws of the State of California appertaining thereto, on the 2nd day of December, 1896, for the purpose of determining whether the said proposed municipal corporation located in the County of Alameda, State of California, shall become incorporated as a municipal corporation of the sixth class, under and by virtue of the provisions of an Act entitled "An Act to provide for the organization, incorporation and government of municipal corporations," approved March 13th, 1883, and the amendments thereto, and for the purpose of electing:

First, a Board of five Trustees;
Second, a Clerk, who shall be ex-officio Assessor;

ORDINANCE NO.—An Ordinance ordering the opening and widening of Fourteenth street, between Market street and Myrtle street, and appointing three Commissioners to assess benefits and damages and to have general supervision of the proposed work.

Be it ordained by the Council of the City of Oakland as follows:

SECTION I.

Whereas, Said Council did on March 10th, 1896, adopt its Resolution of Intention No. 22,011, declaring its intention to order the following work and improvement to be made, to-wit: That Fourteenth street, sometimes called West Fourteenth street, in the City of Oakland, be opened and widened to a uniform width of eighty feet between Market street and Myrtle street, describing the work to be done and the land and premises deemed necessary to be taken therefor, and specifying the exterior boundaries of the lands to be affected or benefited by said work and improvement and to be assessed to pay the damages, costs and expenses thereof, and

Whereas, The Street Superintendent of the City of Oakland did thereupon cause notice of the passage of said Resolution to be posted, also to be published, for ten days in the manner and as required by law; and

Whereas, Objections against said proposed work were filed by E. A. Kingel and A. Bruenn, et als., on March 25th, 1896, and Council fixed Monday, May 4th, 1896, at 9 o'clock P. M., in Council Chamber, City Hall, Oakland, Cal., as time and place for hearing said objections; and

Whereas, The City Clerk did thereupon, in accordance with law, notify the persons making objections of the time and place of said hearing; and

Whereas, The said Council, after hearing objections, did, on May 18th, 1896, overrule the objections and sustain Resolution of Intention No. 22,011, and

Whereas, The Council has acquired jurisdiction to order said work to be done.

Now therefore it is hereby ordered, that said work and improvement be done as aforesaid referred to, and as in said Resolution of Intention specially described.

SECTION II.

R. A. Jackson, D. McLeod and J. H. Macdonald are hereby appointed Commissioners to assess benefits and damages and have general supervision of said proposed work and improvement until the completion thereof in compliance with law.

SECTION III.

This Ordinance shall take effect immediately.

SECTION IV.

All Ordinances heretofore ordering the said work done are hereby repealed.

ORDINANCE NO.—An Ordinance changing and establishing the grades on East 21st street between 21st avenue and 23d avenue.

Be it ordained by the Council of the City of Oakland as follows:

SECTION I.

Whereas, The Council of the City of Oakland did, on the 8th day of September, 1896, by Resolution of Intention No. 22,434, declare its intention to change and establish the grades on East 21st street between 21st avenue and 23rd avenue, and directed the Clerk of the Council to publish for 10 days in the Oakland Tribune said Resolution of Intention, and

Whereas, Said Resolution was published for 10 days, describing the proposed changes and designating the limits within which the lots of land to be benefited should be assessed to pay any damages that might be awarded by reason of said changes, and

Whereas, No person has in any manner objected to the said changes or filed a petition asking for the appointment of Commissioners to assess the damages, if any, resulting from such changes,

Now therefore it is hereby ordered, that the grades on said street are hereby established at the points hereinafter named and at the elevations above base as hereinafter stated, in accordance with the petition filed on July 29th, 1896, of the owners of a majority of the property affected by the proposed changes of grades.

DAVIE'S VETO IS FILED.

He Gives His Reasons for Objecting to the $1.10 Tax.

Another Special Session of the Council Called for Tonight.

The tax rate is still in abeyance, for a legal technicality was raised last night and the special meeting of the Council which assembled to act on the Mayor's veto, adjourned without taking action. The Mayor had his veto ready but had not filed it with the City Cerk when the call for the special meeting was issued and City Attorney Peirsol pronounced the call illegal, holding that it could not be issued until there was something to be acted upon. A measure in one one of the member's pockets, he said, was not before the body.

Heitmann moved to adjourn and Kaufman took the floor to debate the question. He stated that he considered the business the biggest lot of buncombe ever seen by him, but Heitmann raised the question of order, which the chair sustained and the roll was called on adjournment.

The motion carried. Bassett and Kaufman voting no, and then a call for a meeting tonight was read.

The veto was filed with the clerk. It is as follows:

To the Honorable, The Council of the City of Oakland—Gentlemen: I herewith return without my approval an ordinance entitled "An ordinance levying a tax on all real estate and personal property in the City of Oakland for the fiscal year 1896-7 and apportioning the same among the several funds."

My reasons for vetoing this $1.10 ordinance were fully set forth in my message vetoing the $1.14 tax-levy ordinance. I therein demonstrated that the municipal expenses for the current fiscal year including the revenue required for the carrying forward of stipulated permanent improvements, could be derived from a levy of 100 cents on each $100 assessed valuation. No one having that regard for the prosperity of the city and the best interests of the tax payers that should characterize the efficient and trustworthy official has attempted to refute the premises upon which the facts presented in that message was predicted.

When municipal prosperity is to be sacrificed to individual ambition my appeals on behalf of the people fall upon deaf ears. To those determined to impose a gratuitous burden upon the tax payers, the fact that in the face of hostility everywhere and extravagance in nearly every department, the municipal expenses of last year even met with the revenue from a dollar limit, has not the slightest significance.

Last year a sufficient vote in your honorable body to sustain my veto of a $1.18 levy saved the taxpayers nearly $100,000. If the interests of those upon whom the burden of taxation falls are not protected this year, the people may easily determine upon whom rest the responsibility.

Under the law the tax levy could have been made on or before the first of August—three months ago. It has suited the purposes of the majority of your honorable body to deter the discharge of the plain duty until within less than one month of delinquency of the first installment of taxes, giving your private purposes precedence to the service you owe the people has worked serious inconvenience and probably much loss to the taxpayers.

To avert as far as possible this inconvenience and loss, I at the earliest moment return the ordinance to your honorable body. Respectfully,

J. L. DAVIE,
Mayor of the City of Oakland.

The matter will probably be disposed of tonight but until the rate is fixed the tax bills cannot be distributed although they are all made out on a $1.10 basis.

CITY FINANCES.

The Committee of the Council Handles a Few Matters.

The Eighth street bridge will probably be repaired on the lines originally laid down and the bulkheads, which were to be started towards filling the northern arm of the estuary will be abandoned. At a meeting of the finance committee of the Council held last evening the City Engineer reported that the bulkhead idea could not be carried out on the money available for repairing the bridge, and he therefore advised that the plan first suggested be adopted. Nothing was done in the matter last night, but the advice will probably be acted upon as soon as the tax rate is fixed.

Other minor matters handled were:

Purchasing fifty ballot boxes. Tabled.

Purchasing three horses for the Police Department and a steam roller for the Street Department. Recommended.

Securing an opinion from an Eastern bond attorney on the recent bond issue. Tabled.

IRISH IS BANQUETTED.

Sound Money Men Entertain Him at Masonic Hall.

Masonic Hall was filled last night with business men and some of the leading sound money advocates, all of whom assembled to welcome home John P. Irish. An elaborate banquet was served and addresses were made by E. J. Pringle, Professor Howison of the State University, Attorney Warren Olney, ex-Mayor William B. Davis, Rev. C. W. Wendte and R. H. Telland, and also Mr. Irish.

The reception was in charge of the executive committee of the Sound Money League.

FRATERNAL NEWS

United Workmen About to Construct a Fine Building.

MUCH PROGRESS EVIDENT.

Red Men About to Locate a New Tribe Here.

GOSSIP OF THE ORDERS.

Social and Business Meetings All Along the Line.

The close of the vacation season at the seaside and in the mountains, the conclusion of the Presidential campaign and the approach of winter will have a beneficial effect upon the fraternal orders in this city and vicinity.

Until recently, members of the several beneficial organizations in this county have, in greater or less degree, been engrossed by one or other of these distractions, and as a consequence have not devoted themselves with the same enthusiasm to the work of the lodge room, which generally characterizes them during other periods.

Hereafter, as a consequence, a larger attendance may be expected at lodge meetings, and more attention will be paid to projects which, at times, have been discussed in the several fraternal organizations.

One of these is that of an order building, which nearly every fraternal society aims to possess. Such a structure is now owned in this city by the York and Scottish Rite Masons, respectively, and the Odd Fellows, and it is expected, before long, that the Pythian order will be added to the list. This latter organization is now making arrangements for the erection of a castle hall at Twelfth and Alice streets.

The subject of a building, which was formerly considered with a great deal of interest by the A. O. U. W. lodges, and which was temporarily set aside by the selection of a union hall at Fourteenth street and Broadway, has been revived, and it is likely that before long steps will be taken to carry the cherished idea of the order into effect.

It is also understood that the Foresters, having no desire to remain in the background, are considering the feasibility of erecting a permanent structure in which all the lodges of the order in Oakland may meet and in which also all their entertainments may be held and their banquets spread.

Another gratifying evidence of the lively character of the times in the fraternal world is the revival which is about to be inaugurated in the Order of Red Men. This society has made considerable progress during the past year in this county, and hopes soon to establish another tribe in this city at Twenty-third avenue.

United Workmen.

The executive committee of the Supreme Lodge Press Committee, A. O. U. W., has issued an address to the members of the order in this State congratulating them upon the adoption of the new classified plan of assessments and expressing confidence that the success of the order in this jurisdiction for the future is secured.

OAK LEAF LODGE.

Oak Leaf Lodge, No. 36, A. O. U. W., at its last meeting, was presided over by Past Master Macdonald in the absence of Master Workman Dunton.

Two new members were initiated. Three applications for membership were received.

Past Master Marston of Pacific Lodge delivered the lecture during the screen work with his customary ability and eloquence.

Past Master McAllister performed the initiatory ceremonies, ably assisted by Past Masters Cogan, Preston, Havens, Hall and McCracken.

The nomination of officers was begun and will be continued next Monday evening.

Some very important amendments to the by-laws were introduced and will be acted on after next reading.

The master workman requested that as many members as possible be present at the next reading of the amendments proposed, as they were of the greatest importance to the lodge.

Past Master Workman Preston stated that at the next meeting his last visit to the lodge will be made for some months, as he intends to reside in Montana until the middle of next year. This announcement was received with much regret, as Brother Preston is one of the most zealous workers in the interests of the A. O. U. W.

Remarks were made by Past Master Workmen Marston, Tucker, Harris, Havens, Hall, Colquohoun, Isaacs and Leimert.

Grand Recorder D. S. Hirshberg was absent, as he had gone to Port Costa to help inaugurate a new lodge of the A. O. U. W.

KEYSTONE LODGE.

Keystone Lodge's meeting was largely attended on Tuesday evening.

Two applications for the first degree were received, making twelve since July 1, 1896.

Many visiting members were in attendance, among them being Dr. Tucker, Dr. Phipps and Brother Dade.

Interesting remarks were made by Brothers A. T. Dewey, A. Jacobs and Eugene Lynch.

Nominations of officers for the ensuing term were in order. A spirited contest for some of these offices is already manifested.

Members who are interested in the election of officers should make it a point to be in attendance for the next two weeks.

PACIFIC LODGE.

The regular meeting of Pacific Lodge, No. 7, takes place this evening at A. O. U. W. Hall, 1169 Broadway.

The drill team of this lodge has been invited to go out to Temple Lodge, No. 11, at Temescal, next Monday evening, to give both degrees.

TEMPLE LODGE.

Temple Lodge members have been working hard and have a number of candidates to initiate on Monday evening, and several applications in prospect, most of them being under 30 years of age.

The members of the team deserve great credit for the work they are doing in assisting the lodges in the initiatory work. They have several engagements ahead, as follows: Temple Lodge, No. 11, on the 16th; Hercules Lodge of San Francisco on the 20th inst.; California Lodge, No. 1, on the 24th, and on the 12th of December they go to San Jose by invitation of Mt. Hamilton and Enterprise Lodges.

These two lodges have promised a number of candidates for the occasion, and the team will give the amplified rank in full.

The grand master is anxious to organize a team in San Jose, and has hopes of doing so after the visit of Pacific team.

CENTRAL LODGE.

Central Lodge, No. 251, will be visited by the grand medical examiner and other grand officers next Monday evening.

Red Men.

That Redmanship is assuming proportions in this vicinity is evidenced by the unusual activity of the local tribes and the fact that a new tribe is to be instituted at Twenty-third avenue on Saturday evening next. All Red Men of this reservation are cordially invited to be present. The name and number of the new tribe have not been announced.

Tecumseh Tribe No. 62 on Monday evening last adopted three pale faces and conferred the Warrior's degree on one applicant. Degrees will be conferred by this tribe on Monday evening next.

Gray Eagle Tribe No. 65 will on next Wednesday evening confer the Chief's degree at its wigwam in California Hall, Clay street.

Pottowattomie Tribe No. 84 of Haywards will confer the Chief's degree on several applicants tomorrow evening.

Pawnee Tribe No. 67 will raise up a Sagamore this evening and have a degree drill.

Comanche Tribe No. 79 of Elmhurst was last evening visited by Great Junior Sagamore Collins. An adoption of pale faces took place and corn and venison was partaken of.

Masonic.

There is an organization in San Francisco known as the Masonic Cemetery Association. Under the auspices of this society many deceased Masons, former residents of this city have been interred in the cemetery under the management of the concern.

This society has recently received considerable attention at the hands of members of the Masonic order across the bay. Its finances and the manner in which they have been managed have provoked some criticism. On this subject the recent grand lodge was memorialized. The preamble of the memorial, after referring to the fact that the association in question uses the word "Masonic" in the title, proceeds as follows:

"Such corporation has in its treasury such a sum of money $(39,212.07, also stocks bonds and notes of the value of $45,000, the same being surplus or net income; also various tracts of land) that it could without injury to itself, donate a part of such surplus or net income to the Masonic Widows' and Orphans' Home, and to the board of relief of this Grand Lodge, and thereby comply with the laws of this State under which it is incorporated. We believe that no corporation in this State, private or otherwise, should be allowed to use the word 'Masonic,' thereby appearing before the world as a Masonic institution, without being under the jurisdiction of this Grand Lodge.'

A resolution was then suggested in effect that "no person, association or corporation be permitted or allowed to use in his or its business or commercial affairs any name or symbol indicative of Masonry or Masonic jurisdiction unless such person, association or corporation be under the control and jurisdiction of this Grand Lodge, and that the most worshipful grand master do take such proper steps, legal and otherwise, to carry out the purpose and object of this resolution."

A great deal of interest was displayed in the move, but the Grand Lodge decided, for this year at least, to not interfere in the affairs of the Cemetery Association.

The matter, however, will not rest here and it is expected before long will be brought into the courts for settlement.

Order of Eastern Star.

The worthy grand matron of the order of Eastern Star has appointed the grand officers whose selection depends upon her and among them is the Grand Electa Mrs. Mary Litler of Unity Chapter, O. E. S. No. 65, of this city.

Odd Fellows.

Last Monday night Sycamore lodge No. 129, I. O. O. F., of Haywards, celebrated the thirtieth anniversary of its organization at its lodge rooms, and the event will be long remembered by all the members of the order who were in attendance.

The lodge is one of the oldest in the State and has always had a fine roll of members and a uniformly successful career.

Sycamore lodge was organized in 1866. It had a fair-sized list of charter members, among them being William Roberts, William Meek, William Blackwood, William Knox and A. L. Fuller. Of these only two, Messrs. Roberts and Fuller, survive. The list of members now comprises about 130 zealous Odd Fellows.

Sycamore lodge owns its hall and a fine display of paraphernalia.

The features of the programme were as follows:

A piano solo by Mrs. Vera Meininger, address by Charles N. Fox, vocal solo by Miss E. Lynch, address by William Roberts, vocal duet by Miss O. Allen and Miss A. Obermuller, address by W. H. L. Barnes, piano solo by Mrs. F. P. Cooper, vocal solo by J. W. Kersey, vocal solo by J. Dean.

The present officers of the lodge are as follows: S. Madsen, Past District Grand Patriarch; William M. Greenwell, Noble Grand; J. D. Smalley, Vice-Grand; H. H. Brunner, Secretary; C. Christensen, Recording Secretary; F. W. Trathen, Warden; H. P. Jessen, Conductor.

Woodmen of the World.

Tomorrow evening there will be a reunion in Centerville of members of the order of Woodmen of the World of this county, at which it is expected several hundred Woodmen will be in attendance. Oakland Camp of this city which is the largest and strongest camp of the order in this county, will send seventy-five members to the gathering in a body. Maple Camp of Centerville will act as host and is now making elaborate preparations for the occasion.

On the 23d of this month Oakland Camp will hold its annual election of officers and on the 30th it will have its annual entertainment, which is known as "Autumn Leaves."

Knights of Pythias.

Oakland lodge No. 103, at its convention last Friday night, received the report of the two committees of investigation on the application of Strangers Cotten and Bell. The applicants were balloted for and elected. Aided by its excellent team, the lodge then conferred the Knight rank in amplified form on Esquire M. A. Carlson. The new and unique drill designed by Captain S. D. Gage, was executed for the first time in a manner which was commendable to both the team and its captain. Special credit was accorded to the armored guards and attendants, led by Standard-bearers Proust and Robert, for the precise manner in which they performed their many evolutions.

The music for the occasion which was furnished by Professors Bonham, Bernstein and Sanders, was up to date. It was announced, that Stranger Cotten was in waiting to receive the Page rank, and the lodge opened in that rank and the applicant was introduced and initiated into the mysteries of that impressive work. As usual, many visitors were present, and under the head of "Good of the Order" considerable oratory was displayed by Brothers Rouse of San Jose lodge; Wakefield of Pride of Butte lodge; Langreidge of Riverside, and Shriner of Bay City lodge.

Tomorrow night the Page rank will be conferred on Stranger Bell. Sojourning members of the order are cordially invited to be present.

Rathbone Sisters.

Calanthe Temple, order Rathbone Sisters, at its last meeting, initiated three applicants.

Degree of Honor.

Ivy Lodge, No. 4, Degree of Honor, A. O. U. W., had a very large attendance at its meeting Wednesday evening.

One new member was balloted for and elected. Several new members will be initiated at the next meeting.

The Dramatic Committee reported progress.

The engrossed resolutions to be presented to Grand Lady of Honor Mrs. Mayon were accepted, and the Committee on Resolutions of Condolence was appointed to call on and present them to the bereaved sister.

Recorder Sister Bradley stated that she had sent invitations to Silver Star, Dawn of Hope and Minerva Lodges, Degree of Honor to be present next Wednesday evening at the reception to be given by Ivy Lodge to the Grand Chief of Honor, Mrs. Masters.

Past Chief of Honor Mrs. Engler, chairman of the Special Committee on Entertainment, requested all those who so desired to bring their contributions of cakes, delicacies and flowers Wednesday afternoon to the hall, as some of the committee will then be present to receive them.

Grand Usher Sister Low's was present and made a few pleasant remarks.

Brother A. A. Wood, who is down from Placerville, at the miners' meeting called to see his old friends of Ivy Lodge, and in his usual happy manner told how he and Past Chief of Honor Sister Wood are enjoying themselves in that far away, but pretty little town.

The lodge adjourned early, in order to give the military sisters a chance to go through their intricate evolutions, with which they soon intend to surprise the lodge.

Nomination of officers will take place next Wednesday evening. The election will occur the first Wednesday in December.

In all probability Ivy Lodge drill team will assist in the exemplification of the initiatory work before the grand chief of honor next Wednesday evening.

Young Men's Institute.

Oakland Council, No. 6, will hold its next regular meeting next Tuesday evening, on which occasion the "Rights" will have the floor. Brother George Brown, who is captain of the "Rights," promises a good programme for the evening, and it is hoped all members will be present.

Catholic Ladies' Aid Society.

The Catholic Ladies' Aid Society will hold its regular meeting Monday evening, November 16th, at Y. M. I. Hall, 1058 Broadway.

Sons of St. George.

Albion Lodge, Sons of St. George, gave one of its well known stag parties on the 4th inst.

About 400 guests enjoyed the bounteous refreshments provided in this lodge's usual custom.

The following programme was rendered: Overture, piano, violin and cornet; Albion Quartette, song; H. Baker, song; G. A. Hall, song; three round boxing match between C. Tye and N. Smith of the Acme Club; club swinging, C. Slamberg; wrestling match, Messrs. Collier and Turner, Acme Club; boxing, three rounds, Kirchener and Macnamara, Acme Club; violin solo, M. M. Sercherer; Mr. Howden, song; Parker, song; Mr. Gray, recitation; J. Healy, recitation; Hugh Cress, song.

DENIES EVERY POINT.

Aleck Rosborough Replies on the Whidden Matter.

A New Point Raised as Regards Expert R. K. Snow's Report.

Ex-County Tax Collector Rosborough has made the following reply to the specific demand on him in the proceedings now in progress to decide formalities in connection with the dispute over the funds of the Tax Collector's office. As far as Mr. Rosborough is concerned the matter is simply to decide whether or not County Auditor Whidden was his agent:

OAKLAND, Cal., Nov. 9, 1896.

To M. A. Whidden, Auditor of the County of Alameda, State of California, and to Chas. E. Snook, District Attorney of the County of Alameda, State of California—Gentlemen: I have had served upon me a demand for moneys which were not collected or receipted for by me, by my deputy or by my or his authority, and I herewith make answer.

I deny that any amount or amounts of $591.10 was collected by me or by my deputy or by my or his authority, between the first Monday of October, 1894, and the first Monday of January, 1895, as and for State and county taxes which was not accounted for by me according to law.

With regard to tax statement marked Exhibit "A" I deny that same is a statement showing the amount or any amount of State and county taxes collected by me not properly accounted for.

I deny That I have in any way failed, neglected or refused to pay to the Treasurer and into the Treasury of Alameda County, State of California, any and all amounts collected by me or by my deputy or those authorized by him or me to collect, between aforesaid dates.

Specifically, I deny that tax bill No. 307, George Schmidt, in Berkeley assessment roll, first or second installment, was collected by me or by my deputy, F. B. English; or by any one authorized by me or by him to do so.

I deny that I signed said bill or that my deputy signed said bill or that I or he authorized the signing of said bill.

I deny that said bill is properly signed.

I deny that the money, the amount of said bill, was paid to me or to my deputy or to any one authorized by me or him to receipt for same.

I deny that the amount of said bill or said bill was paid at the cash windows, and I deny that any money was paid and receipted for in any place other than the cash department, and then only to certain clerks authorized by me or my deputy to receipt for same.

I deny that said money was so paid.

I deny that said bill was properly receipted.

I deny that any other than a specially designated stamp was used for the receipting of tax bills, except in exceptional cases, and I deny that the case here referred to was an exceptional case.

I deny that there was any necessity for any delay in receipting and delivering said bill if properly and regularly paid.

I deny that the county tax rolls of Alameda County showed this bill to be paid when the rolls were turned over by me to my successor.

I deny that said rolls were stamped "paid" by me or by my deputy for this aforesaid bill or by my or his authority.

I deny that the stamp used in marking said assessment "paid" is the stamp specially designated by me for that purpose.

I deny that any other than said specially designated stamp was authorized by me or my deputy.

I deny that whoever made or placed any stamp other than that designated by me on said assessment of said assessment roll was authorized by me or by my deputy to do so.

I make the same general and specific denial regarding each of the following assessments as per exhibit "A."

In Berkeley roll No. 1 of the assessment rolls of Alameda County aforesaid, assessments Nos. 401, 432, 427, 624, 631, 892, 1310.

In Berkeley roll No. 2, assessment Nos. 2210, 2215, 2241, 2246, 2466, 2631, 2638, 2932.

In Haywards, No. 2, assessment Nos. 8, 12, 31, 72.

In San Leandro, assessment No. 408.

In Washington Township, assessment Nos. 194, 612, 1329.

In Eden Township, assessment 205.

In Oakland City, Vol. 2, assessment 2058, Vol. 5, assessment 7700, Vol. 6, assessment 11,546.

In Oakland Township, assessment 2978.

I make the further and general and specific denial with regard to assessment 1482, 1483 of Oakland City, and assessment 194 of Washington Township.

I deny that any aggregate amount of $463.27 was collected or receipted for by me or my deputy, or by any one authorized by me or him to do so, between aforesaid dates which was not properly accounted for according to law.

Regarding the attached general statement following exhibit "A," and deducting from same the $463.37, already referred to, I deny that this balance of $107.83 is owing from me.

No specific demand was made for same but I hereby deny that the same was collected by me or my deputy, or any one authorized by him or me to do so.

If, however, it can be shown in any reasonable manner that said, or any other amount is due from me, which has been properly received and receipted for and which through any clerical error on my part or on the part of my deputy, or any one authorized by him or me, has not been properly accounted for, I am ready as I always have been to account for same, but allow me to call your attention to the following facts:

Mr. R. K. Snow, expert, made a list of all unpaid taxes at the time the rolls were turned over by me to my successor, and deducted the total amount of said list from the total amount of the assessment as furnished by the Auditor, and compared this balance with the total amount of money turned over by me.

It apparently did not balance by some ninety odd dollars.

Suppose Mr. Snow to have taken off a list of everything marked paid, or the total amount collected by me and that by deducting this amount from the total assessment as furnished by the Auditor, the same difference appeared, as apparently due from my successor, then most certainly such amount of ninety odd dollars would not be due from me, would not be due from my successor, but is a clerical error in the extension of the tax rolls themselves.

Now, I am prepared to show that clerical errors do exist in the extension of the assessment rolls, to what extent I do not know.

I believe the expert and clerks in my office were as competent and accurate as it is possible for man to be, and I offer the refiguring of the tax stubs of Nov. 20th to prove this fact.

I further beg to call your attention to the fact that although the expert finds a difference of ninety odd dollars by figuring one way and presumes this to be either due from me or a mistake in the rolls, nevertheless, in his last report on my stubs, he makes the county owe me (after correcting his additions for Nov. 20th my footings for that date proving correct) the sum of $377.40. Will this be refunded I ask?

I do not ask for it. It has been my endeavor to employ only competent men, and I believe they were exceptionally so. I believe my footings correct. I will stand on them.

Requesting a speedy determination of this matter, I remain respectfully,

ALEX J. ROSBOROUGH.

THE GREATEST SCIENCE.

Do you know how LITTLE you really KNOW about the science of life insurance? If you do you are a wise man. If you are an attorney and have an intelligent conception of the science of life insurance, I shall be pleased to make your acquaintance. You will be the first lawyer I have ever met who has more than a smattering of knowledge on this subject, and "a little learning is a dangerous thing" for your clients. If you are a physician, you may understand the law that governs "mortality." This would be expected. But you must understand more than that to have even a faint glimpse of insurance. It is one of the "pillars." If you are a banker, you may understand something of the law of finance. You may understand this thoroughly, and yet be entirely ignorant of the just value of a given contract. If you are a banker and have a good understanding of insurance, I shall be glad to meet you. I have not met a banker who had an intelligent conception of a life insurance contract.

Why is this? Because the science of life insurance is greater than the science of law. It is greater than the science of medicine. (Sir Astley Cooper declares the science of surgery to be the science of butchery.) It is greater than the science of banking. And just as long as it remains true "that the sum of the whole is equal to the sum of all its parts" just so long will scientific insurance form a study that is deeper and wider than any of the parts of which it is composed. The Mutual Life of New York is the largest financial institution on the globe, placing the Bank of England with its multi-millions in the shade. The Oakland office is at 962 Broadway.

Only One Small Matter to Be Arranged About Venezuela.

KING OSCAR'S POSITION.

An Agreement And a Treaty Part of the Affair.

COMMENTS IN ENGLAND.

Surprise Over the Great Power of the United States.

By Associated Press to The Tribune.

WASHINGTON, Nov. 12.—But one point—a matter of detail and not of merits, remains open between the United States and Great Britain in the settlement of the Venezuela question.

The cablegrams passing between London and Washington give every reason to believe that this point, which has delayed the formal affixing of signatures to the arrangement of the settlement, will be determined within a day or two.

It has been found no easy task to take the Lord Chief Justice, Solicitor General or other eminent British judicial functionary from his present important duties, and charge him with other duties which may take months or years in execution. For that reason it has been considered wise to settle the matter at the outset.

The point remaining to be settled relates wholly to the personnel arbitration by the tribunal and in any event will not effect the merits of the agreement already reached.

The arrangement as to King Oscar II. of Sweden, is final as far as Mr. Olney and Sir Julian Pauncefote are concerned.

The agreement on the King as chief arbitrator was made under the same circumstances and conditions that always attach to the selection of a ruler of a nation.

Diplomatic usage implies that the King could name another nominal representative to relieve himself of the more laborious duties of the position.

There is much amused comment among those intimately familiar with the facts at the efforts in some quarters to make nice distinctions, as to the terms of King Oscar's service and to the question of the service itself, when in fact this branch of the subject was removed from the field of discussion some days ago.

Now that the facts of the agreement are known, fuller information is obtainable as to the form of compact taken.

There are two distinct papers in the transaction. First, and by far the most important, is in the nature of a solemn agreement between the United States and Great Britain on the terms on which the boundary question will be settled and the form of the court arbitration. It is lacking in the technical characteristics of a treaty and in form is a final agreement duly signed by representatives of the two Governments.

Then, because the subject matter of the boundary itself lies between Great Britain and Venezuela, a second paper is made necessary.

This is in the form of a treaty, the contracting parties being Great Britain and Venezuela. This will explain some of the ambiguity in terms that have arisen as to the agreement and teraty.

Literally the United States and Great Britain have made an agreement by which the terms of the arbitrtion treaty between Great Britin and Venezuela are framed. Each instrument will relate to the other and will be part of the common understanding on the entire subject.

In this way Venezuela retains her attitude as a contracting party to the final traty. But as the treaty is shaped by agreemen, the United States is the instrumentality by which the full results are acomplished and names two of the judicial arbitrators.

ENGLAND'S STAND.

LONDON, Nov. 12.—An official of the Foreign Office said today it was not likely King Oscar II. of Norway and Sweden would sit with the four Venezuelan arbitration jurists, intimating he would be represented by a fifth jurist to be nominated by himself.

The report published here this morning that the Chief Justices of the United States and Great Britain would not select natives of the United States to act as arbitrators is denied.

It is added the Chief Justice will have nothing to do in the matter.

The St. James Gazette publishes a leading article headed: "An Historic Moment" in which it says: "Lord Salisbury's great admission of the principle that the United States has a right to intervene in frontier disputes of American powers and compel the disputants to arbitrate altogether transcends in importance the question of the Guiana boundary. It is a formal recognition of the control of the United States on the American continent and gives the President a position in the New World which the mediaeval Popes and Emperors tried vainly to claim in Europe."

SPEECH BY BEN HARRISON.

Farmers Want Soon a Special Session of Congress.

By Associated Press to The Tribune.

INDIANAPOLIS, Nov. 12.—The first business to come before the Farmers' Congress today was the memorial address to Congress prepared by the committee, of which William Lawrence of Ohio is chairman.

The memorial as adopted says that the Farmers' National Congress is not a political party organization; that the recent election of President and Representatives in Congress has, for the time, settled the question that "most ample protection" shall be extended to agricultural products in common with those of other industries.

The memorial suggests changes in the Dingley tariff bill, among them being the striking out of the "skirting clause," which originated in the tariff bill of 1890.

It also asks for the passage of a bill proposed in the memorial and prepared by the National Wool Growers' Association at Washington in 1885, in aid of the sheep husbandry.

The memorial says further it is desired by the farmers of the Congress that, after March, 1897, the President shall call an extra session of Congress at the earliest practicable time to enact a protective tariff law.

The memorial also protests against delay.

Ex-President Harrison addressed the body at length. He said:

"Don't fight as one that beateth air. I have no patience whatever with those people who are always fighting air. If you have something to antagonize, out with it. Specify it. Make your attack directly. It must be so attacked if the attack is to be effective. If there are abuses of any kind in the legislation or in the business of the country, let us fix the public eye upon them until we have exposed the evil and then we can trust the country to make it right. It is mischievous to denounce classes and this thing and that. If there are trusts, let us know it, and bring legislation to bear upon them and court decrees to bear upon them, and then we have accomplished something."

MUM'S THE WORD.

The Proposed Russo-German Debate Not Favored.

By Associated Press to The Tribune.

BERLIN, Nov. 12.—The Hamburger Nachrichten publishes today another article inspired from Friedsriohsruhe, in which the proposed debate in the Reichstag on the Russo-German treaty of 1884-'90 is deprecated.

The article, however, says:

"It would be of special interest to learn why Caprivi, in 1890, felt compelled to cut the wires which still held united Germany to Russia."

Continuing the Nachrichten says:

"The question now arises whether a powerful neighbor like Russia is in closer touch with us or with our opponents in Europe. This question is of paramount importance to all Germany, as is also the question whether the British policy is striving to exercise influence over our policy the result of which would not be altogether to the advantage of Germany. We think that the explanations would exercise a tranquilizing influence upon the public and strengthen the attachment of Germans to their institutions."

The Ferry Boat Burglars Brothers of Murderer Kelly.

HOW THEY WERE IDENTIFIED.

A Sheriff's Receipt Plays An Important Part.

A DETECTIVE DOES THE REST.

One of the Suspects Has Already Done "Time."

A Deputy Sheriff from Marin County this afternoon identified the two ferry boat burglars who gave the names of James Carlin and William Hawley.

They are none other than William and Arthur Kelley, brothers of Robert Kelley, the notorious convict now serving thirty years in Folsom penitentiary for the murder of a fellow convict while serving time in San Quentin.

The receipt for $44.35 signed by Sheriff Henry Harrison of Marin County and which was found in the pocket of Carlin is the first thing which led towards the discovery of the prisoners' identity. It was taken from the men upon their arrest and a letter was sent to the Marin official, asking for information regarding it. An investigation of the sheriff's books showed that the money had been turned over to Wm. Kelley at Robert Kelley's request while the latter was in the Marin County jail awaiting trial for the murder committed in the penitentiary.

Sheriff Harrison further writes in his reply, which was received today by Chief Lloyd, that the brothers frequently visited Robert Kelley while he was in jail and the description which he gives of them closely tallies with the men now in the city prison.

An investigation of the penitentiary records shows that William Kelley made his debut as a criminal some time ago for committing a robbery in the southern part of the State for which he served six years in Folsom.

The suspects were in the Police Court this morning and were formally arraigned. Their preliminary examinations were set for Monday.

WANT INCOME TAX.

The Knights of Labor Handle Some Interesting Resolutions.

By Associated Press to The Tribune.

ROCHESTER, N. Y., Nov. 12.—The General Assembly of the Knights of Labor today passed a resolution declaring for the enactment of a graduated income tax law.

Failing to procure this at the hands of the next Congress, it is declared the intention of the Knights to use all their influence to have the demand for such a tax incorporated into the platform of one of the great political parties, and if they fail in that there will in all probability be an effort made to set up a new political party.

Resolutions have been offered in favor of the initiative and referendum, opposing the issue of National Bank notes and declaring that all money should be issued exclusively by the National Government.

The present General Master Workman, James R. Sovereign, and T. B. McGuire, a member of the Executive Board, are leading candidates for the office of Grand Master Workman.

By Associated Press to The Tribune.

LONDON, Nov. 12.—Since the release of Mrs. Walter M. Castle of San Francisco from Wormwood Scrubbs Prison, her condition of health has been so serious that the doctors now refuse her permission to sail for the United States at present.

AMOUNTS TO AN ACQUITTAL.

LONDON, Nov. 12.—Bernard Abrahams of counsel for the Castles said to the representative of the Associated Press today, referring to the surprise expressed in the United States that Mrs. Castle had been advised to plead guilty, that it was generally felt in English legal circles, in view of the change brought about by the law of 1883, that the course adopted was right, and that the Home Secretary's order to release Mrs. Castle is a complete vindication of the soundness of this advice and is a virtual acquittal.

By Associated Press to The Tribune.

SAN FRANCISCO, Nov. 12.—The testimony closed today in the case of Mrs. Susie B. Martin, charged with the murder of her husband, John T. Martin, the politician. The evidence all told the story of brutality and neglect on the part of the husband, who flaunted his infidelity to his wife, and when the latter was starving and applied for assistance, greeted her with curses and obscenity.

The closing arguments are being made this afternoon and the case will go to the jury this evening.

DESPOILED A CHURCH.

Base Burglars Loot a Catholic Sanctuary at Red Bluff.

By Associated Press to The Tribune.

RED BLUFF, Nov. 12.—The Catholic Church here was entered by burglars last night and a number of valuable articles, connected with the altar were stolen. The intrinsic loss is only $200 but the priest and congregation value the stolen relics much more highly.

Among the articles stolen was a golden chalice, patten and pyx, silver ciborium and a cross.

LOS ANCELES' FIGURES.

McLachlan for Congress Has a Plurality of 72.

By Associated Press to The Tribune.

LOS ANGELES, Nov. 12.—The official canvass of this county has been completed. The figures on the Presidential and Congressional ticket are as follows: McKinley, 16,931; Bryan, 16,040; McKinley's plurality, 85; McLachlan, Republican, 15,299; Barlow, Democratic, Populist, 15,257; McLachlan's plurality, 42.

HOLLISTER, Nov. 12.—The Republican electors received 733, the Democratic electors 963; Bryan's majority, 231. For Congress, Castle 832, Bowers 605, Carlson 99, Webb 16; Castle's majority, 167.

By Associated Press to The Tribune.

UKIAH, Nov. 12.—Under Sheriff Handy arrived this morning from Usal, whither he had been in pursuit of the murderers of John Mudgett. Young Dodge and wife are the only parties thus far arrested against whom the chain of evidence is strong. Ferguson and Dodge, Sr., are held as witnesses.

MILLER RESIGNS.

He Could Not Agree With Secretary Carlisle's Son.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—A Washington special to the Evening Post says: Commissioner of Internal Revenue Joseph S. Miller of West Virginia has resigned. His successor will be ex-Congressman Farman of Illinois.

Miller had serious difference with Secretary Carlisle and his son Logan, chief clerk of the Treasury Department. The resignation, it is understood, is due to strained relations.

Proof of the Adage That "Murder Will Out."

By Associated Press to The Tribune.

NAPA, Nov. 12.—In the trial of William Rue, alias Moore, for the murder of Mrs. Greenwood, Hugh Kelly, a neighbor of Greenwood, testified to finding Mr. Greenwood bound and bleeding near the fence where he had crawled to seek aid.

Sheriff McKenzie identified the gags and cords with which Greenwood was bound.

Doctors Haun and Pond testified to holding an autopsy on the body of Mrs. Greenwood. They found that death was caused by administering poison, arsenic and chloroform, preceded by strangling. She was also shot through the head after death.

Mrs. Hannah Moore, neighbor of Greenwood's, testified that Mrs. Greenwood had visited her on February 9th.

She wore at that time a cloak which she had on when she was murdered.

George Knox testified that he met the defendant when he went to work for Peter Lynch. Roe wore then a ring and watch chain similar to the one the murderer had on. The defendant also had a number of bottles of drugs and two pistols. Witness identified one pistol offered in evidence.

Herman Meyer, railroad track-walker, testified to finding the pistol offered in evidence under the road.

Fred Stemmle, Solano County constable, testified to seeing Roe and Carl Schmidt at Vallejo Junction on February 8, 1891, and that Schmidt had sold him a watch for $4. The witness positively identified Schmidt.

MARRIED A DUCHESS.

A Swell Ceremony Takes Place This Afternoon in London.

By Associated Press to The Tribune.

LONDON, Nov. 12.—Sir Albert K. Rollit, M. P. for the South Division of Islington, and president of the Associated Chambers of Commerce for the United Kingdom, was married this afternoon at St. George's Hanover Square to the Dowager Duchess of Sutherland, who as Mrs. Blair visited the United States with the third Duke, afterwards her husband, some years ago.

After the third Duke's death in 1892 she disputed his will with the present Duke and spent six weeks in Holloway jail for contempt of court.

Sir Albert K. Rollit is a wealthy ship owner, and is conservative in politics.

The Dowager Duchess was a daughter of the Rev. Richard Michell, D. D., principal of Hertford College, Oxford. Her first husband was Captain Arthur K. Blair of the 71st Highlanders.

Only relatives of the parties and a few intimate friends were present at the ceremony.

ST. LOUIS, Nov. 12.—Miss Francis E. Willard, the president, kept the officers busy all day completing the arrangements for the twenty-third annual convention of the National W. C. T. U., which convenes tomorrow for a five days' session.

Mrs. Dr. Mary Wood-Allen, National Superintendent of purity work for the W. C. T. U., presided at the opening session of the purity conference, in the Second Presbyterian Church.

This session was a series of object lessons taught by songs and pictures, following the address by Mrs. Allen, who made an able argument for one code of morals for both sexes.

A CORPORATION VICTORY.

A Notable Decision Given in Chicago's Federal Court.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—Judge Showalter, in the Federal Court today, returned an important decision in the rebate case of the whisky company.

The jurist decided the compact involved in rebate vouchers is legal, understanding it does not preclude buyers from purchasing elsewhere.

The terms merely stipulate that the buyer takes the goods from the American Spirits Company, and if he wishes to take advantage of the rebates, he must deal elsewhere.

The decision is of the highest importance, since it confirms the trade methods of the sugar trust and other corporations.

The Captain-General Would Not Desert His Position.

By Associated Press to The Tribune.

HAVANA, Nov. 12.—The following details have been received from the front of the capture of the Insurgents' positions in the mountains of El Rubi, Province Pinar del Rio, by the forces under the command of Captain General Weyler, as exclusively announced in the Associated Press yesterday.

Operations began Monday.

The plan of the Captain General was to advance on the Insurgents' position with his forces divided into three columns.

General M. Munoz at the head of six battalions of all arms entered the mountains district by Manuelita.

General Echague with four battalions from Artemisa, entered the mountains by way of Cayajaba while Bonet, Seget with his column advanced from Lorca on the Insurgent position.

Captain General Weyler with the Reina, Castilla America, Barcellona and Puerto Rico battalions and six field pieces pushed forward from Mariel to attack the Insurgent front and cover the probable outlet from the mountains.

The Insurgents believed they held strong positions and they undoubtedly occupied points most favorable for defense.

General Echague, advancing from Artemisa toward Cayajaba and thence into the mountains had a better road and his troops were first to engage the enemy. After sustaining a sharp fire, these troops captured the Insurgents' position in the pass at the south entrance of the mountains.

At daylight Tuesday, troops of General Echague were reinforced by the column commanded by General Aguilar.

The combined forces at the point of the bayonet captured in succession all the Insurgent positions.

The enemy defended their works with tenacity, but the Spanish troops succeeded in occupying the heights of El Rubi, the principal Insurgent defense in the vicinity of the military line.

It is believed the greater part of the Insurgents in the Province of Pinar del Rio took part in this engagement.

The Spanish troops lost six men killed. General Echague had six officers of minor rank and fifty-four soldiers wounded.

The Insurgents left seven men killed on the field. Their actual loss is not known.

General Echague was shot in the hip after the actual fighting was over.

During the engagement a shower of bullets fell over General Weyler and staff, whereupon somebody expressed anxiety as to the safety of the Captain General.

To this he replied: "The bullet which will kill me is not yet cast."

General Echague and other wounded have arrived here.

General Lono, after embracing Echague, asked after his health. He replied: "I am doing tolerably well under the circumstances."

Eight Hundred Laborers to Be Imported to Panama.

They Come From Africa and Will Get Eighty Cents a Day.

By Associated Press to The Tribune.

NEW YORK, Nov. 12.—A dispatch to the Herald from Panama says:

Mr. Mange, formerly director-general of the Panama Canal Company, arrived here on the steamer Midway. It is understood that he comes to occupy the position of director of the works in the Canal Company. He rendered good services formerly and is an efficient engineer.

The steamer Castle is shortly expected from Colon with about 800 African laborers from Sierra Leone for the canal. Their pay will be 80 cents, Colombian currency, per day.

El Correo Nacional of Bogota, referring to the alleged offensive and defensive alliance between Ecuador and Venezuela, says: "We are authorized to state that there is no truth in the statement that a treaty offensive and defensive has been celebrated between Ecuador and Venezuela, merely a treaty of friendship and commerce which was publicly discussed in recent sessions of the Venezuelan Congress."

It has been proposed to Congress to send the Colombian gunboat Bogaoa to Guayaquil, Ecuador, to transport to this country Colombian citizens who were rendered destitute by the recent disastrous fire in that city.

The Herald's correspondent in Guayaquil telegraphs that the government of Ecuador has ordered the Jesuit fathers settled in the eastern part of the Republic to leave the country. It is alleged that they have been fomenting revolutionary movements. The reconstruction of the burned district in Guayaquil is being rapidly pressed.

The Chilean cruiser Presidente Pinto is now in the harbor at Guayaquil.

THE DOG DIED.

But the Man Who Killed It Was Not Guilty of Cruelty.

Carl Johnson was this morning found not guilty of cruelty to animals by Judge Lawrence, sitting as Police Magistrate.

The defendant was the coachman employed by the late Dr. Pardee, and on the day of the Republican primaries, while driving on Telegraph avenue near Twenty-sixth street, ran over and killed a dog belonging to W. E. Elliot.

Mrs. Sanford of the Humane Society took up the case, but the evidence was contradictory, and Johnson was given the benefit of the doubt.

BUTCHERED AT LEADVILLE.

Five Smelter Men Brutally Assaulted by Angry Miners.

The Injured Ones Mistaken for a Gang of Foreign "Scabs."

By Associated Press to The Tribune.

DENVER, Colo., Nov. 12.—A special to the Times from Leadville, Colorado, says: "A fight occurred in a saloon this morning in which five men were stabbed. One whom, at least, will die. The injured are: Stephen Frankowits, wound fatal; Jerry Dormandy, wound serious; Joseph Austerman, badly cut; John Jackson, badly cut; an unknown man, wound serious.

Fifteen of twenty were engaged in the affray. A party of Austrians was followed into a saloon by some striking miners who called them scabs.

The Austrians resented this. A fight began in which knives were the only weapons. When the police arrived, all the fighters escaped except those too badly wounded to flee.

Frankowits, Dormandy, Austerman and the unkown man were captured. Jackson escaped.

The Austrians are union smelter men but were mistaken by the miners for men who had taken their places in the mines.

INDIAN SCHOOLS.

The Contract System Is to Be Gradually Stopped.

By Associated Press to The Tribune.

WASHINGTON, Nov. 12.—Estimates for the entire Indian service for the fiscal year ending June 30, 1898, to be submitted to Congress at the opening of the session, call for the appropriation of $7,250,000 in round numbers. This is $400,000 more than the appropriation of the current fiscal year.

The increase is due to the policy of the government adopted at last session of Congress to abolish gradually the contract of Indian schools and place all Indian schools absolutely under government control.

Half the number of Indians are now attending contract schools, but all are required to be in the regular government schools within twelve months from the end of the present fiscal year.

A CHECK FOR CHILDREN.

New Yorkers Propose to Keep Them Off the Streets.

An Ordinance Successfully Tested in Other Leading Cities.

By Associated Press to The Tribune.

NEW YORK, Nov. 12.—It is possible that an ordinance will soon be passed by the Board of Aldermen of this city forbidding boys and girls to be in the streets at night. Strong arguments in the affirmative will be laid before the Board, and the advocates of the measure, the chief of whom is Mrs. John D. Townsend, have hopes that they will prevail.

The ordinance under consideration provides that all children under 16 years old shall be indoors by 8 o'clock in winter and 9 o'clock in summer. The police are instructed to enforce the rule, and penalties are being provided for its violation. With a long record of crimes committed by New York children, Mrs. Townsend will present to the Board of Aldermen evidence of the successful operation of the ordinance in Western cities where it has been put in operation.

It is now in force in Omaha, Lincoln, St. Joseph, Lawrence, Kansas City and about two hundred other cities and towns. The Mayors and police authorities of these places are unanimous in testifying to the good effect of the ordinance and the decrease in crime which it has effected.

The Old Sixth Street Engine House a Thing of the Past.

The work of removing the old Sixth street engine house was completed today, and before the work is over the contractor will commence the erection of the new structure.

The old landmark has been distributed around the city. The bricks are in the corporation yard and will be used by the Street Department to "patch up" with when better material is scarce.

SILVER CONGRESSMEN.

Barlow and Castle Defeated the Republicans in the South.

The election returns in the Sixth and Seventh Congressional Districts are now completed and both of the fusionist candidates have been elected, though by small pluralities.

In the Sixth District, Barlow has 94 votes to spare while Castle, in the Seventh District, has 190 over Bowers.

WANTS THE STRING CUT.

Rusie of the New York Club Tries to Force a Release.

Novel Effect of His Suit If He Should Meet With Success.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—Failing to secure his release from the New York Baseball Club at the hands of the National League, Amos Rusie, the Indianapolis player, filed a bill for an injunction in the Federal court today, in order to secure his release by legal process.

Incidentally, Rusie's application, if granted, would mean the right of reservation, exercised by baseball clubs, has no legal standing and makes an open field at the close of each season for contracting players for the following season.

The bill for the injunction declares that combination in the National League is unlawful and unreasonable and, if enforced, will work irremedial hardships to the complainant.

In addition, Rusie began suit for the recovery of $50,000 damages by reason of the conduct of the New York club in depriving him of the opportunity of following his profession.

FOUGHT WITH BURGLARS.

An Exciting Midnight Fray in a New York Town.

By Associated Press to The Tribune.

ROCHESTER, N. Y., Nov. 1.—A special to the Post Express from Bolivia says one burglar was shot to death and another wounded and captured at 2 o'clock this morning in Elba, Genesee County, while resisting arrest after entering W. A. Hundermark's general store.

The burglar alarm in the store awakened the proprietor in his dwelling.

He summoned citizens who surrounded the store and called on the burglars to surrender.

The robbers showed fight.

Many shots were exchanged.

Afterwards one burglar was found dead behind the store.

His companion was wounded and surrendered.

He says his name is George Stevens, but refuses to say more.

STOCKS STIFFEN.

A Steady Feeling Now Evident in the New York Market.

By Associated Press to The Tribune.

NEW YORK, Nov. 12.—Trading in the stock market was light at the opening. Decided weakness prevailed. Manhattan sold off 2 per cent to 98 on disappointment at the failure of the confirmation of recent favorable gossip and the poor statement published yesterday. Bay State gas, on a new application for receiver, sold off 1¾. Changes in the railway list were mainly fractional.

The selling movement soon exhausted and under renewed buying for long account, values stiffened sharply with Manhattan and low-priced shares most prominent. Continued offerings for foreign account tended to encourage the bears, but the losses were not material.

Trading lacked improvement feature up to noon and although prices moved irregularly the range was narrow. A fairly steady tone prevailed at midday.

Silver is 67¾, and lead 3.75.

TROUBLE NOT EXPECTED.

The War-Talk Regarding Spain and America Distorted.

Official Denial of the Rumors That Started All the Stories.

By Associated Press to The Tribune.

MADRID, Nov. 12.—With regard to the dispatches from Washington on the subject of a possibility of trouble between the United States and Spain, it is officially denied that the Spanish Premier, Senor Canovas del Castillo, has communicated with the powers with a view to seeking support against the United States.

It is explained that the story is probably a revival of the report circulated August last, when Spain prepared a memorandum on Cuban relations with the United States, suggesting that the powers assist Spain in bringing amicable pressure to bear on the United States.

On the occasion indicated, and by the advice of the Ambassadors of the powers, the Spanish Minister of Foreign Affairs consulted with the United States Minister at Madrid before sending the memorandum.

It was the view of Minister Taylor that a dispatch of such note directly after President Cleveland's proclamation calling for the observance of neutrality laws would be calculated to seriously affect the relations between Spain and the United States, and in deference to that expression the Spanish Minister of Foreign Affairs assured Minister Taylor that the memorandum would be withheld, also stating that no offense was intended to President Cleveland or the Government of the United States, and that Spain only desired to sound the powers with a view to contingencies which might arise out of the Presidential election.

It is now added that the possibility of war between the United States and Spain is regarded as most remote.

It is pointed out that Spain remained perfectly neutral during the Presidential election.

BOLIVIA ACTS.

LUCRE, Bolivia (via Galveston, Tex.), Nov. 12.—The Committee on Foreign Affairs of the Chamber of Deputies has reported in favor of the recognition of the Cuban insurgents as belligerents.

The Argentine Minister has been instructed to demand of Bolivia the evacuation of the District of San Antonio, lately occupied by Bolivians.

IN VERY POOR SHAPE.

Trouble in the American Wheelmen's Protective Association.

A Receiver Has Been Sought and Serious Charges Made.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—Receiver for the American Wheelmen's Protective Association was asked for in the Circuit Court today by P. H. Barker, a stockholder. The concern is widely known among wheelmen, as it was endorsed by the League of American Wheelmen.

The association was incorporated November 23, 1894, with a capital stock of $1,000 and notice was given that it would be increased to $25,000, but this never has been paid in. The bill says that Edward D. Sniffen, the secretary and treasurer, issued to himself 49,000 shares representing an increase and 5,000 shares of over-issue, at a par value of $2, or $99,000 altogether. Sniffen, it is alleged, expended on his personal account all the $30,000 collected except $6,560 used for expenses of the corporation. It is claimed that assets do not exceed $5,000 and that the concern is liable for 23,000 wheels valued at $50 each. All officers are defendants.

A BIG CONDUIT.

The Clay Street Sewer Will Soon Be Ready for Use.

The Clay street sewer is all but completed, and within the week work on the large conduit will be over. The improvement when completed will have cost the property owners about $5,000 besides the expense to the city for extending the outlet 700 feet into the tide-water.

AGAIN SEEKS FREEDOM.

Mrs. Thomas B. Freeman Tired of Married Life.

Serious Charges Made for the Purpose of Getting Relief.

A sensational divorce suit has been filed by Attorney Fred W. Fry. It is that of Sarah Freemen against Thomas B. Freeman, a blacksmith of this city.

The Freemans were married at San Diego in September, 1887, and up to March, 1895, seem to have led a very happy married life. A little over a year ago a woman, it is alleged, came between them, and since that time Mrs. Freeman's lot it is said has been an unenviable one. The woman Mrs. Freeman charges in her petition is Eva Allen Brysen, who formerly lived at Haywards, but who is now a resident of this city.

It is also alleged that Freeman was at all times ugly and cross with the plaintiff, calling her vile names and heaping abuse upon her.

According to Mrs. Freeman, Lafayette Park was the favorite place for Freeman and Brysen to hold clandestine meetings.

Mrs. Freeman also charges that her husband has failed to provide for her and that she has had to depend upon her friends for support. She claims that he is a first class blacksmith, capable of earning $3 a day, and she asks for $50 a month alimony.

Judge Ogden this morning made an order restraining Freeman from disposing of his blacksmith's tools or other property.

THE OFFICIAL TOP NOTCH.

Wheat Rises to the Highest Point of the Year.

At the Close of the Market It Had Dropped Below.

By Associated Press to The Tribune.

NEW YORK, Nov. 12.—Up to mid-day speculation in wheat was narrow and prices were lower, December breaking to 80½c. The afternoon market, however, developed a jump of almost 3c per bushel.

Extensive local short interest was created in the early break and was driven in by an upturn. In addition there was firmness of closing in the cables and reports of another cargo of California wheat for the Cape and liberal buying here.

December rose to 83¼c and the official top notch for the year, closed at 83½ cents or 2⅞ cents over last night. The sales for futures aggregated 7,400,000 bushels.

RETIRING FROM BUSINESS.

OAKLAND OFFICE

Gas, Light and Heat Company,

N. W. Cor. of Thirteenth and Clay Sts.

OAKLAND, Cal., Sept. 30, 1896.

TO THE PUBLIC:

We want to interest you in the matter of Gas Stoves. We can sell you a stove which will do all your cooking, for a less sum than you can buy either a wood or a coal stove, and the price of gas will make it cost you less per month than any other fuel you can buy.

You must have heard of the stoves from your neighbors for more than 1000 are in use in this territory.

They boil, roast, broil and fry. They don't heat the kitchen. They are clean.

If you use 1000 feet a month you get gas at $1.75 per thousand—We sell a stove for $12 placed in your house, and you are instructed in its care and management. It don't cost you anything for all time to keep it in repair and condition, as we do that for you free of expense.

We have stoves with waterback attachments, and a variety of patterns of stoves ranging in price from $12 upwards.

We trust that you will find time to call and investigate the conveniences and advantages attending the use of gas for fuel. Heating stoves of all kinds from $1.50 upward. Yours very respectfully,

JOHN A. BRITTON,
Secretary.

THE CHARMS OF CHARITY.

Great Good Has Been Done by the Organization Here.

Plans Advanced for Giving Steady Work to Poor Women.

The Employment and Executive Committees of the Associated Charities held a meeting yesterday and discussed the advisability of giving regular employment to women. The Employment Committee favored a plan establishing a laundry and sewing shop for poor women, where they could be properly trained in these branches of work. The laundry would to a certain extent be self supporting, and the promoter of the scheme, Rev. H. M. McKnight, felt sure that some one would donate a house which could be used as employment rooms for women. The plan was thoroughly discussed, and finally Rev. H. M. McKnight, Jas. P. Taylor and D. C. Brown were appointed a committee to further investigate the matter and report at a meeting of the General Committee tonight.

The superintendent, Mrs. H. M. Kelly, made the following report:

During the month of October there were sixty-one applications for relief. Of this number nine were family cases, twenty-two new single cases, eighteen re-current family cases and twenty re-current single cases.

Referred to and assisted by the Oakland Benevolent Society, twelve family cases and eighteen single cases.

Referred to the Episcopal Church, one family case; to private individuals, two families; to the Catholic Ladies' Aid Society, one family and one single case; to the M. E. Church, one family; to the Associated Charities of San Francisco, one person; to the Fabiola Hospital, and admitted, one person; to the Supervisors, one family and one single case; to the Health Officer, one person; to the Baptist Church, one family; to the Presbyterian Church, one family.

The Employment Bureau, independent of the wood yard, found work for fifteen persons, one man, one boy and two girls secured permanent places and four women and eight men worked twenty-two days. Out of the fifteen employment cards sent out from the office, those returned showed that the sum of $32 had been earned for days' work.

Ten meal tickets and two lodging tickets were returned by parties receiving the same from private houses. The superintendent during the month made ninety-three calls.

We have investigated two cases for the Associated Charities of Los Angeles, one of which gave a false address and the other was found to be decidedly unworthy of any relief.

Reduced rates in transportation have been secured for two families, one going to Troy, New York, and the other to New York City.

Three single persons and two families were found to be impostors, giving fictitious names and false addresses.

Six men were sent from the central office to the wood yard, none of whom reported.

Respectfully submitted,
HELLEN L. KELLY,
Superintendent.

CONTINUING THE CAMPAIGN

Silver Men Form a Permanent Organization in Chicago.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—Silver men, under the leadership of I. N. Stevens, chairman of the Executive Committee of the Silver party, held a meeting at the Sherman House, and decided to maintain a permanent organization.

It was planned by those present to continue independently the agitation for the free and unlimited coinage of silver at the ratio of 16 to 1. "Bimetallism" will be the new tocsin.

A campaign of literature, called by silverites an "educational" crusade, is to be conducted for the next four years. It is to be pushed in every States east of the Mississippi river.

OTHERS IN LINE.

PARKERSBURG, W. Va., Nov. 12.—Dr. M. S. Holt of Weston has received from Hon. W. J. Bryan a letter approving the work which Dr. Holt began of organizing permanent silver clubs in this State preparatory to the campaign four years hence.

After Bryan's defeat Dr. Holt organized a silver club at Weston with 118 members, and the club sent a letter to the defeated candidate. The letter received by Dr. Holt, who is president of the club, is an acknowledgement of the club's greetings. Mr. Bryan advised in strong terms a continuation of the discussion of the silver question and says it is bound to win in the end.

FLASH LIGHT PHOTOS.

Huge Pictures Taken of the Chicago Board of Trade.

By Associated Press to The Tribune.

CHICAGO, Nov. 12.—Six flashlight pictures, each 25x30 inches in dimension, were taken of the Board of Trade while that body was in session. The exposures lasted but one-hundredth part of a second for each.

The pictures, which are the largest photographs ever taken, are for the French Government and will be exhibited at the Paris Exposition of 1900.

Seventy-nine magazines of powder were distributed about the room and were touched off simultaneously by an electric battery.

Died in Jail.

By Associated Press to The Tribune.

MEDFORD, Wis., Nov. 12.—Mrs. John Deuts, confined in the County Jail the past three months, awaiting trial on the charge of murdering John Dahlen, died suddenly last evening. Her husband, John Deuts, is also awaiting trial on the same charge. Deuts, his wife and Arthur Wallner, their son-in-law, were arrested for Dahlen's murder December 20, 1895.

Had a Fatal Fall.

By Associated Press to The Tribune.

BURLINGTON, Iowa, Nov. 12.—County Treasurer Burrus, who was injured in the reviewing stand accident, together with Vice President Stevenson and others, on Governor's Day of the Iowa semi-centennial celebration, died last night of his injuries. He was about fifty years old and was highly respected.

Oakland Iron Works Sued.

The Oakland Iron Works has been made defendant in a suit brought before the United States Circuit Court by Alphonso B. Bowers, inventor of the Bowers dredger and John B. Brown, an owner of one-tenth of the right to sell the machine, for the infringment of patent. The plaintiffs declare that the directors of the Oakland Iron Works have been and are manufacturing their dredgers without legal right or permission and they ask for an injunction restraining further work and also for damages and an accounting for dredgers already manufactured and sold.

THURSDAY.....NOVEMBER 12, 1896.

While the influential press of the country was on the side of the Republicans, these papers devoted nearly as much space to publishing the speeches of Bryan as they did to those of McKinley. Never in any former canvass was such liberality ever shown to an opposition candidate. Bryan's speeches were heralded all over the country by Republican papers. The speeches were faithfully printed, and generally with little or no comment. He was treated handsomely in this respect. The country was fully informed as to Bryan's position. It is quite likely, however, that this greater publication contributed to his defeat.

According to the Philadelphia Times, Mr. Bryan traveled 18,851 miles and made 592 speeches in 447 towns and cities, covering twenty-seven States, to audiences aggregatin 2,000,000 people. His campaign covered the whole country from Bath, Maine, in the far East, to Charlotte and Memphis in the South and West to Grand Island in the interior of Nebraska, going North as far as Fargo in Dakota, Duluth in Minnesota, Marquette in Wisconsin, while the whole central belt of the country between Maine and Nebraska would require hundreds of dots on the map to locate the places where he delivered addresses. McKinley did not travel at all. He literally won by staying at home and making short speeches in his front door yard.

The Washington Star cites the suggestion of Chief Justice Fuller for social retrenchment. Talking a few days ago to one of the Northern Senators, he gave his judicial opinion "that there is a great deal of unnecessary waste in the matter of visiting cards indulged in by the women of our families. I know," he continued, "that when we moved into our new house there was a bushel basket of cards from the women of your household, and I am sure that if you took the trouble to look them up you would find an equal amount from mine. Now, I propose that we collect these bits of pasteboard and send them back to their respective starting points and I am sure we shall be in pocket to a considerable extent."

About 200 carloads of Mexican oranges have been shipped to the United States this year, and there is a prospect that about as many more will be shipped during the season. The San Diego Union adds the following: "In the Guaymas and Hermosillo districts of Sonora many new groves have been set out during recent years, and more are being planted. The total product shipped last year was about 400 carloads. This season it will be much larger, and it is estimated that by the year 1900 Sonora will annually send 1,000 carloads to the United States. The groves are cultivated by labor that costs 50 cents per day in Mexican currency, or about 25 cents in United States money. The growers are well satisfied if they get $1 Mexican per box, a little over 50 cents in our money.

Reciprocity That Does Not Reciprocate.

A Canadian high in office was reported a short time ago to be saying that Canada would not only move for reciprocity with this country, but would move for more of it than had ever been conceded. The addition wanted was freedom for all Canadian vessels to enter the ports of this country as coasters. What is wanted is the right of Canadian vessels to enter all lake ports and the ports on the Pacific Coast. In short, to compete for the coasting trade in all the ports of the United States.

The former experiment of reciprocity with Canada worked a positive loss to

The First of Better Days.

The list of 275 mills and factories giving employment to more than 135,000 persons is the result of the election which only occurred ten days ago. This is only the beginning of a new era. The Republicans promised better times if the country endorsed their ticket. It did endorse it with an emphasis that evidently meant business. Now there is no more money in the country than there was a week ago, and no more business men.

What has made the difference? It is simply that there has been a revival of public confidence. Without that there could be no revival of business. Money would not come out from its hiding place. Before McKinley has been in office three months there will be more than a million men who have been idle more or less for the past two years who will find employment. Does any one suppose this result would have been reached if Bryan had been elected? There would have been more idle men then ever before because there would have been no confidence among capitalists and manufacturers in his administration. The man who said as many outrageous things on the stump would naturally be expected to do outrageous things in office. He admitted that there would be a crisis. That could only have been disastrous to the working men of the country.

And yet many of these men were hoodooed with false promises until as blind as bats and moles they voted for their own undoing. It goes hard with a poor devil when he is taken in the political toils and has not sense enough to see that the party which has done more for labor than any other is his friend and the friend of all the productive interests of the country. There is many a one who has bawled for Fusionists who will have occasion to be ashamed that he was ever led astray in that way. The workingman who votes for idleness and a fifty-cent dollar has a great deal to learn and the sooner he sets about it the better.

Never since the days of the civil war has the triumph of any political party so quickly revived the business confidence of the country. Millions of capital let loose in a week. Nearly two hundred thousand men given employment by way of starting the ball, and all this just the beginning of a recovery from the long and disastrous depression!

Sixty-Four Thousand Tons.

The Los Angeles Times is authority for the statement that sixty-four thousand tons of sugar beets were grown this year in Southern California, with only one sugar factory in operation. The Times then pertinently enquires what will be the product two years hence with six or seven factories running on full time?

That is the case made prospectively, for Southern California. What will be the showing for Central and Northern California? There is now a good prospect that at least three new sugar mills will be in operation shortly. The bounty, or its equivalent, on beet sugar, will probably be restored early in the Republican Administration. The center of sugar beet production will probably be in a district within a hundred and fifty miles of Oakland, and within what is called the moist belt. Including the mills now in operation, there is a good prospect that within two years there will be not less than ten sugar factories in operation in California. About that time this State will become an exporter of sugar.

The report of the Tuskegee Normal and Industrial Institute of which Booker T. Washington is principal, has just been sent out. The Courant makes this synopsis of the most salient points. It appears that the cash income of the Institute for the last financial year has been in round figures $100,000, a gain over the year preceding of $25,000. Eight thousand dollars came in legacies. Like all other educational institutions, Tuskegee wants and needs more money. It needs, for example, $9,000 for a building in which to give training in the various lines of agriculture; for, says Principal Washington, "notwithstanding the fact that 85 per cent. of the colored people of the Gulf States depend for their living upon agriculture in some form, very little has been done thus far in giving first-class training" of this kind. The Principal draws attention to the fact that 1,000 students have been in attendance during the year and that, though the average salary of the teachers is but $330, the staff remains practically the same. He also shows legitimate pleasure in the industrial side of the school work, whereby over $45,000 has been "worked out" by the scholars while pursuing their studies. And as a practical result, "a building of any size can now be completed without going off the grounds for assistance in the matter of labor.

This point in the report emphasises a fact of supreme importance: "The past history and present environment of the negro, lead them, too often, to imitate the white man at certain superficial points, without stopping to count the steps, the years, that it has taken the white man to reach his present position, or note the foundation upon which his position rests. The colored woman who married a short time since clad in a silk gown and white slippers, and with an expenditure of $50 for a wedding feast, and at the same time living in a small rented log cabin, with a mortgage on the crop, presents an example of what I mean. Right here comes in the value of industrial education, combined with first-class literary training; it has a modifying sobering influence, resulting in teaching the colored youth that the road to the highest permanent success and development is by slow gradations, and nature permits of no reversal of the process.

Now here is an awful example of

Highest of all in Leavening Strength.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

Senator Sherman's Outline.

There is no statesman in this country whose public utterances attract more attention than those of Senator John Sherman. He is opposed to an extra session of Congress. Only a great exigency can ever justify the calling of an extra session. It would be a fortunate circumstance if the Republican administration could avoid this expedient. This is the way Senator Sherman put the case in a speech at a banquet in New York last night:

"Pass the Dingley bill, improved if posible, so the McKinley Administration may come into power with sufficient money to meet expenses; call no extra session of Congress; appoint a Tariff Commission for a calm and deliberate consideration of the whole question; take care of the farmers from the point of view of protection; have no coinage of silver dollars until we can put into the silver dollars enough silver to make it equal in value to the gold dollar; welcome all conservative men to the Republican party."

The Dingley bill when introduced, was considered to be only a temporary measure of relief to the Treasury. It was premised that it would bring in enough additional revenue to meet the ordinary expenditures of the Government, and would incidentally obviate the necessity of selling any more bonds. That bill is now pending in the Senate. There was a strong probability that had it passed President Cleveland would have vetoed it. The most that could now be expected is that the bill, if passed, might take effect without President Cleveland's action.

Why the Delay?

Some weeks ago a committee practically representing the Merchants' Exchange, the Board of Trade and the Good Roads Association, of which Ex-Councilman Sohst was chairman, made a new movement to secure the improvement of certain thoroughfares of the city. This committee turned its attention first to Telegraph avenue, which needed immediate repairs to secure it from getting beyond all repairs. Measurements were made and estimates of the amount that it would cost to put the street in order. Finally, a responsible contractor agreed to do the work for $1,100. An ordinance was introduced and passed through all the stages in the Council up to the final passage, when suddenly there was a motion to postpone the whole business until the first of December, which may not, mean the defeat of the entire improvement.

There would have been a substantial gain in putting this main thoroughfare in order before the heavy rains came on. Good work in asphalt can be done with much better results when there is a dry foundation than when there is a wet one. Why should this improvement be postponed after all the preliminary work had been done? Director Sohst who had labored untiringly for repairs in which the greater part of the city is more or less interested, as it is in all main thoroughfares, is evidently at a loss to know what good end is to be secured by the present tactics of obstruction.

Marie Dorothea, the Arch Duchess of Austria who has married the grandson of Louis Phillippe declared on that occasion that she looks forward to the time when her husband shall be King of France. Not quite so fast, Dorothea. France is a Republic and if young Phillippe goes monkeying around for mischief he will be landed where he was landed once before. Whenever he gets there the second time, the young Bourbon will find that the royal road is a hard one to travel. France has a way of slicing off the heads of men who commit treason.

PERSONAL AND SOCIAL.

The engagement is announced of Miss Nellie Emigh and Conrad H. Kent, both well-known and popular people of this city. The marriage will occur in the early spring.

Passenger Conductor W. J. Martin has retired from the railroad service to form a partnership with special agent F. W. Forsting of the Equitable Life Insurance Company.

Miss Hattie Savage, assisted by a number of young people, will give an operetta at People's Hall, on Sixth street, near Market, Saturday evening.

A novel entertainment will be given in the parlors of the Church of the Advent Friday evening. It is entitled "Forty Old Maids From Alaska."

Rev. E. E. Hamand is in Riverside, called there by the very serious illness of his friend, Rev. C. A. Garst, pastor of the Riverside Universalist Church.

Mrs. Clay and family are expected to return to their Fruitvale home today after an extended trip through Europe and the East.

Mrs. Howard Bray of Fruitvale has returned from her Eastern trip.

Mrs. E. R. Painter has returned from a four months' Eastern trip.

The wedding of Charles Weld Spaulding of San Francisco and Miss Hilda Cornelia Collison of Alameda will occur this evening at the home of the bride-elect's parents.

LOIE IN TOWN.

The Celebrated Dancer Makes Her First Visit to Oakland.

La Loie Fuller passed through Oakland this morning on her way to San Francisco, where she will spend the day. The famous dancer was unfatigued by her trip across the continent and was in the best of spirits. She was accompanied by her mother, a delightful woman, who chaperones her clever daughter in all her travels. Miss Fuller has been everywhere and is a famous traveller. She thoroughly enjoys variety and change of scene and her experiences in different climes are wonderfully interesting and entertaining.

Miss Fuller was charmed with Oakland and declared that it was a delightful city and its climate was almost perfect. As she will make her first appearance before a California audience at the Macdonough Theater Saturday evening, Miss Fuller was much interested in the theater and its arrangements. She expressed herself as being very well pleased at having Remenyi the famous violinist appear with her. Miss Fuller has a deep love for music and is delighted at the opportunity to hear so celebrated a man.

Miss Fuller will come to Oakland tomorrow in order to see that all the arrangements for her dances are perfect. She will give her five most famous dances, which have been the rage in all Europe and the electric light effects will be carried out in all their brilliancy and beauty.

The bill for Saturday night is an exceptionally fine one. Loie Fuller and Remenyi are both stars in themselves and Miss Fuller brings with her a company of vaudeville artists of world-wide reputation.

ASKS FOR DAMAGES.

Suit Commenced Against the Central Avenue Car Company.

Ernestine Delhorn has commenced suit against the Central avenue Railway Company of this city for $50,000 damages for injuries alleged to have been sustained by the starting of one of the company's cars while she was attempting to alight on August 31, 1896.

Mrs. Delhorn further alleges that while she was suffering from the injuries then received, and while she was being kept under the influence of opiates, one of the company's employes called upon her daughter, Mrs. Rosalie E. Thomas and induced Mrs. Thomas, by the payment to her of $60, to attach plaintiff's mark to a document purporting to be a settlement of Mrs. Delhorn's claims for damages against the company.

Colonel Mann as District Attorney was prosecuting a murder case in which Mr. Brooke was counsel for the defense. Circumstantial evidence was strong against the prisoner. The District Attorney produced in evidence a pair of boots of Scotch make belonging to the prisoner which it was proven, fitted exactly the footprints left in the snow by the murderer near the scene of the crime. In submitting the boots in evidence Mr. Mann called attention to the several odd features of their construction, and added that he had looked all

Pioneers Assemble to Pay Respects to the Dead.

A Host of Mourners at the Requiem Services Over James —Egan.

Slowly and solemnly, a funeral cortege moved from St. Francis de Sales Church this morning, bearing to God's acre, all that remained of James Egan, one of California's honored pioneers.

Sorowing friends filled the home of the son, Martin Egan, at a quarter to 10 o'clock and mourned with the living, while they paid their last sad respects to the dead.

The remains reposed in a dark cloth casket, with silver trimmings and the bier was covered with handsome floral offerings, the final tribute to one, whom in life, was loved for his many virtues and respected by all with whom he had dealings for his sterling honesty.

At 10 o'clock the bells of St. Frances de Sales Church tolled and the sad procession wound its way down the aisles. Within the sacred edifice were seated a large number of friends of the deceased, among them being several gray-haired pioneers, who had shared the same hardships in the early history of the State.

Father Butler celebrated a requiem mass and at its conclusion the remains were borne to St. Mary's Cemetery, where with the customary service, they were consigned to the lasting place.

The pall-bearers were: C. H. Knowburg, D. J. Sullivan, Robert Boyd, John Collins, George Manyon and H. Sterling.

James Egan was 75 years of age and since 1851 had spent his life in this State, the latter days, on his ranch in Monterey county. He leaves a widow, eight children and a host of friends, to mourn his sad demise.

A Small Fire.

A fire caused by an electric wire broke out on the roof of J. T. Moran's building at Thirteenth and Washington streets last night. It was extinguished by Foreman Foster of Company No. 1, who threw a bucket of water on the small blaze. In so doing, however, he received an electric shock by the water conducting the current from the wire.

Mary Vaccarezza has instituted divorce proceedings, through her attorneys, Tappan and Simpson, against Eugene Vaccarezza, alleging extreme cruelty.

A HOLIDAY OPPORTUNITY.

Sam Boukofsky, the popular jeweler, at Washington near Thirteenth, announces in tonight's Tribune a sweeping sale of his magnificent stock of jewelry, watches, chains, silver and silver plated ware, occasioned by his retirement from business. The sale is really a final one, and goods will actually be sold at cost. This offer is very emphatic, and should attract a big patronage, especially among people who know what large profits retail jewelers usually make. Getting jewelry at cost means a big saving to the purchaser. The sale opens Saturday night.

REVERSING INTELLIGENCE.

What Some Men Do They Should Not Do.

Some men pay big prices for outside clothes and little or nothing for underwear. Such men have no use for Linen-Mesh Underwear, which appeals for popularity to persons of intelligence. It costs money to talk long in a newspaper, but we will pay to say this much: Linen-Mesh is warmer, cleaner, prettier and more durable than wool, and costs only what a good wool suit costs. Linen-Mesh prevents cold, forestalls skin diseases,

Curtain News

One of the greatest curtain houses in New York City was very largely overstocked. They concluded to unload by cutting the price; then other large concerns followed suit. As a result, prices tumbled, and Curtain buyers got a benefit. We were fortunate in securing a choice lot of curtains at cut prices. Just now is a good time to replace your old Curtains with new ones.

NIMBLE-FOOTED LOIE.

The Great Danseuse Will Be Here Saturday Evening.

Remenyi, the Star Violinist, Will Appear With Her Company.

The sale of seats at the Macdonough for the Loie Fuller engagement opened this morning, and from indications Saturday night will see the house packed from orchestra to gallery.

With the clever danseuse comes a star of almost equal magnitude—Edward Remenyi, the famous violinist. Taken individually, either of the artists would furnish an exceptionally fine entertainment, but the double bill far excels anything of the character ever seen in this city.

Loie Fuller's famous fire dance, with its myriad of flashing, flaming lights, has been pronounced a miracle of art. The whole stage is enveloped in darkness except one spot where the tall striking figure of the dancer appears, seemingly enveloped in flames. The effect is weird, beautiful, artistic and certainly novel. Another dance entitled "Night" is a picturesque and beautiful exhibition of the terpsichorean art. The "White Dance" is very similar to the old rainbow dances, only more elaborate. The dance called "The Lily of the Nile" is a marvel of prettily waving skirts and bright lights. The skirts finally are formed into lily-like shapes very pretty and novel.

THE OAKLAND.

"Uncle Tom's Cabin," though old in years, has lost none of its old-time favor. At the Oakland Theater this week an exceptionally clever production is given and all the details are carefully carried out. L. R. Stockwell as "Marks" makes a decided hit in his old part, while "Busy Bee" as "Eva" acceptably interprets the difficult role. Frank Bacon makes an ideal "Uncle Tom" and the rest of the characters are well cast.

The Chinatown Crusade.

The conditions of Chinatown will come up for discussion before the Board of Health at the regular meeting which will be held tomorrow night. Health Officer Bradley's report is not yet completed but it will probably recommend the placarding of several houses in this quarter.

Scrofula is a word you don't quite understand, but if you talk with your doctor, he will tell you that it is generally believed to be due to the same cause which gives rise to Consumption. It appears mostly in those who are fat-starved and thin, usually in early life. A course of treatment of Scott's Emulsion with the Hypophosites wherever Scrofula manifests itself, will prevent the development of the disease. Let us send you a book. Free.

CONTEST OVER A CREEK.

The Spring Valley Case Is Interesting Every Farmer.

MORE TESTIMONY TAKEN.

Neighbors Tell of the Effect Noticed on Their Lands.

The cross-examination of Witness Tyson was resumed yesterday afternoon in the case of the Spring Valley Water Works vs. J. L. Beard, before Judge Ellsworth.

Witness' attention was directed to a well which was shown on the map and which Mr. Kellogg said was opened. Witness said, however, that he did not know that the well was open in 1888. Witness detailed the characteristic of the several crops on his mother's farm in the years since 1888. The depreciation of the crop each year, averaged about 50 per cent.

"You never waived any damages," said Mr. Kellogg, "simply because your property did not abut upon the creek?"

The question was objected to. In support of the question, Mr. Kellogg said it was competent for the jury to understand why, if the property had been damaged 50 per cent, the witness' mother did not bring suit for damages. If the land was injured, the water company was responsible for the injury.

Judge Ellsworth wanted to know if that was a sound proposition of law.

Mr. Kellogg said he wasn't the attorney for the witness and would not argue the question as to whether or not it was a question of law. He simply desired, he said, to test the good faith of the witness. It was natural, when a man was injured, to go to some person to ascertain how he might have his injuries remedied. He did not believe that the mother of the witness could have suffered a damage of 50 per cent and yet take no steps to have her injuries remedied.

The objection to the question was sustained.

Mr. Kellogg wanted to know if Tyson's mother had ever consulted an attorney with respect to the loss she had sustained because of the diversion of the creek water.

Witness replied that he did not know, although he heard his mother say that she thought she was entitled to damages because of the injuries she had sustained.

Juror Burnham wanted to know how many inches of water ran over the dam. Tyson replied that six inches of water formed the smallest amount he had ever seen rolling over there. He did not know the amount of water the company is diverting from the creek.

HENRY CURTNER.

Henry Curtner of Warm Springs testified that he was a farmer and fruit raiser. Twenty-eight years had elapsed since he had examined the Beard estate. At that time the land was of the best. He had bored a well in April, and the surplus water was within a foot of the top of the ground. The bore first went through an alluvial soil, then a yellow and finally a blue clay.

The examination touching the character of the clay was objected to on the ground that, as the well was not on Beard's ranch, the inquiry did not tend to settle any of the issues of the case.

The objection was overruled, and the witness said his well was thirty-five yards away from Beard's ranch.

On cross-examination he said he got his water from springs and by irrigation.

"Did the Alameda Creek overflow its banks the year you found water within a foot of the surface of the ground?" he was asked.

"Yes."

"Did the water go over your place?"

"It did."

"When you found that moisture, at a depth of one foot, you kept on digging?"

"Yes, sir."

"Did the water then flow as a stream all the way along?"

"In some places it would run as a stream and in other places it would be dried up."

"How do you account for the fact that the water flows past Beard's place in a current and yet the creek is dry below Niles and above the Bell ranch bridge?"

"It is held by the clay?"

"Is that clay as porous as a sponge?"

"No."

On re-direct examination, Mr. Curtner said the market value of Beard's ranch on the 20th of August, 1888, was about $400 per acre.

W. H. CHAMPION.

W. H. Champion then took the stand. He testified that he resided a few miles outside Niles. He had dwelt there about sixteen years. There was a well on the premises, which had lost its water after the diversion. The Spring Valley Company had bored another well for him to a depth of sixty-five feet.

Assuming as a fact that the water flows in summer past Beard's ranch the same as it did before with no appreciable diminution, do you think Beard was injured by the diversion?" asked Mr. Kellogg.

"I think he was."

"How do you explain it?"

"Well, if there was as much water there as there used to be, there would be no injury, of course.

"How long after the diversion did you notice that there was no water in your well?"

"About a year."

"Before the diversion, how far was it from the surface of the water to the top of the well?"

"About forty feet. In summer it would be from twenty-five to thirty feet."

"The surface of the water in the well would indicate the surface of the water in the earth, wouldn't it?"

"I think it would."

"How long are the roots of your trees?"

"I can't tell."

"Do the bottom of the roots go down to the water level?"

"I can't tell."

"You say you never irrigated till 1888. Don't you remember a year prior to 1888 when you irrigated?"

"No."

Witness then continued: "The lands along Alameda Creek did not need irrigation until after the water had been diverted."

Juror Burnham asked: "Did you have to pay anything for the water you used in irrigation?"

"Not now, I do not."

"But you did have to pay for the water?"

"Yes, I had to pay for it for one year."

"Whom did you have to pay?"

"The Spring Valley Water Works."

"When did you have to pay the Spring Valley Water Works for water?" asked Mr. Kellogg.

"The first year after the diversion."

"Was it not included in your deed that you were to be given free water?"

"The payment I made was for land not included in the deed."

"Did you notice a pool at Niles bridge this morning?"

"There was a stream there this morning."

"Do you remember whether '86-'87 and '87-'88 were very dry seasons?"

"I don't know."

"If they were dry seasons they might affect old trees. They would not affect young trees."

"Did you sign any paper with the Spring Valley Company at that time?"

"I don't know. There may have been and I think there was a paper of some kind that I signed."

F. J. SULLIVAN.

F. J. Sullivan, Roadmaster of Niles, testified that he has known Alameda Creek for about twenty years. He remembered when the Spring Valley Water Works turned the water of the creek into the pipe. He thought as a consequence of the diversion he had to take up some of his fruit bearing trees. Since the diversion there was much smaller fruit in his orchard. He had to dig up all of his peach orchard. He cut the trees off last year, and the year before. Since the diversion the trees have borne no good crops. In the summer of '91 there was no water in the creek. Water had been in the creek every year except 1891 below the dam. In some places below Niles bridge the water is not running at all.

Cross-examined, Mr. Sullivan testified: "I have some wells on my property. It is fifteen feet to water. I get water from the hills. I am 1,500 feet from the creek. It is half a mile from the well to the creek. I am located between Mr. Shinn and Addison. The current of the creek was changed, turned away from me, when Shinn and the railroad company went into a land deal. The well was dug after the diversion. Formerly I got water from the creek."

"What makes you think you get water from the hills?" asked Mr. Kellogg.

"Because the Niles hills are full of water."

"And the water seeps down and gets into your wells?"

"Yes."

"If that is so, why don't that water supply your fruit trees?"

"Because the bottom of my land is gravel and because one soil is a loam and the other is adobe."

"What depth of surface soil have you?"

"Forty-one feet."

"In planting your orchard, did you strike gravel?"

"Yes, near the creek."

"Where were your peach trees?"

"Near the creek. The trees near the railroad don't need the moisture. Those near the creek need it most."

"How long is the root of a peach tree?"

"It depends on the land."

"In a sandy loam?"

"About six feet."

"Did you notice any difference in your almonds after the diversion?"

"They are all right."

"Your prunes?"

"They are not so good."

"The pears—the crop is also good?"

"Yes."

"Is there any moisture on the surface of the hills?"

"There are some springs at the foot of the hills."

"How long is your place?"

"Sixteen hundred feet."

"In traveling from the hills to the creek in your place the water gets lost about half way, doesn't it?"

"I don't think the moisture is sufficient."

"How deep is the channel opposite your place?"

"It was four feet when I bought the place."

"Is there any water in the creek at your place?"

"Not a drop."

"Did you ever dig down into the creek to see if there was any water there?"

"I did in 1891."

"Do you believe the water in the creek would benefit your trees?"

"Yes."

"On what ground?"

"By seepage."

"Oh, you mean that the water goes through the earth and there goes up through the earth?"

"No, the trees drag it up."

"How do they do it?"

"I don't know, but they do it."

"Did you ever consult an attorney as to whether you had been damaged or had a suit for damages against the Spring Valley Water Company?"

"Yes, I consulted M. C. Peters of Niles. He told me I did not have any case."

"Has this rain increased the water in the stream?"

"I believe it has. I was told there were 2.65 inches of rain."

M. NUNES.

M. Nunes testified through an interpreter that after the diversion of the water his well went dry and his fruit became poor.

On cross-examination, Nunes was asked if he did not know when he bought his land that his line was kept back ten feet from the bank of the creek. He replied that his deed did not show such a line.

"Is your ground level with the bed of gravel in front of you?"

"I do not pay any attention to that."

"How far is it from your bank to the channel of running water?"

"I can't tell."

"How deep is your well?"

"Twenty-six feet, more or less."

"How deep from the ground to the water?"

"I can't tell."

"How many feet of water in your well?"

"I do not know."

"Before the water was diverted, how deep was it from the surface of the ground to the water in the well?"

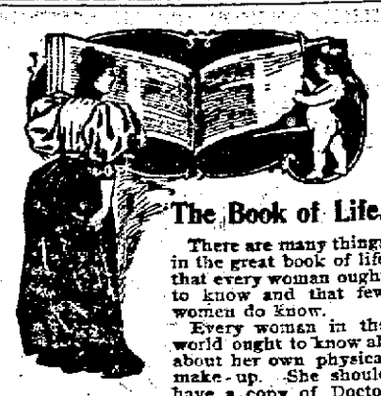
"I don't know."

"Who was elected President of the United States?"

"I do not know."

"You are excused," said Mr. Kellogg, satisfied that he was wasting time with the witness.

The case was then continued till Tuesday of next week.



The Book of Life.

There are many things in the great book of life that every woman ought to know and that few women do know.

Every woman in the world ought to know all about her own physical make-up. She should have a copy of Doctor Pierce's Common Sense Medical Adviser. It is a handsomely illustrated volume of a thousand pages, several chapters of which are devoted to the reproductive physiology of women. It is written in plain language, and contains over three hundred illustrations and colored plates. It is now offered, paper-bound, *absolutely free* to any woman who will send twenty-one cents in one-cent stamps to cover the cost of mailing *only* to Dr. R. V. Pierce, Buffalo, N. Y. If handsome, substantial, French cloth binding is desired, send ten cents extra, thirty-one cents in all. A woman ought to know the vital importance of health. She ought to know that nothing can make her so miserable, or so useless in the world, as disease and weakness of the organs distinctly feminine. She ought to know that this disease and weakness can be prevented and can be cured by the use of Dr. Pierce's Favorite Prescription. There are three times in a woman's life when this great remedy reaches its best usefulness—when the girl becomes a woman—when the woman becomes a mother—and when the capacity for motherhood ceases. At these times the importance of a perfectly healthy condition of her system is of the greatest importance. "The Favorite Prescription" is a purifying, curative, tonic, which works directly on one set of organs, and on no other. It cures when doctors fail, and it cures without the humiliating examinations and local treatment, so invariably insisted upon by physicians. It will cure any case of so-called "female complaint." It soothes the nerves, makes the appetite and digestion good, and brings restful, refreshing sleep.

A NAVAL VISITOR.

Surgeon Biddle and Wife on a Trip to the Coast.

Dr. Clement Biddle, U. S. Navy, accompanied by his wife, nee Pearl Morris, is at the Baldwin Hotel, San Francisco. Dr. Biddle has just returned from Madeira on the United States Cruiser Monongahela. He will be stationed here for some months and in all probability will be permanently quartered at Mare Island and be placed in charge of the medical department there. Dr. Biddle is one of the most efficient officers of the Naval service. He is a member of the well-known Biddle family of Philadelphia and is prominent in social as well as professional circles.

His wife is the daughter of the Hon. M. Morris, one of the pioneers and leading citizens of Los Angeles. She is a beautiful woman and in her debutante days was considered the belle of Southern California.

John Aubrey Jones Voices Some Patriotic Ideas.

Let All Citizens Now Unite to Restore National Confidence.

Editor Tribune—Sir: The earnest and exciting campaign which during the past few months occupied the minds of men to the exclusion of most all things else is ended. The election has been held, and the result heralded the world around. There was an honest difference of opinion between the adherents of Mr. McKinley and of Mr. Bryan as to the wisdom, expediency and desirableness of the policy or principles advocated respectively by each. Each side believed that its cause was right, and that it would be vindicated by the people at the polls. One side has won, the other has lost. Time alone will develop the wisdom or unwisdom of the decision that has been rendered by the people.

It is not a part of my purpose in this communication to in any sense renew the controversy, which for the time being has been settled by the arbitrament of the ballot. But, as one who was on the side that did not win, and who did what was possible in an humble way to support the candidacy of Mr. Bryan and the cause he valiantly championed, I desire through your widely read columns to say a few words in acceptation of the verdict as it has been rendered, by way of friendly counsel to all the loyal supporters in this city, of Mr. Bryan and the principles he so ably advocated.

It is the expressed desire of the American people that prosperity may come to us once again. As Mr. McKinley was proclaimed to be the "advance agent" of that great and devoutly to be wished visitation, let us not by any word or act interpose the slightest obstacle to the full sweep of the tide of promised prosperity he is to put in motion; so that it may come rolling over the Sierras to distribute itself over the fruitful and well peopled valleys of our glorious State.

According to the published dispatches, this tide has been caused to rise in the East by the opening and starting of the machinery of mills, foundries and factories, and by the rehabilitation of sundry enterprises that were made to languish under the blighting influence of destroyed confidence incident to the maladministration of the Cleveland regime. Let us accept these statements of restoration of confidence and revival of business as true, and let us recognize such a condition to be a hopeful augury of the good times coming. Let us look upon President-elect McKinley as the instrument chosen by an overruling Providence to bring great good to this people as a whole. That as a result of his induction to the Chief Executive office there will be inaugurated such a reign of peace, prosperity and plenty as we have not witnessed and enjoyed for lo! these many years. Let there be no croakers, no prophets of evil, no malcontents, no drones; but let us all talk of the good times coming and do what may lie in our power to open wide the gates to let the good come in. If it does come, then let us do what we can to prevent its receding, that we may be fully submerged 'neath its life-giving wave. If it does not come—well, at all events, don't let it be said of us that we checked its advance by our pessimistic outgivings as an obstructing dyke.

As one who labored to aid in the election of Mr. Bryan because I believed in him and the cause he espoused—and albeit my faith in him as an able, earnest, honest, conscientious American statesman is not one whit abated—yet, with all other loyal sons of Columbia, I will claim Mr. McKinley as President just as much so as if I had supported him by pen, voice and vote. And if under his administration the full orbed sun of commercial confidence shall again shed its gladdening rays upon us as one common people, and out of the golden horn of plenty there shall be poured rich bounty upon the honest, toiling husbandmen of our land, and the angel of peace shall keep his sleepless vigil about us as a nation, warding off the approach of grim visaged war from across the sea, then in truth would President McKinley find no more loyal friends and supporters than those who tried to defeat him. Let us all accept it as an inspired truth that "Vox populi, vox Dei," and interpret the election of Mr. McKinley in that spirit, awaiting the full confirmation as may be found in the beneficent results to accrue from his administration.

JNO. AUBREY JONES.

J. W. Goodwin has been appointed guardian ad litem for the minor defendant, Dorohy Kaltenbach, in the suit of the Alameda Building and Loan Association against Henry Mohns et al.

Maria Schroeder has petitioned for the probate of the will of the late Herman Schroeder. It disposes of a $5,552.08 estate.

Henry Hauschild, John Troy and Albert Kayser have appraised the estate of William Locker, deceased, at $13,574.

The Hibernia Savings and Loan Society has commenced suit against Daniel S. Bryant et al. to foreclose a mortgage for $9000 on property on Sycamore street.

Henry L. Nash has petitioned for letters of administration on the estate of Catherine Lucinda Nash, deceased.

Letters of administration on the estate of Watson A. Bray, deceased, have been issued to Edward M. Bray.

Thomas E. Kane and Mary A. Kane have petitioned for the probate of the will of the late Maria Kane, who died in this city last month. The estate is worth about $7550.

Bolette Mortensen has asked to have the estate of her late husband, Jess Mortensen, assigned to herself. It was appraised at $787.50.

Simon Keegan, executor of the will of Timothy Keegan, deceased, has filed his first annual account. It shows that $15.84 has been disbursed over the amount received.

The Crematory Company.

Articles of incorporation of the Odorless Crematory and Reduction Works have been filed with the County Clerk. The purposes of the corporation are to gather, cremate and reduce garbage, refuse, offal, swill, filth and dead animals, and to manufacture phosphoric acids, phosphates, soap, potash and fertilizers. The principal place of business will be Oakland, Cal. The capital stock will be $50,000. Following are the directors for the first year: Louis Schaffer, Charles H. Spear, J. W. Swift, C. W. Lent and M. C. Chapman.

Bryan En Route.

The fact that Bryan is on his way to California has raised the hopes of silverites. He will be in Denver on November 24th and will come on from there to California. In San Francisco he will speak and Oakland will also be favored, though as yet no definite arrangements have been made.

Taps for Veterans.

The meeting of the Army and Navy Republican League tonight will be an important one, for there are many matters of interest to be discussed. There will be a regulation old-time camp fire and a general jubilee will follow the business.

Football Players Outline Some Interesting Contests.

BERKELEY, Nov. 12.—The woman fraternities have now completed their initiations for this term. The Gama Phi Beta initiated Miss Maud Allen last evening and will not probably take in any more new members as it has been receiving members gradually for the past month. The other new members are Miss Haragthy, '98, Miss Mabel Williams, '00, Miss Charlotte Hoffman, '00.

Omega Chapter of Kappa Alpha Theta has initiated six new members during the past week. They are Miss Gertrude La Motte, '99, Miss Elsie Guthrie, '99, Miss Minnie R. Wilson, '00, Miss Elizabeth Hoyt, '00, Miss May Bentley, '00, Miss Lena Macauley, '00.

THE SOPHOMORE HOP.

The sophomore dance occurs tonight at Harmon gymnasium. Elaborate preparations have been made for the event. It is expected that the freshmen will play some practical joke on the sophomores in retaliation of the jokes played on them at the time of the freshmen glee. The sophomores stole the ice cream and other refreshments which had been prepared for the freshmen and the "naughty nits" now vow they will have their revenge.

The decorations of the gymnasium will be under the supervision of the following committee: Messrs. Rutherford, Schilling, Monaghan, Dornnell, McLaren, Misses Armstrong, Eppinger, Hamlin and Lawrence.

PHOTOGRAPHING THE UNIVERSITY.

Instructor Maybeck of the State University has taken a number of photographs of University buildings, grounds and surroundings and proposes to make these pictures into lantern slides to be used during his trip East and to Europe in order to show architects the present conditions and future possibilities of the University. This will give architects a clear idea of the needs of the University in drawing plans for the new college buildings.

DR. PAYNE RECOVERING.

Dr. F. H. Payne, who was seriously hurt by being thrown from his horse Tuesday afternoon is somewhat improved and has been removed from Dr. Eastman's home to his own home on University avenue. He is slowly regaining consciousness and his recovery is probable.

GENERAL GOSSIP.

The Young Woman's Christian Association is making arrangements for an entertainment in order to raise funds to liquidate the indebtedness to the Stiles Hall trustees. The entertainment will probably be in the form of a banquet.

Dr. Longbridge, Professor Woodworth, and Mr. Shinn delivered lectures before the Farmers' Institute at Paso Robles yesterday. Professor Hilgard was unable to speak on account of illness.

A. S. Case, editor of the Thanksgiving Football Souvenir has announced that all undergraduates competing for the $10 prize offered for the best football song must hand in their efforts before November 20th. The song must not exceed four stanzas and a chorus.

The second eleven of the University football players will go to Reno, Nevada, the Saturday after Thanksgiving Day and play the University of Nevada eleven. The Berkeley team will be the guests of the Nevada University men while at Reno.

MANY IMPROVEMENTS.

The Oakland Free Library Making a Steady Advance.

H. F. Peterson Presents an Elaborate Report to the Trustees.

The Public Library Trustees held a regular monthly meeting Tuesday in the Library rooms. Messrs. Arnold, Cushing, Gilson, Page, President Flint and Librarian Henry Peterson were present.

The usual bills, amounting to $1,192.55, ewer read, referred to the auditing committee and subsequently ordered paid.

The Curators reported the daily attendance in the reading rooms as follows:

Central Reading Room	700
East Oakland Reading Room	139
West Oakland Reading Room	232
Twenty-third avenue Reading Room	122
North Oakland Reading Room	138

On motion the Reading Room Committee was authorized to ask for bids and let the contract for supplying the periodicals for the ensuing year.

The following report of the Librarian was read and placed on file:

OAKLAND, Cal., Nov. 1, 1896.

To the Board of Trustees Free Library and Reading Rooms—Gentlemen: Following is the report of the Librarian for the month of October, 1896:

Number of borrowers on Library roll October 1st	10,979
Number of borrowers registered	359
Number of borrowers withdrawn	13
Total number registered	3,866
Number volumes added by purchase	17
Number volumes added by donation	5
Number volumes cast aside	2,416
Number volumes repaired	83
Money received from fines	$29.50
Money received from lost books	1.25
	$30.75
Number of volumes circulated	14,283
Number visitors to Reference Room	2,257

It will be noticed in the foregoing statistical report that the number of volumes circulated for home use during the month was 14,283; this is an increase of 500 volumes over the circulation of last month. It is gratifying to note the increase which shows that the library continues to grow in popular favor. On the other hand we must lament the fact that during the past month 2,416 worn out volumes have been removed from the library shelves owing to their popularity and constant use. These works have been bound and used until they can be used no more, and have been marked "discarded." Many have been sent to the City Prison, Chabot Home, Boys' Club, Girls' Club, engine houses, and other institutions, where they are appreciated, and can yet serve their purpose. I am sorry to say that the number thrown away is far in excess of the number purchased during the last fiscal year. It is hoped that these may soon be replaced, and soon find their way to the library shelves again; they are books in constant demand, and should be upon our shelves.

"We have begun during the last month a system of mending books, such books as have been rebound, but cannot be bound again; they are repaired with needle and thread and paste, and put in condition for circulation, but it cannot be expected that they will long withstand the constant handling; nevertheless they last a little longer.

"We have also begun a work which will entail a great deal of time and labor, but which is a very necessary reference to the library, that is, a Guarantor's index. Spare time and extra time has been devoted to this and we hope soon to have it in condition for use. It will serve a need and have ready at a glance that which it has heretofore taken us days to find out—how many borrowers Guarantor has endorsed, and when he recommended them.

The clipping of newspapers is another innovation; we are clipping articles from our daily papers, that is, the Oakland and San Francisco dailies. Departments have been established such as "Board of Trade," "Merchants' Exchange," "City Council," "Board of Education," and others of local interest. The reports of meetings will be regularly clipped, and properly arranged ready for reference. This I believe will be a very interesting and valuable department of the library. Many of these articles may never be in book form, or accessible, consequently cannot help but be valuable reference.

"The preparation of special lists upon special subjects has been inaugurated. It is the intention to prepare lists of all books in the library upon topics of the day. In the event of the death of a prominent person, or any important matter of interest, all works in the library bearing upon any of the questions will be gathered together and listed for the benefit of our visitors; this will save much time and trouble, and give greater satisfaction to the inquirer. These lists are placed in a conspicuous place, both in the reference room and in the circulating department, so that a visitor may determine at a glance everything in the library upon the subject.

"Beginning with the date of the last meeting of the Board, and desiring to conform to the wishes of the trustees, the lunch and dinner hours of the library employees have been reduced. Respectfully,

"HENRY F. PETERSON,
"Librarian."

LEGAL

ELECTION NOTICE

—AND—

PROCLAMATION.

Notice of election to be held within the boundaries of the proposed municipal corporation hereinafter described, on the 2nd day of December, 1896, for the purpose of determining whether said proposed municipal corporation shall become incorporated, and for the purpose of electing a Board of Trustees for said municipal corporation, to consist of five members, a Clerk, who shall be ex-officio Assessor, a Treasurer and a Marshal, who shall be ex-officio Tax and License Collector for said municipal corporation.

Whereas, By a resolution duly adopted and passed, the Board of Supervisors of the County of Alameda, State of California, on the 2nd day of November, 1896, duly called an election within the boundaries of that certain proposed municipal corporation hereinafter described, to be held therein on the 2nd day of December, 1896, for the purpose of determining whether said proposed municipal corporation shall become incorporated as a municipal corporation of the sixth class to be known as the "Town of Emeryville" under and by virtue of the provisions of an act entitled "An Act to provide for the organization, incorporation and government of municipal corporations," approved March 13th, 1883, and the amendments thereto, the same to be known as the Town of Emeryville, and for the purpose of electing a Board of Trustees to consist of five members, a Clerk, who shall be ex-officio Assessor, a Treasurer and a Marshal, who shall be ex-officio Tax and License Collector in and for said municipal corporation,

And Whereas, The boundaries of said proposed municipal corporation were established by said Board of Supervisors by virtue of said resolution last hereinbefore referred to and as hereinafter set forth,

And Whereas, By said resolution the said Board of Supervisors duly ascertained and determined the number of inhabitants residing within the boundaries of said proposed municipal corporation as hereinafter set forth, and as so established by said Board, to be sixteen hundred and eighty-eight,

And Whereas, By said resolution said Board of Supervisors ordered and directed that a notice of the election hereinbefore referred to shall be given for the purpose of determining whether said proposed municipal corporation shall become incorporated, which said notice shall particularly describe the boundaries of said municipal corporation so established as aforesaid, and shall state the name of such proposed municipal corporation to be the Town of Emeryville, and shall state the number of inhabitants so ascertained to reside therein as sixteen hundred and eighty-eight,

And Whereas, Said Board of Supervisors by said resolution directed that said notice of election shall be posted for at least two weeks prior to the said election in at least four places within said boundaries of said proposed municipal corporation,

And Whereas, Said Board of Supervisors by said resolution ordered that said notice of election shall require the voters to cast their ballots, which shall contain the words "For Incorporation" or "Against Incorporation" or words equivalent thereto, and also the names of the persons voted for to fill the various elective offices prescribed by law for such proposed municipal corporation, and hereinbefore set forth,

Now therefore be it Resolved, By the Board of Supervisors of the County of Alameda, that an election will be held within the boundaries hereinafter described in accordance with the general election laws of the State of California appertaining thereto, on the 2nd day of December, 1896, for the purpose of determining whether the said proposed municipal corporation located in the County of Alameda, State of California, shall become incorporated as a municipal corporation of the sixth class, under and by virtue of the provisions of an Act entitled "An Act to provide for the organization, incorporation and government of municipal corporations," approved March 13th, 1883, and the amendments thereto, and for the purpose of electing:

First, a Board of five Trustees;

Second, a Clerk, who shall be ex-officio Assessor;

Third, a Treasurer; and

Fourth, a Marshal, who shall be ex-officio Tax and License Collector—for said proposed municipal corporation.

Be it further Resolved, By the Board of Supervisors of the said County of Alameda, that notice be and the same is hereby given that the boundaries of said proposed municipal corporation as finally established by the Board of Supervisors of the said County of Alameda, by a resolution duly adopted and passed by said Board on the 2nd day of November, 1896, are described as follows, to-wit:

Beginning at a point on the northern boundary of the City of Oakland, one hundred and fifty feet easterly from the easterly line of San Pablo avenue measured at a right angle from said line of San Pablo avenue and running thence northerly parallel with and one hundred and fifty feet distant from said line of San Pablo avenue to a point one hundred and fifty feet easterly from the easterly line of Adeline street measured at a right angle to said line of Adeline street, thence northerly parallel to and distant one hundred and fifty feet from said line of Adeline street to Temescal Creek, thence westerly along the bed of said creek to a point seven hundred and thirty (730) feet westerly from the westerly line of San Pablo avenue measured at a right angle from said westerly line of San Pablo avenue; thence northerly along a line seven hundred and thirty (730) feet westerly from the westerly line of San Pablo avenue measured at a right angle therewith to the southern boundary line of the Town of Berkeley, thence westerly following the said southerly line of the Town of Berkeley to its intersection with the said northern boundary of the City of Oakland, thence easterly along the said northerly boundary of said City of Oakland to the place of beginning.

Be it further Resolved, By the Board of Supervisors of the said County of Alameda, that notice be and the same is hereby given that the name of said proposed municipal corporation is and shall be the "Town of Emeryville," and that said proposed municipal corporation is located in the County of Alameda, State of California, and that the number of inhabitants ascertained to reside therein by said Board of Supervisors by virtue of said resolution passed by said Board on the 2nd day of November, 1896, is sixteen hundred and eighty-eight (1,688).

Be it further Resolved, By the Board of Supervisors of the said County of Alameda, that all electors of said proposed municipal corporation residing in that certain election precinct heretofore established by said Board of Supervisors and known and designated as "Bay Precinct" in said County of Alameda be and they are hereby required to vote at said election at the polling place hereinafter designated as the polling place of said Bay Precinct.

Be it further Resolved, By the Board of Supervisors of the said County of Alameda, that all electors of said proposed municipal corporation residing in that certain election precinct heretofore established by said Board of Supervisors, and known and designated as "Temescal Precinct No. 1" in said County of Alameda, be and they are required to vote at said election at the polling place hereinafter designated as the polling place of said Temescal Precinct Number 1.

Be it further Resolved, By the Board of Supervisors of the said County of Alameda, that all electors of said proposed municipal corporation residing in that certain election precinct heretofore established by said Board of Supervisors and known and designated as "Golden Gate Precinct," in said County of Alameda, be and they are required to vote at said election at the polling place hereinafter designated as the polling place of "Golden Gate Precinct."

Be it further Resolved, By the Board of Supervisors of the said County of Alameda, that the following polling places within the boundaries of said proposed municipal corporation be and they are hereby designated as the polling places for said election, towit: The polling place of Bay Precinct in said proposed municipal corporation will be located at the one-story real estate office, west side of San Pablo avenue about eighty feet south of Park avenue.

The polling place of Golden Gate Precinct in said proposed municipal corporation will be located at Sherry Hotel at corner of Dalton avenue and Northern railway.

The polling place of Temescal Precinct Number 1 in said proposed municipal corporation will be located at that certain building formerly used as a barber shop near corner of Thirty-sixth street and San Pablo avenue.

Be it further Resolved, By the Board of Supervisors of said County of Alameda, that the following named persons be and they are hereby appointed Inspectors of said election in Bay Precinct in said proposed municipal corporation, to-wit: H. A. Randlett and D. H. Thompson, and that the following named persons be and they are hereby appointed Judges of said election in said Bay Precinct in said proposed municipal corporation, to-wit: Peter Thiesen and J. B. Baxter, and that the following named persons be and they are hereby appointed clerks of said election in Bay Precinct in said proposed municipal corporation, to-wit: Thomas H. Murray and Fred H. LEGAL

ORDINANCE NO.—An Ordinance ordering the opening and widening of Fourteenth street, between Market street and Myrtle street, and appointing three Commissioners to assess benefits and damages and to have general supervision of the proposed work.

Be it ordained by the Council of the City of Oakland as follows:

SECTION I.

Whereas, Said Council did on March 16th, 1896, adopt its Resolution of Intention No. 22,011, declaring its intention to order the following work and improvement to be made, to-wit: That Fourteenth street, sometimes called West Fourteenth street, in the City of Oakland, be opened and widened to a uniform width of eighty feet between Market street and Myrtle street, describing the work to be done and the land and premises deemed necessary to be taken therefor, and specifying the exterior boundaries of the lands to be affected or benefited by said work and improvement and to be assessed to pay the damages, costs and expenses thereof, and

Whereas, The Street Superintendent of the City of Oakland did thereupon cause notice of the passage of said Resolution to be posted, also to be published, for ten days in the manner and as required by law; and

Whereas, Objections against said proposed work were filed by E. A. Kugel and A. Bruenn, et als., on March 23th, 1896, and Council fixed Monday, May 4th, 1896, at 9 o'clock P. M., in Council Chamber, City Hall, Oakland, Cal., as time and place for hearing said objections; and

Whereas, The City Clerk did thereupon, in accordance with law, notify the persons making objections of the time and place of said hearing; and

Whereas, The said Council, after hearing objections, did, on May 18th, 1896, overrule the objections and sustain Resolution of Intention No. 22,011, and

Whereas, The Council has acquired jurisdiction to order said work to be done.

Now therefore it is hereby ordered, that said work and improvement be done as aforesaid referred to, and as in said Resolution of Intention specially described.

SECTION II.

R. A. Jackson, D. McLeod and J. H. Macdonald are hereby appointed Commissioners to assess benefits and damages and have general supervision of said proposed work and improvement until the completion thereof in compliance with law.

SECTION III.

This Ordinance shall take effect immediately.

SECTION IV.

All Ordinances heretofore ordering the said work done are hereby repealed.

In Council, Oakland, Cal., Nov. 5th, 1896.

Passed to print by the following vote: Ayes—Messrs. Bassett, Brosnahan, Buckland, Dow, Heitmann, Kaufman, Manuel, Marshall, Towle and President Mott—10.

DAVIE'S VETO IS FILED.

He Gives His Reasons for Objecting to the $1.10 Tax.

Another Special Session of the Council Called for Tonight.

The tax rate is still in abeyance, for a legal technicality was raised last night and the special meeting of the Council which assembled to act on the Mayor's veto, adjourned without taking action. The Mayor had his veto ready but had not filed it with the City Clerk when the call for the special meeting was issued and City Attorney Pelrsol pronounced the call illegal, holding that it could not be issued until there was something to be acted upon. A measure in one one of the member's pockets, he said, was not before the body.

Heitmann moved to adjourn and Kaufman took the floor to debate the question. He stated that he considered the business the biggest lot of buncombe ever seen by him, but Heitmann raised the question of order, which the chair sustained and the roll was called on adjournment.

The motion carried. Bassett and Kaufman voting no, and then a call for a meeting tonight was read.

The veto was filed with the clerk. It is as follows:

To the Honorable, The Council of the City of Oakland—Gentlemen: I herewith return without my approval an ordinance entitled "An ordinance levying a tax on all real estate and personal property in the City of Oakland for the fiscal year 1896-7 and apportioning the same among the several funds."

My reasons for vetoing this $1.10 ordinance were fully set forth in my message vetoing the $1.14 tax-levy ordinance. I therein demonstrated that the municipal expenses for the current fiscal year including the revenue required for the carrying forward of stipulated permanent improvements, could be derived from a levy of 100 cents on each $100 assessed valuation. No one having that regard for the prosperity of the city and the best interests of the tax payers that should characterize the efficient and trustworthy official has attempted to refute the premises upon which the facts presented in that message was predicted.

When municipal prosperity is to be sacrificed to individual ambition my appeals on behalf of the people fall upon deaf ears. To those determined to impose a gratuitous burden upon the tax payers, the fact that in the face of hostility everywhere and extravagance in nearly every department, the municipal expenses of last year even met with the revenue from a dollar limit, has not the slightest significance.

Last year a sufficient vote in your honorable body to sustain my veto of a $1.18 levy saved the taxpayers nearly $100,000. If the interests of those upon whom the burden of taxation falls are not protected this year, the people may easily determine upon whom rest the responsibility.

Under the law the tax levy could have been made on or before the first of August—three months ago. It has suited the purposes of the majority of your honorable body to deter the discharge of the plain duty until within less than one month of delinquincy of the first installment of taxes, giving your private purposes precedence to the service you owe the people has worked serious inconvenience and probably much loss to the taxpayers.

To avert as far as possible this inconvenience and loss, I at the earliest moment return the ordinance to your honorable body. Respectfully,

J. L. DAVIE,
Mayor of the City of Oakland.

The matter will probably be disposed of tonight but until the rate is fixed the tax bills cannot be distributed although they are all made out on a $1.10 basis.

CITY FINANCES.

The Committee of the Council Handles a Few Matters.

The Eighth street bridge will probably be repaired on the lines originally laid down and the bulkheads, which were to be started towards filling the northern arm of the estuary will be abandoned. At a meeting of the finance committee of the Council held last evening the City Engineer reported that the bulkhead idea could not be carried out on the money available for repairing the bridge, and he therefore advised that the plan first suggested be adopted. Nothing was done in the matter last night, but the advice will probably be acted upon as soon as the tax rate is fixed.

Other minor matters handled were:

Purchasing fifty ballot boxes. Tabled.

Purchasing three horses for the Police Department and a steam roller for the Street Department. Recommended.

Securing an opinion from an Eastern bond attorney on the recent bond issue. Tabled.

IRISH IS BANQUETTED.

Sound Money Men Entertain Him at Masonic Hall.

Masonic Hall was filled last night with business men and some of the leading sound money advocates, all of whom assembled to welcome home John P. Irish. An elaborate banquet was served and addresses were made by E. J. Pringle, Professor Howison of the State University, Attorney Warren Olney, ex-Mayor William P. Hayes, Rev. C. W. Wendte and R. D. Yelland and also Mr. Irish.

The reception was in charge of the executive committee of the Sound Money League.

GOSSIP OF THE ORDERS.

Social and Business Meetings All Along the Line.

The close of the vacation season at the seaside and in the mountains, the conclusion of the Presidential campaign and the approach of winter will have a beneficial effect upon the fraternal orders in this city and vicinity.

Until recently, members of the several beneficial organizations in this county have, in greater or less degree, been engrossed by one or other of these distractions, and as a consequence have not devoted themselves with the same enthusiasm to the work of the lodge room, which generally characterizes them during other periods.

Hereafter, as a consequence, a larger attendance may be expected at lodge meetings, and more attention will be paid to projects which, at times, have been discussed in the several fraternal organizations.

One of these is that of an order building, which nearly every fraternal society aims to possess. Such a structure is now owned in this city by the York and Scottish Rite Masons, respectively, and the Odd Fellows, and it is expected, before long, that the Pythian order will be added to the list. This latter organization is now making arrangements for the erection of a castle hall at Twelfth and Alice streets.

The subject of a building, which was formerly considered with a great deal of interest by the A. O. U. W. lodges, and which was temporarily set aside by the selection of a union hall at Fourteenth street and Broadway, has been revived, and it is likely that before long steps will be taken to carry the cherished idea of the order into effect.

It is also understood that the Foresters, having no desire to remain in the background, are considering the feasibility of erecting a permanent structure in which all the lodges of the order in Oakland may meet and in which also all their entertainments may be held and their banquets spread.

Another gratifying evidence of the lively character of the times in the fraternal world is the revival which is about to be inaugurated in the Order of Red Men. This society has made considerable progress during the past year in this county, and hopes soon to establish another tribe in this city at Twenty-third avenue.

United Workmen.

The executive committee of the Supreme Lodge Press Committee, A. O. U. W., has issued an address to the members of the order in this State congratulating them upon the adoption of the new classified plan of assessments and expressing confidence that the success of the order in this jurisdiction for the future is secured.

OAK LEAF LODGE.

Oak Leaf Lodge, No. 35, A. O. U. W., at its last meeting, was presided over by Past Master Macdonald in the absence of Master Workman Dunton.

Two new members were initiated. Three applications for membership were received.

Past Master Marston of Pacific Lodge delivered the lecture during the screen work with his customary ability and eloquence.

Past Master McAlister performed the initiatory ceremonies, ably assisted by Past Masters Cogan, Preston, Havens, Hall and McCracken.

The nomination of officers was begun and will be continued next Monday evening.

Some very important amendments to the by-laws were introduced and will be acted on after next reading.

The master workman requested that as many members as possible be present at the next reading of the amendments proposed, as they were of the greatest importance to the lodge.

Past Master Workman Preston stated that at the next meeting his last visit to the lodge will be made for some months, as he intends to reside in Montana until the middle of next year. This announcement was received with much regret, as Brother Preston is one of the most zealous workers in the interests of the A. O. U. W.

Remarks were made by Past Master Workmen Marston, Tucker, Harris, Havens, Hall, Colquohoun, Isaacs and Lelmert.

Grand Recorder D. S. Hirshberg was absent, as he had gone to Port Costa to help inaugurate a new lodge of the A. O. U. W.

KEYSTONE LODGE.

Keystone Lodge's meeting was largely attended on Tuesday evening.

Two applications for the first degree were received, making twelve since July 1, 1896.

Many visiting members were in attendance, among them being Dr. Tucker, Dr. Phipps and Brother Dade.

Interesting remarks were made by Brothers A. T. Dewey, A. Jacobs and Eugene Lynch.

Nominations of officers for the ensuing term were in order. A spirited contest for some of these offices is already manifested.

Members who are interested in the election of officers should make it a point to be in attendance for the next two weeks.

PACIFIC LODGE.

The regular meeting of Pacific Lodge, No. 7, takes place this evening at A. O. U. W. Hall, 1168 Broadway.

The drill team of this lodge has been invited to go out to Temple Lodge, No. 11, at Temescal, next Monday evening, to give both degrees.

TEMPLE LODGE.

Temple Lodge members have been working hard and have a number of candidates to initiate on Monday evening, and several applications in prospect, most of them being under 30 years of age.

The members of the team deserve great credit for the work they are doing in assisting the lodges in the initiatory work. They have several engagements ahead, as follows: Temple Lodge, No. 11, on the 16th; Hercules Lodge of San Francisco on the 20th inst.; California Lodge, No. 1, on the 24th, and on the 12th of December they go to San Jose by invitation of Mt. Hamilton and Enterprise Lodges.

These two lodges have promised a number of candidates for the occasion, and the team will give the amplified rank in full.

The grand master is anxious to organize a team in San Jose, and has hopes of doing so after the visit of Pacific team.

CENTRAL LODGE.

Central Lodge, No. 251, will be visited by the grand medical examiner and other grand officers next Monday evening.

Red Men.

That Redmanship is assuming proportions in this vicinity is evidenced by the unusual activity of the local tribes and the fact that a new tribe is to be instituted at Twenty-third avenue on Saturday evening next. All Red Men of this reservation are cordially invited to be present. The name and number of the new tribe have not been announced.

Tecumseh Tribe No. 62 on Monday evening last adopted three pale faces and conferred the Warrior's degree on one applicant. Degrees will be conferred by this tribe on Monday evening next.

Gray Eagle Tribe No. 65 will on next Wednesday evening confer the Chief's degree at its wigwam in California Hall, Clay street.

Pottowattomie Tribe No. 84 of Haywards will confer the Chief's degree on several applicants tomorrow evening.

Pawnee Tribe No. 67 will raise up a Sagamore this evening and have a degree drill.

Comanche Tribe No. 79 of Elmhurst was last evening visited by Great Junior Sagamore Collins. An adoption of pale faces took place and corn and venison was partaken of.

Masonic.

There is an organization in San Francisco known as the Masonic Cemetery Association. Under the auspices of this society many deceased Masons, former residents of this city have been interred in the cemetery under the management of the concern.

This society has recently received considerable attention at the hands of members of the Masonic order across the bay. Its finances and the manner in which they have been managed have provoked some criticism. On this subject the recent grand lodge was memorialized. The preamble of the memorial, after referring to the fact that the association in question uses the word "Masonic" in the title, proceeds as follows:

"Such corporation has in its treasury such a sum of money $(36,312.97, also stocks bonds and notes of the value of $45,000, the same being surplus or net income; also various tracts of land) that it could without injury to itself, donate a part of such surplus or net income to the Masonic Widows' and Orphans' Home, and to the board of relief of this Grand Lodge, and thereby comply with the laws of this State under which it is incorporated. We believe that no corporation in this State, private or otherwise, should be allowed to use the word 'Masonic,' thereby appearing before the world as a Masonic institution, without being under the jurisdiction of this Grand Lodge.'

A resolution was then suggested in effect that "no person, association or corporation be permitted or allowed to use in his or its business or commercial affairs any name or symbol indicative of Masonry or Masonic jurisdiction unless such person, association or corporation be under the control and jurisdiction of this Grand Lodge, and that the most worshipful grand master do take such proper steps, legal and otherwise, to carry out the purpose and object of this resolution."

A great deal of interest was displayed in the move, but the Grand Lodge decided, for this year at least, to not interfere in the affairs of the Cemetery Association.

The matter, however, will not rest here and it is expected before long will be brought into the courts for settlement.

Order of Eastern Star.

The worthy grand matron of the order of Eastern Star has appointed the grand officers whose selection depends upon her and among them is the Grand Electa Mrs. Mary Litler of Unity Chapter, O. E. S. No. 65, of this city.

Odd Fellows.

Last Monday night Sycamore lodge No. 129, I. O. O. F., of Haywards, celebrated the thirtieth anniversary of its organization at its lodge rooms, and the event will be long remembered by all the members of the order who were in attendance.

The lodge is one of the oldest in the State and has always had a fine roll of members and a uniformly successful career.

Sycamore lodge was organized in 1866. It had a fair-sized list of charter members, among them being William Roberts, William Meek, William Blackwood, William Knox and A. L. Fuller. Of these only two, Messrs. Roberts and Fuller, survive. The list of members now comprises about 130 zealous Odd Fellows.

Sycamore lodge owns its hall and a fine display of paraphernalia.

The features of the programme were as follows:

A piano solo by Mrs. Vera Meininger, address by Charles N. Fox, vocal solo by Miss E. Lynch, address by William Roberts, vocal duet by Miss O. Allen and Miss A. Obermuller, address by W. H. L. Barnes, piano solo by Mrs. T. P. Cooper, vocal solo by J. W. Kersey, vocal solo by J. Dean.

The present officers of the lodge are as follows: S. Madsen, Past District Grand Patriarch; William M. Greenwell, Noble Grand; J. D. Smalley, Vice-Grand; H. E. Brunner, Secretary; C. Christensen, Recording Secretary; F. W. Trathen, Warden; H. P. Jessen, Conductor.

Woodmen of the World.

Tomorrow evening there will be a reunion in Centerville of members of the order of Woodmen of the World of this county, at which it is expected several hundred Woodmen will be in attendance. Oakland Camp of this city which is the largest and strongest camp of the order in this county, will send seventy-five members to the gathering in a body. Maple Camp of Centerville will act as host and is now making elaborate preparations for the occasion.

On the 23d of this month Oakland Camp will hold its annual election of officers and on the 30th it will have its annual entertainment, which is known as "Autumn Leaves."

Knights of Pythias.

Oakland lodge No. 108, at its convention last Friday night, received the report of the two committees of investigation on the application of Strangers Cotten and Bell. The applicants were balloted for and elected. Aided by its excellent team, the lodge then conferred the Knight rank in amplified form on Esquire M. A. Carlson. The new and unique drill designed by Captain B. D. Gans, was executed for the first time in a manner which was commendable to both the team and its captain. Special credit was accorded to the armored guards and attendants, led by Standard-bearers Prouse and Robert, for the precise manner in which they performed their many evolutions.

The music for the occasion which was furnished by Professors Bonham, Bernstein and Sanders, was up to date. It was announced that Stranger Cotten was in waiting to receive the Page rank, and the lodge opened in that rank and the applicant was introduced and initiated into the mysteries of that impressive work. As usual, many visitors were present, and under the head of "Good of the Order" considerable oratory was displayed by Brothers Rouse of San Jose lodge; Wakefield of Pride of Butte lodge; Langreidge of Riverside, and Shriner of Bay City lodge.

Tomorrow night the Page rank will be conferred on Stranger Bell. Sojourning members of the order are cordially invited to be present.

Rathbone Sisters.

Calanthe Temple, order Rathbone Sisters, at its last meeting, initiated three applicants.

Degree of Honor.

Ivy Lodge, No. 4, Degree of Honor, A. O. U. W., had a very large attendance at its meeting Wednesday evening.

One new member was balloted for and elected. Several new members will be initiated at the next meeting.

The Dramatic Committee reported progress.

The engrossed resolutions to be presented to Grand Lady of Honor Mrs. Mayon were accepted, and the Committee on Resolutions of Condolence was appointed to call on and present them to the bereaved sister.

Recorder Sister Bradley stated that she had sent invitations to Silver Star, Dawn of Hope and Minerva Lodges, Degree of Honor to be present next Wednesday evening at the reception to be given by Ivy Lodge to the Grand Chief of Honor, Mrs. Masters.

Past Chief of Honor Mrs. Ingler, chairman of the Special Committee on Entertainment, requested all those who so desired to bring their contributions of cakes, delicacies and flowers Wednesday afternoon to the hall, as some of the committee will then be present to receive them.

Grand Usher Sister Lewis was present and made a few pleasant remarks.

Brother A. A. Wood, who is down from Placerville, at the miners' meeting called to see his old friends of Ivy Lodge, and in his usual happy manner told how he and Past Chief of Honor Sister Wood are enjoying themselves in that far away, but pretty little town.

The lodge adjourned early, in order to give the military sisters a chance to go through their intricate evolutions, with which they soon intend to surprise the lodge.

Nomination of officers will take place next Wednesday evening. The election will occur the first Wednesday in December.

In all probability Ivy Lodge drill team will assist in the exemplification of the initiatory work before the grand chief of honor next Wednesday evening.

Young Men's Institute.

Oakland Council, No. 6, will hold its next regular meeting next Tuesday evening, on which occasion the "Rights" will have the floor. Brother George Brown, who is captain of the "Rights," promises a good programme for the evening, and it is hoped all members will be present.

Catholic Ladies' Aid Society.

The Catholic Ladies' Aid Society will hold its regular meeting Monday evening, November 10th, at Y. M. I. Hall, 1068 Broadway.

Sons of St. George.

Albion Lodge, Sons of St. George, gave one of its well known stag parties on the 12th inst.

About 400 guests enjoyed the bounteous refreshments provided in this lodge's usual custom.

The following programme was rendered: Overture, piano, violin and cornet; Albion Quartette, song; H. Baker, song; G. A. Hall, song; three round boxing match between C. Tye and N. Smith of the Acme Club; club swinging, C. Stamberg; wrestling match, Messrs. Collier and Turner, Acme Club; boxing, three rounds, Kirchener and Macnamara, Acme Club; violin solo, M. M. Sercherer; Mr. Howden, song; orchestra, overture; C. L. Trow, song; Parker, song; Mr. Gray, recitation; J. Healy, recitation; Hugh Cress, song.

DENIES EVERY POINT.

Aleck Rosborough Replies on the Whidden Matter.

A New Point Raised as Regards Expert R. K. Snow's Report.

Ex-County Tax Collector Rosborough has made the following reply to the specific demand on him in the proceedings now in progress to decide formalities in connection with the dispute over the funds of the Tax Collector's office. As far as Mr. Rosborough is concerned the matter is simply to decide whether or not County Auditor Whidden was his agent:

OAKLAND, Cal., Nov. 9, 1896.

To M. A. Whidden, Auditor of the County of Alameda, State of California, and to Chas. E. Snook, District Attorney of the County of Alameda, State of California—Gentlemen: I have had served upon me a demand for moneys which were not collected or receipted for by me, by my deputy or by my or his authority, and I herewith make answer.

I deny that any amount or amounts of $691.10 was collected by me or by my deputy or by my or his authority, between the first Monday of October, 1894, and the first Monday of January, 1895, as and for State and county taxes which was not accounted for by me according to law.

With regard to tax statement marked Exhibit "A" I deny that same is a statement showing the amount or any amount of State and county taxes collected by me not properly accounted for.

I deny that I have in any way failed, neglected or refused to pay to the Treasurer and into the Treasury of Alameda County, State of California, any and all amounts collected by me or by my deputy or those authorized by him or me to collect, between aforesaid dates.

Specifically, I deny that tax bill No. 307, George Schmidt, in Berkeley assessment roll, first or second installment, was collected by me or by my deputy, F. B. English; or by any one authorized by me or by him to do so.

I deny that I signed said bill or that my deputy signed said bill or that I or he authorized the signing of said bill.

I deny that said bill is properly signed.

I deny that the money, the amount of said bill, was paid to me or to my deputy or to any one authorized by me or him to receipt for same.

I deny that the amount of said bill or said bill was paid at the cash windows, and I deny that any money was paid and receipted for in any place other than the cash department, and then only to certain clerks authorized by me or my deputy to receipt for same.

I deny that said money was so paid.

I deny that said bill was properly receipted.

I deny that any other than a specially designated stamp was used for the receipting of tax bills, except in exceptional cases, and I deny that the case here referred to was an exceptional case.

I deny that there was any necessity for any delay in receipting and delivering said bill if properly and regularly paid.

I deny that the county tax rolls of Alameda County showed this bill to be paid when the rolls were turned over by me to my successor.

I deny that said rolls were stamped "paid" by me or by my deputy for this aforesaid bill or by my or his authority.

I deny that the stamp used in marking said assessment "paid" is the stamp specially designated by me for that purpose.

I deny that any other than said specially designated stamp was authorized by me or my deputy.

I deny that whoever made or placed any stamp other than that designated by me on said assessment of said assessment roll was authorized by me or by my deputy to do so.

I make the same general and specific denial regarding each of the following assessments as per exhibit "A."

In Berkeley roll No. 1 of the assessment rolls of Alameda County aforesaid, assessments Nos. 401, 432, 427, 624, 831, 892, 1310.

In Berkeley roll No. 2, assessment Nos. 2210, 2215, 2241, 2248, 2466, 2631, 2633, 2932.

In Haywards, No. 2, assessment Nos. 8, 12, 31, 72.

In San Leandro, assessment No. 405.

In Washington Township, assessment Nos. 194, 612, 1329.

In Eden Township, assessment 205.

In Oakland City, Vol. 2, assessment 2038, Vol. 5, assessment 7700, Vol. 6, assessment 11,546.

In Oakland Township, assessment 3978.

I make the further and general and specific denial with regard to assessment 1482, 1483 of Oakland City, and assessment 194 of Washington Township.

I deny that any aggregate amount of $483.27 was collected or receipted for by me or my deputy, or by any one authorized by me or him to do so, between aforesaid dates which was not properly accounted for according to law.

Regarding the attached general statement following exhibit "A," and deducting from same the $483.37, already referred to, I deny that this balance of $107.83 is owing from me.

No specific demand was made for same but I hereby deny that the same was collected by me or my deputy, or any one authorized by him or me to do so.

If, however, it can be shown in any reasonable manner that said, or any other amount is due from me, which has been properly received and receipted for and which through any clerical error on my part or on the part of my deputy, or any one authorized by him or me, has not been properly accounted for, I am ready as I always have been to account for same, but allow me to call your attention to the following facts:

Mr. R. K. Snow, expert, made a list of all unpaid taxes at the time the rolls were turned over by me to my successor, and deducted the total amount of said list from the total amount of the assessment as furnished by the Auditor, and compared this balance with the total amount of money turned over by me.

It apparently did not balance by some ninety odd dollars.

Suppose Mr. Snow to have taken off a list of everything marked paid, or the total amount collected by me and that by deducting this amount from the total assessment as furnished by the Auditor, the same difference appeared, as apparently due from my successor, then most certainly such amount of ninety odd dollars would not be due from me, would not be due from my successor, but is a clerical error in the extension of the tax rolls themselves.

Now, I am prepared to show that clerical errors do exist in the extension of the assessment rolls, to what extent I do not know.

I believe the expert and clerks in my office were as competent and accurate as it is possible for man to be, and I offer the refiguring of the tax stubs of Nov. 20th to prove this fact.

I further beg to call your attention to the fact that although the expert finds a difference of ninety odd dollars by figuring one way and presumes this to be either due from me or a mistake in the rolls, nevertheless, in his last report on my stubs, he makes the county owe me (after correcting his additions for Nov. 20th my footings for that date proving correct) the sum of $377.40. Will this be refunded I ask?

I do not ask for it. It has been my endeavor to employ only competent men, and I believe they were exceptionally so. I believe my footings correct. I will stand on them.

Requesting a speedy determination of this matter, I remain respectfully,

ALEX J. ROSBOROUGH.

THE GREATEST SCIENCE.

Do you know how LITTLE you really KNOW about the science of life insurance? If you do you are a wise man. If you are an attorney and have an intelligent conception of the science of life insurance, I shall be pleased to make your acquaintance. You will be the first lawyer I have ever met who has more than a smattering of knowledge on this subject, and "a little learning is a dangerous thing" for your clients. If you are a physician, you may understand the law that governs "mortality." This would be expected. But you must understand more than that to have even a faint glimpse of insurance. It is one of the "pillars." If you are a banker, you may understand something of the law of finance. You may understand this thoroughly, and yet be entirely ignorant of the just value of a given contract. If you are a banker and have a good understanding of insurance, I shall be glad to meet you. I have not met a banker who had an intelligent conception of a life insurance contract.

Why is this? Because the science of life insurance is greater than the science of law. It is greater than the science of medicine. (Sir Astley Cooper declares the science of surgery to be the science of butchery.) It is greater than the science of banking. And just as long as it remains true "that the sum of the whole is equal to the sum of all its parts" just so long will scientific insurance form a study that is deeper and wider than any of the parts of which it is composed. The Mutual Life of New York is the largest financial institution on the globe, placing the Bank of England with its multi-millions in the shade. The Oakland office is at 962 Broadway.
